**Minutes of the regular meeting of the Georgetown Township Planning Commission, held
Wednesday, March 16, 2016**

Meeting called to order by Chairman Honderd at 7:30 p.m.

Present: Greg Honderd, Richard VanderKlok, Steve Hall, Don Hebler, Donna Ferguson, Tim Smit, Jeannine Bolhouse

Absent: None

Also present: Mannette Minier, Zoning Administrator

#160316-01 – Agenda for March 16, 2016

Moved by Richard VanderKlok, seconded by Steve Hall, to approve the agenda as submitted.

MOTION CARRIED UNANIMOUSLY.

#160316-02 – Minutes of the regular March 2, 2016 meeting

Moved by Richard VanderKlok, seconded by Tim Smit, to approve the minutes as presented.

MOTION CARRIED UNANIMOUSLY.

#160316-03 – Preliminary Plat of Alward Estates West No. 2, P.P. # 70-14-20-300-093, and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan.

Rob Berends, Exxel Engineering, represented the applicant and presented the request.

The Zoning Administrator presented a staff [report](#).

The chairperson opened the public hearing. Don McCloskey, 3540 Baldwin, made public comments. The chairman closed the public hearing.

Moved by Richard VanderKlok, seconded by Tim Smit, to adopt the staff report as finding of fact, to approve the site plan and to recommend to the Township Board to grant a variance for the length of the temporary cul de sac to be 1180 lineal feet, a variance of 380 lineal feet from the maximum of 800 feet allowed and to grant tentative preliminary plat approval of the Preliminary Plat of Alward Estates West No. 2, P.P. # 70-14-20-300-093 and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan, as shown on the [drawing dated 1-29-16](#), on the basis that Township ordinances have been met with the following conditions:

- a. Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted.
- b. Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
- c. All fees, including deferred assessments, shall be paid prior to the issuance of any building permits.

MOTION CARRIED UNANIMOUSLY.

Greg Honderd commended the developer for working with the school for the connecting sidewalk.

#160316-04 – REVISED Preliminary Plat of Bauer Ridge, P.P. # 70-14-08-400-025, located at 3358 Bauer Rd., Georgetown Township, Ottawa County, Michigan.

Dave Henko, Feenstra & Associates Inc., represented the applicant and presented the request.

The Zoning Administrator presented a [staff report](#).

Tim Smit noted that they had changed the dead end and was concerned about the small lots.

Greg Honderd noted that all the lots met the minimum ordinance standards and he asked about the stub to the west.

Dave Henko said that the sewer came from Bauer Rd.

Don Hebler asked what the applicant meant about moving 5 lots for the Road Commission.

Dave Henko explained that the Road Commission wanted the stub street to connect to the south which resulted in the elimination of the lots with the ravines and trees.

As a result of a question about Road Commission approval, Greg Honderd noted that after the developer obtained preliminary plat approval from the Township, they would seek approval from the Road and Drain Commissions, though they normally had prior knowledge from those agencies. He said that if the Road Commission did not approve the plat, the developer would have to come back to the Township for approvals for any revisions.

The chairperson opened the public hearing.

Don McCloskey, 3540 Baldwin, made public comment about the size of the lots and the inability of some to have accessory structures.

Greg Honderd said that the layout meets minimum ordinance standards and the developer designed the layout to take advantage of the features of the land.

Phil Kramer, 8200 36th Ave., asked about sewer.

Greg Honderd said that all the lots would be served by sanitary sewer and that he should check with the Department of Public Works for more information about sewer.

The chairman closed the public hearing.

Moved by Richard VanderKlok, seconded by Don Hebler, to remove the item from the table.

MOTION CARRIED UNANIMOUSLY.

Moved by Richard VanderKlok, seconded by Don Hebler, to adopt the staff report as findings of fact, to approve the site plan, and to recommend to the Township Board to grant tentative preliminary plat approval of the overall layout and phase 1 of the Preliminary Plat of Bauer Ridge, P.P. # 70-14-08-400-025, located at 3358 Bauer Rd., Georgetown Township, Ottawa County, Michigan, as shown on the [drawing dated February 09, 2016](#), and

To recommend to the Township Board to grant a variance of 333 feet for the 1,133 lineal foot length of the road because it exceed the maximum of 800 feet for a cul-de-sac in Sec. 50-51 in the Code of Ordinances (with the authority given to the Board in Sec. 50-52),

- a. Based on the findings that if the Township Board approves the variance for the cul-de-sac length, the applicable standards of the ordinance will be met.
- b. The conditions of approval are recommended as follows:
 - 1) Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted. Many lots have small buildable areas with small or no available rear yards for accessory structures and uses. Many are affected by drainage and floodway easements, detention ponds, and wetlands. These situations are noted to be self-created by the developer and would not, therefore, qualify to meet the standard in the ordinance regarding self-created situations should any time in the future a variance be requested based on those circumstances (including the location of accessory uses and structures since many rear yards are not buildable).
 - 2) Lots 1 and 20 are required to have front yard setbacks on Bauer Rd. Therefore, the front yard setback for lots 1 and 20 is 100 feet (40 feet measured from a point 60 feet from the center of Bauer Rd.), as shown on the additional sketch provided by the applicant.
 - 3) Lots 30 and 33 have very small building envelopes. Examples have been provided that the minimum size house would fit on the lots. These situations are noted to be self-created by the developer and would not, therefore, qualify to meet the standard in the ordinance regarding self-created situations should any time in the future a variance be requested for a larger house to be placed on these lots based on those circumstances.
 - 4) Although a lot line is shown to the south of lot 22 and the north of the detention pond, a note on the plan states that the detention pond shall be owned by lot 22. Therefore, **the detention pond property shall be shown as part of the parcel of lot 22.**
 - 5) Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
 - 6) Lots 1 and 20 shall not have access to Bauer Rd.
 - 7) As noted on the plan, the developer shall construct sidewalks adjacent to Bauer Rd. and the detention pond on lot 22 at the time the plat is constructed.
 - 8) An association shall maintain the parkway along Bauer Rd.
 - 9) All fees, including deferred assessments, shall be paid prior to the issuance of any building permits, including the deferred assessment of \$8,280.

Don Hebler stated that it is important that the developer inform the buyers of the unique circumstances that affect many of the opportunities for lots to have accessory buildings and uses.

Greg Honderd said that the Planning Commission is doing its part to put that in the minutes.

MOTION CARRIED UNANIMOUSLY.

#160316-05 – Zoning Ordinance Amendments

The Zoning Administrator presented a [staff report](#).

The chairperson opened the public hearing. Don McCloskey, 3540 Baldwin, commented about the storage and parking of recreational vehicles as stipulated in Sec. 3.17 and asked to change May to April and to eliminate the five days. The chairman closed the public hearing.

The zoning administrator stated that the ordinance revision had come at the request of the Code Enforcement Officer who proposed the changes to be less restrictive for the summer months between May 1 and October 31.

Richard VanderKlok said that he had spoken with the Code Enforcement Officer about this section and that this was a concession to residents by making the language more lenient. He said that he was inclined to keep the language as proposed.

Donna Ferguson said that it was best to leave the language as proposed for those who don't have RVs and want the restrictions. She said that she would not want her neighbor to leave their recreational vehicle in their driveway for a month.

Moved by Richard VanderKlok, seconded by Tim Smit, to recommend to the Township Board to approve the following resolution:

Ordinance 2016-02 (REZ1601):

GEORGETOWN CHARTER TOWNSHIP
OTTAWA County, Michigan
(Ordinance No. 2016-02)

At a regular meeting of the Township Board for the Charter Township of Georgetown, held at the Township Offices on _____, 2016, the following Ordinance/ordinance amendment was offered for adoption by Township Board Member _____, and was seconded by Township Board Member _____:

AN ORDINANCE TO AMEND THE GEORGETOWN CHARTER TOWNSHIP ZONING
ORDINANCE FOR COMMERCIAL AND INDUSTRIAL USES

THE CHARTER TOWNSHIP OF GEORGETOWN (the "Township") ORDAINS:

Article I. The Georgetown Charter Township Zoning Ordinance, as amended, is to read as follows:

1. **Sec. 3.4 ACCESSORY BUILDING AND USES.**

- (Q) The keeping of chickens is permitted as an accessory use if all of the following are met. (revised 6/22/2015)
 - (2) No more than (6) six chickens may be kept on any parcel of land ~~and~~. **Chickens that crow and** roosters shall not be permitted.

2. **Sec. 3.11 GREENBELTS AND PROTECTIVE SCREENING.**

- (B) Streetscapes.
 - (3) The streetscape shall contain one (1) tree for each twenty-five feet of frontage or fraction thereof, measured along **each individual the street right-of-way line (not totaling the frontage of multiple street lines for the calculation)**, including driveway openings. Up to one-third (1/3) of the required trees may be evergreens (unless the approving authority as designed in Chapter 19 finds that a larger percentage of evergreens will provide better screening or better enhance the aesthetics of the community). The remainder shall be deciduous canopy or ornamental trees.

3. **Sec. 3.17 OUTDOOR STORAGE IN RESIDENTIAL DISTRICTS.**

The outdoor storage or parking of recreational vehicles shall be prohibited in all residential districts, unless the following minimum conditions are met:

(A) All such vehicles shall be placed within a completely enclosed building or located behind the front face of the principal building. No vehicle shall be stored in the side yard of a corner lot which abuts a street. (revised 6-25-2001) In the rear yard of a corner lot such vehicles shall not project beyond the side of the building on the street side. **Except from May 1 through October 31, subject to compliance with all other ordinance standards, a recreational vehicle may be stored, kept or parked for a period no longer than five (5) consecutive days on a hard surface driveway. Any RV stored for a period of 5 days must be removed for a minimum of 48 hours prior to additional storage or parking.**

4. **Sec. 7.3 USES REQUIRING SPECIAL LAND USE APPROVAL.**

The following uses may be permitted by obtaining Special Land Use Approval when all applicable standards as cited in Chapter XX are met.

(C) Customary Agricultural Operations including general farming, truck farming, fruit orchards, nurseries, greenhouses and usual buildings subject to the following restrictions:

(3) Farm animals are permitted as follows:

b. on parcels of land in excess of five (5) acres, the **Township Board Planning Commission** may waive the limitation on the number of animals, provided it is determined that due to the size of the parcel, natural features, or other similar conditions there will be no negative impact upon the neighboring property owners.

5. **Sec. 19.2 REGULATION.**

(A) In accordance with the provisions of this Chapter, the Planning Commission, designated as the approving authority for review and approval of site plans as listed below, shall be furnished a Site Plan of the proposed development prior to the creation of a use or the erection of a building in the Districts and conditions cited below:

~~(A)~~ (1) Special Land Uses in all zoning districts. In addition, the requirements of Chapter 20 and the applicable standards of Sec. 20.4 shall be met.

~~(B)~~ (2) Permitted Uses in the following districts, except as noted in Section 19.3:

~~(1)~~ (a) MHP Residential

~~(2)~~ (b) PUD Planned Unit Development

~~(C)~~ (3) Site condominiums in any district.

~~(D)~~ (4) Any site plan with the Zoning Administrator as the approving authority when the applicant requests review by the Planning Commission.

(B) In accordance with the provisions of this Chapter, the Zoning Administrator or designee, designated as the approving authority for review and approval of site plans as listed below, shall be furnished a Site Plan of the proposed development prior to the creation of a use or the erection of a building in the Districts and conditions cited below:

~~(A)~~ (1) Permitted Uses in the following districts, except as noted in Section 19.3:

~~(1)~~(a) MHR Residential

~~(2)~~ (b) HDR Residential

~~(3)~~ (c) OS Commercial

~~(4)~~ (d) NS Commercial

~~(5)~~ (e) CS Commercial

~~(6)~~ (f) HS Commercial

~~(7)~~ (g) I Industrial

- (B) (2) _____ All site plan submission requirements in the Zoning Ordinance, other than those listed in this section, which do not stipulate an approving authority.

6. ~~DRIVE-IN~~ DRIVE-THROUGH

Sec. 2.28 ~~DRIVE-IN~~ DRIVE-THROUGH ESTABLISHMENT.

A commercial establishment whose retail/service character is significantly dependent on providing a driveway approach and service windows or facilities for vehicles in order to serve patrons while in or momentarily stepped away from the vehicle. Examples of drive-in drive-through establishments include banks, cleaners, and restaurants. Vehicle service stations are not included in this definition.

Sec. 13.2 PERMITTED USES.

Chapter 4 - MAPPED DISTRICTS

Sec. 4.2 THE ZONING MAP.

The locations and boundaries of these descriptions are hereby established on a map entitled "Georgetown Charter Township Zoning Map" which is hereby adopted and declared to be a part of this Ordinance.

(A) Regardless of the existence of copies of the zoning map which may be made or published, the official Zoning Map shall be located in the office of the Zoning Administrator and shall be the final authority

as to the current zoning status in the Township. No amendment to this Ordinance which involves matter portrayed on the official Zoning Map shall become effective until such change and entry has been made on said map.

(B) The Official Zoning Map shall be identified by the signature of the Zoning Administrator, attested to by the Township Clerk.

(C) A record is to be kept by the Zoning Administrator of all changes made or required to be made to the Official Zoning Map. The Official Zoning Map is to be kept up to date, accessible to the general public, and shall be the final authority as to the current Zoning District status of all land and buildings in Georgetown Township which are subject to the provisions of this Ordinance.

(D) The following standards will be considered by the Planning Commission and Township Board in the review of a rezoning request:

(1) Consistency – is the proposed zoning district and all of its allowed uses consistent with the Master Plan.

(2) Compatibility – is the proposed zoning district and all of its allowed uses compatible with the surrounding area.

(3) Capability – is the property capable, including utilities and infrastructure, of being used for all the uses that would be allowed.

Article II. Except as specified above, the balance of the Georgetown Charter Township Zoning Ordinance, as amended, shall remain unchanged and in full force and effect.

Article III. Severability. In the event that any one or more sections, provisions, phrases, or words of this Ordinance/ordinance amendment shall be found to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the validity or the enforceability of the remaining sections, provisions, phrases, or other words of this Ordinance/ordinance amendment, and the balance of this Ordinance/ordinance amendment shall remain unchanged and in full force and effect.

Article IV. Effective Date. This Ordinance/ordinance amendment shall become effective upon the expiration of seven (7) days after the date this Ordinance/ordinance amendment or a summary thereof appears in the newspaper as provided by law.

The vote in favor of this ordinance/ordinance amendment was as follows:

Present: Ken Williams, Yvonne Williams, Ruth Lowing, Nellie DeLaat, Liz Timmer, Gene Kort, Ronnie Aungst, Linda Droog, Mary Raper, Mike Timmer, Carol Dille, Ron Villerius, Barb Semeyn.

Association /Museum Business

Approve Agenda: Motioned and supported to approve as presented. Carried.

Review January Minutes: Motion made by Mike, seconded by Ruth to accept as written. Carried.

Treasurer's Report: Ronnie and Mike motioned to approve as written. Carried.

Historian/Curator's Report:

- Timeline Update: Ken shared a mockup of the timeline with pictures and events.
- Book Inventory: Ralph and Mary Hodgkinson have completed work on monetary value of our books in the back parlor bookcase.
- Kara Schelhaas, great granddaughter of the Besteman family called with interest in what information we might have on them. Nothing of significance was found.
- Ken shared a picture of the Jenison General Store when the front porch was removed to facilitate lowering of the entire store by 3 feet and the porch and steps were then put back on. (Thanks to Mike's research after the meeting, this was done in 1953. The Jenison Food Market opened in May of 1953 in the former L&L Jenison store.)
- Ken shared a 1947 Diary of Florence L. Johnson who was a friend and maid for Bessy Hatchett at 125 College. This is being donated by Mike and Virginia Timmer.
- Future Display Ideas: 1956 Tornado, Fanning Mill to the attic, would like to do a systematic photo room by room inventory and also work on photos of current and past commercial, residential and township buildings.

Township Representative's Report: Ron shared some pictures of the new Senior Center Building on 8th Ave. It is scheduled for completion in the spring as well as Rosewood Park improvements. DeWitt station on the corner of Baldwin and Cottonwood will be coming down by 2018 to make room for planned 5 lane road on Cottonwood from Bauer to Baldwin. Bike/walking path around 8th Ave Lake is in for upgrades as well as a new path planned for Maplewood Park. K-mart property still in the hands of the developers, the old Hobby Lobby site is now opened as Rebounderz (indoor recreation of trampolines and games.) Chicago Dr. street scape has been approved from Main St to Cottonwood turnaround as well as the Veteran's Plaza has been approved for the 200 Baldwin site.

Acquisitions Report: Barb only has the diary to check in.

Maintenance Report: Allied Roofing has been hired and will be repairing front porch flashing

Master Plan Report:

- Timeline: See Historian's report
- Inventory: Ruth and Sandy continue to work on this
- Clear coat Basement: Mike is waiting for warmer weather to start.

Association Sponsored Events: Discussion was held on the Memorial Day Parade. It was suggested that we find an old car and put banners on sides. Ron V. will check on a car.

May Meeting Format: Ken and Gene plan to do a presentation/slide show on the 'Turn of the Century-Jenison.' It's planned for May 19 at the Rosewood Church Youth Bldg. Still in question is a June 16 meeting possibly at the Senior Center.

March & April Open House: Liz reviewed and changed several of the History Mystery questions. We will have them printed up and ready for the open houses. Plan to have a monthly drawing for those that participate.

Name Badges: After some discussion, motion was made by Linda and seconded by Ruth to order new name badges through Liz's daughter for all the docents and several with 'volunteer' printed on them. They are to be gold with black lettering with magnetic clips. Cost for bulk rate is \$10/each. Carried.

Newsletter: Yvonne has written an article about the Lumber Barons of Jenison which will be used in the next Newsletter and Mary Raper has volunteered to work on researching and writing an article on another Jenison resident. Ken wrote a very nice article on 'Focus on Your Museum' which was featured in this month's Member News. He highlighted many former association members and their contributions. Ruth is still looking for someone willing to take it over.

History Roundtable: Yvonne shared the dates to the next meeting at GVSU Library on March 24. You can contact the Koetje Office at the college for registration information. Mary Raper will try to attend.

Grand Rapids Public Museum Fashion Show and Tea: 4 monthly dates were shared. Yvonne and Ronnie have signed up for the April 7 tea.

Old Printer: After receiving a new donation, the old printer was offered to anyone who was interested. Consensus was to recycle it.

Meeting adjourned.

JHA FOOTNOTES

JHA Update

Your historical association has been busy this winter working on inventory at the museum, and upcoming open house projects.

This spring, we have a new, more interactive open house schedule with our 'History Mystery' We hope you can come to the March and/or April Open House and try your hand solving the mystery. If you come to both, the chances of getting the same mystery questions is unlikely. We hope you will come, try your chance at a gift and come back again in April.

We are also getting ready for our "When and wear" coming in May where we will be highlighting some of the vintage clothing in our collection.

Lumber Barons of West Michigan

By Yvonne Williams

In the year 1835 Michigan was considered a territory in the far west. The population of the wilderness territory was around 90,000 people and much of the area was covered with large stands of white pine trees. A family living in Canton New York heard about Michigan and decided to move there. That family was the Lemuel Jenison family.

The Jenisons were well known in Canton area and had been a very wealthy. Because of his wealth, the father, Lemuel, loaned money to people in the area. As a result of many loan defaults, the fortune soon dwindled. With the rumors of Michigan being 'El Dorado' reaching people in the East, the family sent the oldest son to Michigan to check things out. After finding his way to Michigan and looking over the area, he reported that it was a place of opportunity for lumbering.

Lemuel and Sara Jenison soon traveled to Michigan with their seven children. Their son Hiram was 23 years old and of great help to their father. The other two sons were 12 year old twins Luman and Lucius. The remaining siblings were daughters Harriet, Altha, Annie and Betsy. The Jenison family first settled in the Wyoming Township area for two years and then moved to Georgetown Township to begin clearing 120 acres of land for their homestead and lumbering business.

Lemuel met with tragedy on September 24, 1837 as he was clearing the land around his new homestead. A tree limb fell on him and he did not survive. The sons pitched in to support the family by lumbering even though they were very young. Just two years later, their mother also died so the girls took over the running of the household.

The lumbering business was very successful. The trees were cut and the lumber sent down the Grand River for shipment to Chicago and other areas. In fact, Luman Jenison was the one to ride their first raft load of lumber down the river at age 16.

There were two sawmills on Rush Creek that were operated by the Jenisons in their early years

of logging. The first year they cut 1,000,000 board feet of lumber and later cut up to 4,000,000 board feet of lumber in a season. (Hotchkiss, 192)

Hiram and the twins purchased 1,600 additional acres at \$1.50 per acre from the Michigan Lumber Company of Chicago. After the logs were harvested, the land was improved by the Jenisons or sold to be cleared for farming. The tree stumps were pulled out of the ground by a stump puller and stumps were often placed around the perimeter of fields to be used as fences. They continued to run the lumbering business for 25 years.

Hiram groomed Luman to take over the business aspects of their family and Lucius was in charge of the farming. They built an improved sawmill, a large flour mill, a general store and the list goes on. In 1880 they purchased 10,000 acres of land in various locations in Jenison, Hudsonville, Grandville and Grand Rapids.

Continued on page 5

(Continued)

After their brother Hiram died in 1889, the twins continued to expand their holdings and interests. They were known for their generosity to the community for gifts of land for local churches, schools, roads and monetary gifts to organizations. "Along with the Jenisons, John Haire, Galen Eastman, and the Weatherwaxes were the leading 'lumber barons' in the Georgetown area." (McGee,64)

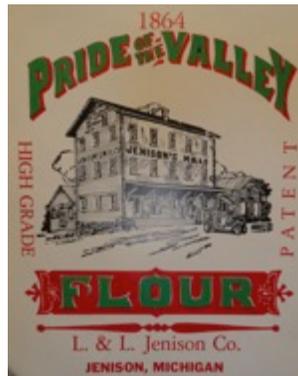

One of the last large ventures of Luman and Lucius Jenison was to develop a park on Black Lake (now Lake Macatawa) in Holland, Michigan "...in April 1891, Lucius and Luman purchased the Shady Side Resort from Williams J. Scott and his wife, Charlotte, for the sum of \$1,339.20. This purchase included the hotel, skating rink/dance hall, dock and an additional ten acres of land...." (Kayes, 22) The park was soon renamed Jenison Park and Luman and Lucius began to make improvements.

People would come by boats from as far away as Chicago to spend several days in the beautiful hotel and wander the many trails in the park. Several hundred people could be accommodated in the park at a time.

On the evening of July 24, 1897, the Jenison Park Hotel caught on fire. The many

wealthy people staying there escaped the fire but lost most of their valuables and fine clothing that they had brought with them. The twins made plans to rebuild the hotel.

Just two years later the Jenison homestead where Lucius lived was destroyed by fire. He died a couple of weeks later on March 21, 1899 from the pneumonia he contracted after trying to save his home. Luman never recovered from the loss of his twin brother and died October 6 of that same year.

As reported in the local papers, at the time of their deaths, the Jenison twins owned the Jenison Park in Holland, the store, grist mill, and old factory in Jenison, 460 acres of farming land in Ottawa and Kent counties, the Kent Country Club in Grand Rapids and other valuable properties. "They are said to have left \$60,000 in debt but good judges estimate that Mrs. B. S. Hanchett Jr. and her mother will receive \$150,000 after all claims are paid." (Kayes, 35)

The Jenison Park was further developed by the twin's

nephew Benjamin Hanchett Jr. in 1900. Ben built an Interurban railroad to carry visitors to the renamed Jenison Electric Park and continued operating the park for the next ten years.

Margaret Husband, (mother of Mrs. Benjamin S. Hanchett) built a beautiful Victorian mansion in 1903 to honor the twins. That mansion now houses the Jenison Historical Museum in Jenison, Michigan.

The influence and generosity of the Jenison family has a rich history in the greater Jenison area. It was lumber that brought them to the area and gave them riches but it was their generosity and community commitment that makes them rich in our memories.

Minutes of the regular meeting of the Georgetown Township Mineral Mining Board, held Monday, March 21, 2016

Meeting called to order at 7:30 p.m. by Vice-Chairperson Greg Honderd

Members Present: Greg Honderd, Jim Wierenga, Carol Scholma, Mannette Minier, Mining Official
Members Absent: Tim Smit,

#160321-01 – (ML1601) DeWent Gravel, 1601 Chicago Dr.-RENEWAL of (ML1101)-(ML0702)-(ML0202)

Marvin VanSomeren, President DeWent Gravel, represented the applicant and presented the request.

The Mining Official presented a [staff report](#).

Jim Wierenga asked about the noise and dust with the crushing operation.

The applicant responded that they had been tested for acceptable levels.

The Mining Official noted that the crushing operation was south on the site, closer to Chicago Dr. than to the residences to the north.

Moved by Carol Scholma, seconded by Jim Wierenga, to adopt the staff report as finding of fact and to approve (ML1601) a **renewal** of a Mineral Mining License for DeWent Gravel, 1601 Chicago Dr., as per the request in the [letter](#) dated January 4, 2016, to be effective until June 30, 2021, as per Sec. 26-74, for P.P.# 70-14-22-200-039 and 70-14-23-100-028, located at 1601 Chicago Dr. and 1687 DeWent Dr., in (I) Industrial District, as shown on the [site plan](#) dated 1/13/15, based on the findings that the site and operation is in compliance with the Mining Ordinance and all other ordinances, and with the following conditions:

- All terms and conditions as presented with the initial application materials remain in effect;
- Hours of operation are limited to 7:00 a.m. to 6:00 p.m. Monday to Friday, 8:00 a.m. to 3:00 p.m. Saturday, and no Sundays or holidays;
- The haul route is off Chicago Dr., as approved in the original license, plus an additional haul route was added with access from DeWent Dr. and 18th Ave.;
- All berms are to be maintained;
- All entrances and exits to the site shall be securely locked during hours when mining operations are not permitted on the site.
- All vehicles used to transport excavated material shall be loaded in a manner so that the material cannot be unintentionally discharged from the vehicle. Vehicles shall be cleaned of all material not in the load-bed prior to entering the public streets. If materials excavated from the site are deposited or spilled upon the public roadway, it shall be the responsibility of the licensee, without requiring any action or request by the township, to immediately remove the spilled or deposited material;
- A licensee shall comply with all soil erosion, wetlands and floodplain rules and regulations of the State of Michigan, Ottawa County and the township;
- Fueling of vehicles on any site shall comply with statutes, rules and regulations enforced and implemented by the Michigan Department of Environmental Quality.

- No future development approvals are implied by the approval of the reclamation plan and the application must obtain any approvals as required by all Township ordinances for any future development.
- All roads within the site are to be maintained in a manner that controls dust and prevents debris from being carried onto public streets.
- If filling of an excavated area is necessary during reclamation, only inert material, as defined by the Michigan Solid Waste Management Act (Act No. 641 of the Public Acts of 1978, as amended) shall be used.
- Upon termination of mining operations, the licensee shall be responsible to reclaim the site in accordance with reclamation plans approved by the review board. If the licensee fails to reclaim the site as required by the approved reclamation plans, the township may come upon the site and reclaim the land in accordance with those plans and may use the proceeds of the performance guarantee required by this article to defray the costs of the reclamation.
- Upon the cessation of all mining operations (or any phase of operations, as applicable) except stockpiling, and within a reasonable period of time, not exceeding 12 months thereafter, all tanks, buildings, stockpiles, and equipment shall be removed from the site unless the building or structures can lawfully be used on the site for other purposes as permitted by applicable laws or ordinances.
- Storage and stockpiling of mined products after cessation of mining activities may be permitted by the review board by annual license granted for that limited purpose. In no event shall any additional materials be allowed to be added to these stockpiles and a license granted for storage or stockpiling of mined products shall not interfere with or excuse reclamation as otherwise required under this article.
- **Additional materials be allowed to be brought onto the site and added to any stockpiles only as shown on the site plan.**
- **The license includes a crushing operation for no more than one week annually.**
- No additional materials are required of the applicant at this time since the initial application contained all the required submittal materials and nothing has changed as of this time. In addition, a site inspection was conducted and the site is in conformance with the terms of the initial mining license as well as other Township ordinances.

MOTION CARRIED UNANIMOUSLY.

#160321-02 – Minutes of the Mineral Mining Board meeting held on March 16, 2015

Moved by Jim Wierenga, seconded by Carol Scholma, to approve the minutes as presented.

MOTION CARRIED UNANIMOUSLY.

#160321-03 – Election of Officers

Moved by Mannette Minier, seconded by Jim Wierenga, to elect Greg Honderd-Chairman, Jim Wierenga-Vice-Chairman, and Mannette Minier-secretary.

MOTION CARRIED UNANIMOUSLY.

Section Grant Section Description

01 GRAND VALLEY METRO COUNCIL TAP CONDITIONAL COMMITMENT FOR FISCAL YEAR 2016 (issued 3/18/16):

The Ottawa County Road Commission will construct Phase 1 of the 22nd Avenue and Barry Street Pathway for 0.9 miles in Jamestown Township, Georgetown Township, and the City of Hudsonville, Ottawa County. Pathway construction will begin at the existing trail at Bridlewood Drive and 22nd Avenue, proceed north along 22nd Avenue to Barry Street, and then turn west along Barry Street to the existing trail at 24th Avenue. The project is mostly separated pathway with a section of paved shoulders. The project will proceed from Jackson Street to Barry Street as 5 feet wide paved shoulders on both sides of 22nd Avenue in order to pass under the existing I-196 bridge. Appropriate directional signage will be installed to show trail users what they should do at the transition points with the paved shoulders. This Phase 1 project will connect the existing pathway systems in Hudsonville and Jamestown Township, and link to paths through the township to the Fred Meijer Kenowa Trail, allowing safe bicycle and pedestrian travel west into Holland and east into Grand Rapids. The future Phase 2 project will complete the connection to an existing trail in Georgetown Township. The project scope includes retaining wall, wayfinding signage, and root control measures.

The total cost of construction is \$359,180 with \$210,000 in federal funds and local matching funds of \$149,180. Matching funds are \$11,934 from Hudsonville, \$53,705 from Jamestown Charter Township, and \$83,541 from Georgetown Township. ms

Nonmotorized Funding Condition

This project must be designed and constructed in accordance with the standards in the American Association of State Highway and Transportation Officials (AASHTO) Guide for the Development of Bicycle Facilities, 2012 edition. The standards for off-road trails include a minimum 10' width with a minimum of 2' clear zone on each side. The standards for bridges or boardwalks include a minimum 14' width between rub rails. In addition, bridges and boardwalks should meet a minimum H-10 design load rating. For roadways with no curb and gutter, the standards for on-road paved shoulders include a minimum 4' width facility on each side of the road. If parking is permitted, the standards for bike lanes include a minimum width of 5'. The project must also be designed and constructed in accordance with the Michigan Manual on Uniform Traffic Control Devices (MMUTCD).

Funding Condition

Transportation Alternatives Program (TAP) funding is conditional upon the items mentioned in the correspondence from the MDOT Office of Economic Development conveying the conditional commitment, supporting documentation, as well as fund availability. Federal transportation funding could be subject to congressional approval of a rescission, reducing or eliminating the remaining unobligated funds. The amount of TAP funding that Congress has authorized for expenditure is provided on a first come, first served basis to the projects that have completed the steps necessary to request federal fund authorization from the Federal Highway Administration. These steps typically include submitting completed plans, a cost estimate, specifications, and obtaining all necessary permits, clearances, an executed agreement, and matching funds.

Important Note on TAP Funding for Local Agencies

Federal TAP funds shall be applied to the eligible items of the total participating project cost up to the lesser of: (1) the TAP grant amount, or (2) an amount such that 80 - 81.85 percent, the maximum federal participation ratio for such funds, is not exceeded at the time of the award of the construction contract. The balance of the participating project cost, after deduction of TAP Funds, shall be the responsibility of the grant applicant. All of the non-participating cost shall be the responsibility of the grant applicant. In addition to the limits mentioned above, TAP funds are capped at the applicable low bid amount and shall not be applied to any extra construction costs or construction over-runs; these costs shall be the responsibility of the grant applicant.

Implementation Requirement

This project must be let through the Michigan Department of Transportation (MDOT) Letting Process.

Section Grant Section Description

01 GRAND VALLEY METRO COUNCIL TAP CONDITIONAL COMMITMENT FOR FISCAL YEAR 2017 (issued 3/18/16):

The Ottawa County Road Commission will construct Phase 2 of the 22nd Avenue and Barry Street Pathway for 0.8 miles in Georgetown Township, Ottawa County. Pathway construction will begin at the intersection of 22nd Avenue and Barry Street and end at existing trail at Van Buren Street. The project is all separated pathway. The previous Phase 1 project will connect the existing pathway systems in Hudsonville and Jamestown Township, and link to paths through the township to the Fred Meijer Kenowa Trail, allowing safe bicycle and pedestrian travel west into Holland and east into Grand Rapids. This current Phase 2 project will complete the connection to an existing trail in Georgetown Township. The project scope includes wayfinding signage and root control measures.

The project is expected to be advance constructed in 2016. The total cost of construction is \$300,700 with \$210,000 in federal funds and local matching funds of \$90,700 from Georgetown Township. ms

Nonmotorized Funding Condition

This project must be designed and constructed in accordance with the standards in the American Association of State Highway and Transportation Officials (AASHTO) Guide for the Development of Bicycle Facilities, 2012 edition. The standards for off-road trails include a minimum 10' width with a minimum of 2' clear zone on each side. The standards for bridges or boardwalks include a minimum 14' width between rub rails. In addition, bridges and boardwalks should meet a minimum H-10 design load rating. For roadways with no curb and gutter, the standards for on-road paved shoulders include a minimum 4' width facility on each side of the road. If parking is permitted, the standards for bike lanes include a minimum width of 5'. The project must also be designed and constructed in accordance with the Michigan Manual on Uniform Traffic Control Devices (MMUTCD).

Funding Condition

Transportation Alternatives Program (TAP) funding is conditional upon the items mentioned in the correspondence from the MDOT Office of Economic Development conveying the conditional commitment, supporting documentation, as well as fund availability. Federal transportation funding could be subject to congressional approval of a rescission, reducing or eliminating the remaining unobligated funds. The amount of TAP funding that Congress has authorized for expenditure is provided on a first come, first served basis to the projects that have completed the steps necessary to request federal fund authorization from the Federal Highway Administration. These steps typically include submitting completed plans, a cost estimate, specifications, and obtaining all necessary permits, clearances, an executed agreement, and matching funds.

Important Note on TAP Funding for Local Agencies

Federal TAP funds shall be applied to the eligible items of the total participating project cost up to the lesser of: (1) the TAP grant amount, or (2) an amount such that 80 - 81.85 percent, the maximum federal participation ratio for such funds, is not exceeded at the time of the award of the construction contract. The balance of the participating project cost, after deduction of TAP Funds, shall be the responsibility of the grant applicant. All of the non-participating cost shall be the responsibility of the grant applicant. In addition to the limits mentioned above, TAP funds are capped at the applicable low bid amount and shall not be applied to any extra construction costs or construction over-runs; these costs shall be the responsibility of the grant applicant.

Implementation Requirement

This project must be let through the Michigan Department of Transportation (MDOT) Letting Process.

REQUEST

The layout of the **Preliminary Plat of Alward Estates West No. 2**, P.P. # 70-14-20-300-093, and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan.

The request is for tentative preliminary plat approval of Alward Estates No. 2 with 21 lots. All are zoned LDR. A mining operation currently exists on the site. The Township Board approved the preliminary plat on October 13, 2014. The ordinance requires the submission of the final preliminary plat within one year. Since the approval was over two years ago, the approval became null and void resulting in the requirement of a new submission.

SUMMARY

- a. Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted.
- b. A sidewalk to the east to the school has been provided between lots 36 and 37. Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
- c. Each house is required to have a minimum 400 square foot attached garage as per Sec. 3.6(I) and is to have a minimum of two parking spaces as per Sec. 26.8.
- d. The temporary cul de sac has a length of 1180 lineal feet, 380 lineal feet more than allowed in Sec. 50-51 of the Code of Ordinances. However, this is temporary and the road is proposed to be extended in a future phase.

Sec. 50-51. For tentative approval of preliminary plat.

Any preliminary plat or extended phase of a preliminary plat filed for approval with the township must conform with the following standards and specifications:

(3) Blocks; exceptions. The maximum lengths of blocks shall be 1,500 feet, measured between the intersections of centerlines, with the following exceptions:

- a. In subdivisions where the proposed minimum street frontage of width of lot at the building line is at least 200 feet, the 1,500-foot maximum length of blocks may be exceeded by not more than 500 feet.
- b. Under extreme topographic conditions, the planning commission may approve exceeding the 1,500-foot maximum length of blocks.
- c. The maximum length of a cul-de-sac street shall be 800 feet, measured from the centerline of the closest intersecting street to the furthest point of the right-of-way of the cul-de-sac, which street itself is not a cul-de-sac or dead-end street.

Sec. 50-52. Variances.

When the subdivider can show that a literal enforcement of the standards of this chapter would cause unnecessary hardship if strictly enforced or where, because of topographical or other conditions peculiar to the site the standards require adjustments, departure may be made without destroying the intent of such provisions. The planning commission may recommend a variance, or the township board on its own initiative may approve a variance; provided, however, that such variance from the terms of this chapter may not change or amend the requirements of the township zoning ordinance.

OPTION FOR MOTION

If the Planning Commission determines that the plans are in compliance with Township ordinances, the following motion is recommended.

Alward Estates West No. 2

Motion: **To adopt the staff report as finding of fact, to approve the site plan, and to recommend to the Township Board to grant tentative preliminary plat approval of the Preliminary Plat of Alward Estates West No. 2, P.P. # 70-14-20-300-093 and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan, as shown on the drawing dated 1-29-16, and**

To recommend to the Township Board to grant a variance for the length of the temporary cul de sac to be 1180 lineal feet, a variance of 380 lineal feet from the maximum of 800 feet allowed and

- a. Based on the findings that if the Township Board approves the variance for the cul-de-sac length, the applicable standards of the ordinance will be met.**
- b. The conditions of approval are recommended as follows:**
 - 1) Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted.
 - 2) Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
 - 3) All fees, including deferred assessments, shall be paid prior to the issuance of any building permits.

Re: Extension of Contract
Rush Creek Crossing
Jenison, Michigan

Dear Dan:

As of this date our engineers, my attorney and your attorney are still making corrections to the survey and title work. We have already completed the survey (subject to additional corrections being made). During the survey process, we discovered that the site was not properly described so the drawings are being corrected. There are other title issues and information that is required, but only learned from your attorney yesterday they were not included. All of it is being corrected.

However, notwithstanding those issues, we did analyze the amount of fill required for the site due to virtually the entire buildable site being in a floodplain, have re-analyzed the floodway area (which is somewhat different than originally thought due to new FIRM maps being issued) and sent a site plan with our parking requirements for approval by the Township (it was approved). In addition, we have completed the design of the shopping center with elevations and renderings being packaged to be sent to you for your review.

We have no objection to the \$5,000 deposit becoming non-refundable at this time, but do request that if required, we be granted a two-month extension at during the next phase of the work since there have been so many problems with the survey and title work that have yet to be resolved before we can submit our requests for clearance and permits from the various local, state and federal agencies. We consider this a force majeure issue under our agreement. We will pay the next deposit as soon as the title and survey work is corrected and we can send the community a list of the easements that need to be vacated.

Thank you for your consideration,

THE AREA

Rush Creek Crossing is located in Georgetown Charter Township, Ottawa County, Michigan. It is Ottawa and adjacent Kent Counties that primarily comprise the Grand Rapids, Michigan MSA. Georgetown Charter Township is in the southwest quadrant of the Grand Rapids MSA and is accessed from I-196 at the Chicago Drive exit (Exit 69 A/B) or Chicago Drive just south of the Main Street/Chicago Drive intersection. The population of the Grand Rapids MSA is approximately 1 million people. Georgetown Township has a population of 49,646 (2014) with an average income of approximately \$70,000 (3-mile radius in 2015; projected to be over \$79,500 by 2020). The *unemployment rate* in Georgetown Charter Township/Jennison is only 2.1% – one of the lowest in the nation.

Traffic and Road Systems

Chicago Drive at Main Street has more than 29,942 cars per day (2012) and I-196 has 64,300 cars per day (2014) at the Chicago Drive exit. I-196, 44th Street and 28th Street not only connects the Grand Rapids MSA and its major suburbs (Kent, Wyoming and Grandville) to the *Rush Creek Crossing* market, but also connects most of the towns along Lake Michigan from South Haven to Holland and then east to the Grand Rapids MSA. Chicago Drive (also known as M-121) is a major collector/connector road servicing the southwest quadrant of the greater Grand Rapids market.

Local Improvement Efforts

Georgetown Charter Township recently announced a community funded streetscape improvement program that begins at the Township's front door – so to speak – Chicago Drive and the Main Street/I -196 exit (Exit 69A/B). Those improvements include new and improved landscaping, median improvements and street lighting.

THE SITE

Rush Creek Crossing is a proposed 92,900 square foot retail development, built on an approximate 15-acre parcel of land at the intersection of Chicago Drive and Main Street just west of the Chicago Drive/I-196 Chicago Drive Exit. The site is irregular shaped and runs from Chicago drive south to Rush Creek and west from Main Street to the Aldi food mart. The site is virtually all floodplain with about a third of it in a floodway.

Total Floodplain (buildable with permission):	10.30 Acres
Total Floodway/Wetlands (not buildable):	<u>4.70 Acres</u>
Total Acreage of Site:	15.00 Acres

Site Issues

The site is comprised of Parcel 1, Parcel 2 and Parcel 4 which collectively comprise 15.0 acres of land. Of the 15 acres only 10.70 acres are usable for development. The other 4.3 acres are floodway and/or wetlands. In 2011 the FIRM maps for the Grand Rapids area were updated. In the case of the *Rush Creek Crossing* site, the floodplain as well as the floodway were increased. Now virtually all of the *Rush Creek Crossing* site is either floodplain or floodway. The floodway extends into Main Street, the Main Street entrance to the shopping center, portions of the McDonald's parking easement and most of one of the proposed development's parks. The floodplain covers the balance of the site except for a small portion of the most southwesterly portion of Parcel 4 which is upland.

It should be noted that under Michigan law floodway cannot be developed for any use and is usually planted with grasses. Generally, roads and walkways cannot be built in a floodway and while old improvements are grandfathered (permitted because they predated the FIRM map designation, if those improvements are removed, any new improvements are not allowed even if the improvements are in the same location.

Easements

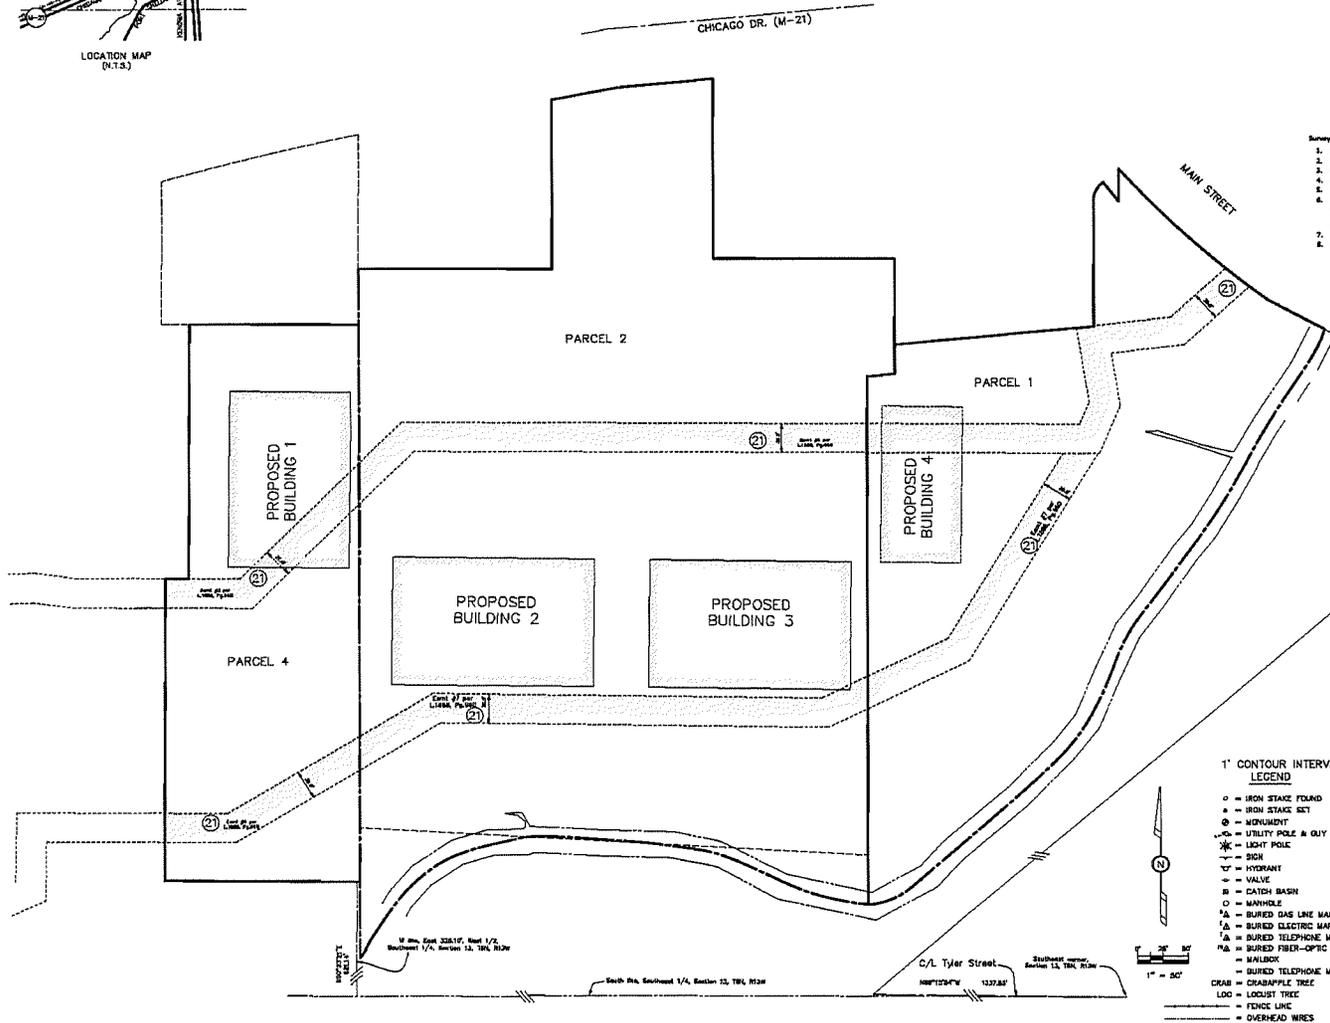

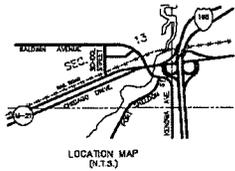

There are 21 easements or right-of-ways that cross the 15-acre parcel. Nearly all of the easements will have to be abandoned or moved to allow development. However, several of the easements make development of the site impossible unless the easements are abandoned and/or moved. The most serious are two private road easements granted by a previous owner of the subject parcel that connects the old Target parcel, Aldi parcel and the former K-mart site from Cottonwood to Main Street. The issue with these road easements is that there are driveways that were granted to run in the front and in the rear of the buildings when granted, but now interfere with the re-development of the subject parcel (the former K-mart site) as the northerly driveway run through Buildings 1 and 4 of the proposed *Rush Creek Crossing* development which prevents the buildings from being built and through parking lots and in some places it is in the floodway.

THE SITE PLAN

Note the placement of out lots in front of the proposed *Rush Creek Crossing* development. Except at the boulevard entrance these buildings block views of the shopping center.

Road Easement Plan

- Survey Notes:
1. Survey is based on First American Title Insurance Company, Commitment Number: 722510, Revision A, printed on February 4, 2016.
 2. This map does not show all easements and/or rights-of-way which may affect this parcel.
 3. Bearings shown herein are based on the South line of the SE 1/4 of Section 13 as NEP "1.32" per furnished description.
 4. Owned parcel contains 33.0 acres, more or less, in corner of South Creek, (31.03 acres fourtenth of described traverse line).
 5. The part of the overall parcel lying North and West of the "floodway", as shown, contains 38.7 acres. (See note 6)
 6. A majority of this property lies within a Special Flood Hazard Area, as identified by the Federal Insurance Administration, Department of Homeland Security. This property lies within Zone AE - Areas determined to have a 1% annual chance flood (100 year flood) as identified on Flood Insurance Rate Map Community Panel No. 26139C0266E, effective date December 16, 2011, published by the Federal Emergency Management Agency. The primary Base Flood Elevation is 616 (616.00).
 7. "Floodway", "100 year flood", & "0.5% annual chance flood" boundaries are approximations, based on aerial location.
 8. Proposed buildings are shown based on proposed site plan as provided.

THE DEVELOPMENT

Development Rational

It was the late world famous German-American architect, Mies Van der Rohe who said “less is more” and the early 20th century Chicago based architect Louis Sullivan (mentor to Frank Lloyd Wright) who said “form follows function”. The developer of *Rush Creek Crossing* has concluded that the “new” retail development when retail concepts have shorter lives and ever changing retail and service platforms seem to suggest a combination of those adages applies to future retail development – “*less is more if form follows function*”. We could say that 20th century advice applies to 21st century real estate development. So the developer considered a new design matrix for *Rush Creek Crossing*. One that has color, large store windows and clerestory windows to bring light into stores rather than deny the environment. The advantage is that *Rush Creek Crossing* will be a flexible environment for current and future development as well as less expensive to build and operate; and, therefore, be more competitive in a low lease rate and operating expense market such as the Grand Rapids MSA.

The *Great Recession* taught us what was once considered to be inviolate retail concepts were wrong. Obsolete buildings were truly obsolete. We all discovered that retail concepts as well as store design have shorter life spans than ever before. Obsolescence and change now comes more quickly not just because of multiple retail platforms from virtual to bricks and mortar, but also because of the availability of multiple shopping and entertainment venues. There are so many activities now available that potential customers have nearly an endless variety of things to do with their free time. Retail is just one of the many choices for potential customers to decide what to do with their time; therefore, retail developments must provide an environment for family and non-family entertainment. But yet today’s virtual/catalogue retailers have opened bricks and mortar stores not just for pick-up and delivery, but for those shoppers who won’t, don’t or can’t use virtual retailing or choose shopping as a choice of entertainment. In other words, the new rules of development are flexible and full of exceptions.

Design Concept

After studying the location, it was decided that the development needed to stand out visually and functionally from the older existing retail. The developer considered various design elements – for example: interior store heights significantly higher than competitors to allow a greater variety of uses now and in the future. Essentially the developer is building flexible retail space (aka “flex-space”). Open flex space allows quick re-alignment of retail elements within a store. This responds for the need of current and future retailers to be able to re-vamp stores quickly to catch changing tastes and shopping habits. From the developer’s perspective the need for flexibility suggests that buildings should be more warehouse in form and function – even if it will be used for retail, entertainment and service uses. Also the developer recognizes the rise of hybrid retail uses. Hybrid uses combines typical retail and service uses with participatory activities. This form of retail is not new, but has more recently reached prominence.

What makes *Rush Creek Crossing* unique is not just its potential mixture of retailers, service providers and restaurants, but also its ambiance, convenience and design. *Rush Creek Crossing* is a retail development designed with amenities never seen before in neighborhood size retail developments in west Michigan. Because there are few shopping centers in western Michigan that include a children's play area, splash park and a village green where families can gather for events or to just sit and relax together. A retail development should be more than just a place to shop, it should also be a gathering place for the community – a family place.

Rush Creek Crossing's unique design starts at its heavily landscaped boulevard entrance. There is an approximate 30-foot high steel framed clock tower at the intersection of Rush Creek Boulevard and Chicago Drive. It is a welcoming sentinel to the community as well as the development beyond. As a visitor drives down the lushly landscaped boulevard they view a mixture of buildings with different size and shapes, but related in a color palette designed to brighten spirits. As the visitor continues down *Rush Creek Boulevard* they will first see the 'farmers market' building which is designed for a single large tenant or a mixture of large scale retailers. It is a shopping center that is designed to make shopping convenient; but moreover a design that allows a myriad of future retail concepts not even created yet to be accommodated because of the development's flexible design. *Rush Creek Crossing is neighborhood shopping, service and entertainment at the next level.*

Building Design

Retail development has evolved – it's not just shopping, it is also active and non-active entertainment. So retail developments of the future will be less concerned with building targeted rigid retail venues than flexible retail developments that can become whatever the market demands. The new retail customer will shop virtually more often than not. So new retail development must entice their customer to also shop where they can also be entertained. The development will be comprised of four (4) buildings ranging in size from 12,800 square feet (that permit stores as small as 1,600 square feet) to a 58,500 square foot tenant space when Building 2 and 3 are combined (that permit stores as small as 3,900 square feet). The buildings will be based on 40'x40' to 60'x60' bays to make the space as column free as possible – thus allowing greater flexibility in the development to attract a great variety of uses.

Therefore, *Rush Creek Crossing* is created on a totally different matrix than used in the past – one that emphasizes color and form to define the development both visually and functionally. Pitched roofs, that allow for lighter steel structure, clerestory windows and large glass store fronts to bring natural light into the stores. Light weight exteriors that can be colored to allow a variety of design elements and also allow easy seamless alterations to fit the needs of future tenants instead of one of the kind stores that don't allow future uses and thus become obsolete before their time. For example, the design of Buildings 1, 2 and 3 takes into consideration the potential mix of uses for high ceilinged uses. By using a flexible open structural system similar to those found in warehouses, the buildings can be used for everything from a specialty grocer to a swim school all in the same building. It also can be used as an entertainment venue or be divided into a series of small or large "box" stores.

The height of the tenant spaces in Buildings 1, 2 and 3 will be at least 20 feet from finished floor to bottom chord of each building's trusses. The height of the tenant spaces in Building 4 will be between 14-16 feet from the finished floor to bottom chord of the building's trusses. All of the stores in the development are designed to have open ceilings (no drop ceilings) so additional natural light from clerestory windows can be used during the day to cut the cost of utilities. The roof trusses are designed so all HVAC equipment, trunks and branches lines are above the bottom of the truss, as can be all lighting and the fire suppression system.

Building 1: The building is designed for a variety of uses from "small" box users to various entertainment uses that can use the 20-foot ceiling height. Also it has been designed with a drive through pickup and delivery aisle. The building is freestanding so it can be further modified for current or future uses.

Building 2/3: This building is currently shown as a single building so it can accommodate a single or multiple large box user or users of up to 58,250 square feet. However, the building can be easily modified and divided into two buildings by the removal of one 35-foot by 130-foot section of Building 2 (reducing it from 29,250 square feet to 24,700 square feet). The depth of the building is 130 feet which can accommodate most large-box users.

Building 4: This space is designed for small specialty retail users such as arts and crafts, toy stores, and specialty clothing stores. Fast casual and fast food specialty restaurants including ice cream and candy stores. Full service restaurants and other similar uses such as a mini-brewery that serves craft beers, wines and liquors. Also pure service users such as cleaners, brokerage offices, hair and nail salons or spas.

Parking

Total Parking Provided:	414 Cars
Total Parking Required:	376 Cars
Handicap Parking (required and supplied – included in total):	12 Cars

Signage and Pedestrian Lighting

All tenants will have a sign area with raised individually mounted neon (internal back) lighted lettering which will be mounted as shown in the perspective and elevation drawings provided. The pedestrian walkways will be lighted with gooseneck lamps and under cover walkway lighting. The site signage identifying the tenants and the shopping center will be a specially designed to be integrated into the lower portion of the three story clock tower (subject to the community's approval).

Landscaping

The gathering area at the rear of Building 4 will be a park like setting to provide an opportunity for community gatherings (with the written approval of the shopping center owners) or just a nice place to walk, talk or enjoy a meal. The children's play area between Buildings 3 and 4 will have a splash park, a mini-climbing wall and swings slides, tunnels and sand box. Access will be limited to children accompanied by adults. The children's play area will be under continuous 24-hour surveillance as well as gates and a picket fence to limit and control access (adults must always accompany children in the play area).

Shopper and Delivery Access

The entrance to the shopping center is through the previously described landscaped boulevard that provides easy access for the shopper to both the shops and parking. Delivery trucks will not be able to use the vehicular entrances for the shoppers. All deliveries will be via the service drives at the sides and rear of the property. By segregating delivery trucks and customer traffic, the development provides better access and safety for the shoppers as well as those delivering goods to the retailers at *Rush Creek Crossing*.

Boulevard entrance at Chicago Drive showing *Rush Creek Crossing* development at pedestrian or driver level; note clock tower with signage for the name of the shopping center stores on the front and side of the clock tower.

Aerial view of the *Rush Creek Crossing* development viewed from Chicago Drive. Note KFC building to the right and how it blocks view of the shopping center.

Building 1: Design shows color palate as well as clerestory windows, signage placement and sidewalk lighting.

Building 1: Aerial view of building shows the unique roof design, roof pitch and covered walkway. Note the driveway next to the building for food or retail goods pick up.

Building 2/3: Designed similar to the farmer market buildings, but with large display and clerestory windows. Also note, the covered entrance way and sidewalk lighting incorporated in the building design.

Building 2/3: Driveway shows the scale of the building as well as the use of landscaping to define parking and shopping areas.

Building 4 is a smaller building and is designed with an arc roof to provide a different and unique design vocabulary. The signage is above the covered walkway, the walkway is covered and is lighted from below the overhang.

View for Building 4 shows the arc roof (not dissimilar from old bowling and free span retail roofs from the 1930s through the 1950s. Note the drive through aisle adjacent to the building for retail goods pick up.

THE DEMOGRAPHICS

The Market

Rush Creek Crossing's primary market is a five (5) mile radius from the shopping center and is comprised of portions of Kent and Ottawa Counties. The primary market for *Rush Creek Crossing* has Annual Consumer Spending of approximately **\$2,410,000,000** (of this amount \$1.10 billion is retail expenditures alone). This translates into targeted consumer spending of \$135 million per year on entertainment, \$358 million on food and beverages. The average family income within three miles of *Rush Creek Crossing* is more than \$67,126 and the population is nearly 118,088 people.

The secondary market; particularly for entertainment and restaurant spending venues is within a 7 to 20 mile radii, depending on the uniqueness of the entertainment/restaurant venue. The secondary market has 809,800 people with average family incomes of \$68,550. The secondary market and primary market spend **\$16,500,000,000** annually (\$7.54 billion on retail) while spending \$921 million on entertainment with \$2.44 billion on food and beverages.

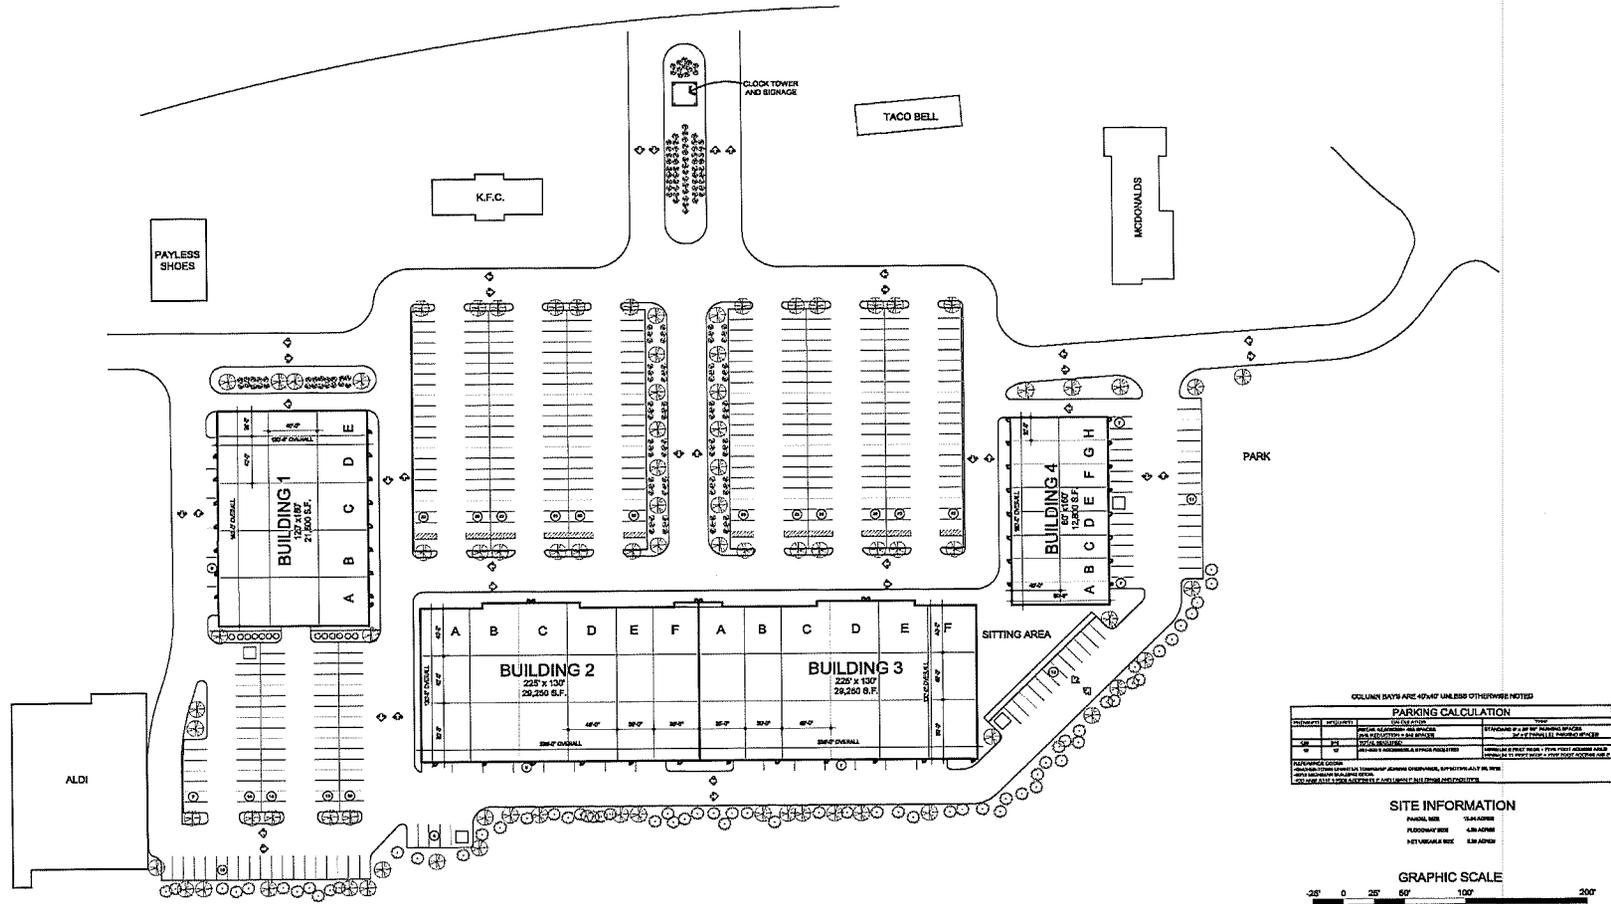

Summary of Demographic Details of the Georgetown Primary and Secondary Submarket

The following is a matrix summarizing some of pertinent demographic data derived from a recent Site USA demographic study describing 1,3 5, 7, 10, 15 and 20 mile radii demographics:

Radius	Population	Average Household <u>Income</u>	Average Household <u>Size</u>	Median Age of <u>Population</u>	Percentage of Population with Greater Than <u>High School Education</u>
1	7,081	\$ 50,818	2.7	41.7	61.9%
3	45,701	\$ 69,175	2.9	39.3	66.4%
5	118,088	\$ 67,126	3.0	35.6	63.3%
7	235,560	\$ 62,748	2.7	34.3	59.5%
10	465,259	\$ 61,609	2.6	33.6	61.9%
15	641,910	\$ 66,268	2.6	34.6	63.4%
20	809,800	\$ 68,550	2.6	34.9	63.4%

As can be readily discerned from the above data, the household incomes, and percentage of the residents with greater than a high school education are higher than the average in found in western Michigan. Although the demographic data is essentially based on 2010 census data, it is clear that the market has sufficient disposable income to send money on non-essential goods, services and entertainment.

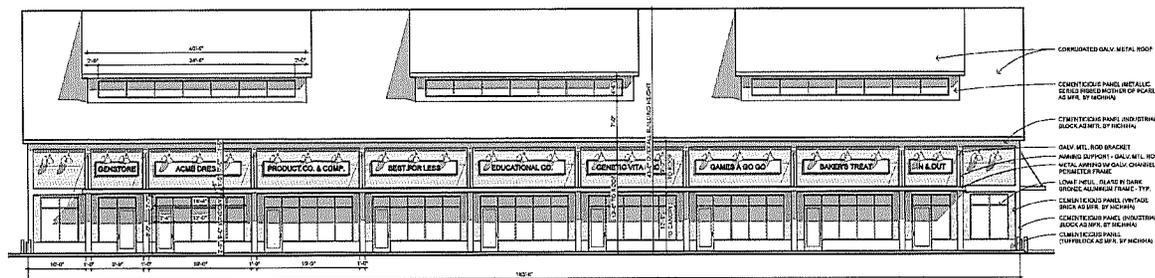

THE LEASING PLAN

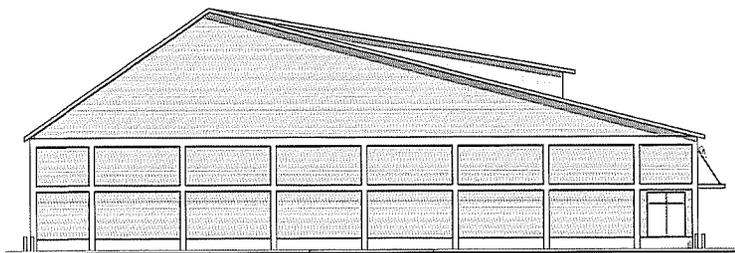

Since leasing potential is not fully defined; the developer's leasing analysis is based on the smallest subdivision of space in each building. The plan and store summary shows the building and store location, while the leasing analysis indicates store area, dimensions, store width and depth as well as current column spacing.

Chapter 4 - MAPPED DISTRICTS

Sec. 4.2 THE ZONING MAP.

The locations and boundaries of these descriptions are hereby established on a map entitled "Georgetown Charter Township Zoning Map" which is hereby adopted and declared to be a part of this Ordinance.

- (A) Regardless of the existence of copies of the zoning map which may be made or published, the official Zoning Map shall be located in the office of the Zoning Administrator and shall be the final authority as to the current zoning status in the Township. No amendment to this Ordinance which involves matter portrayed on the official Zoning Map shall become effective until such change and entry has been made on said map.
- (B) The Official Zoning Map shall be identified by the signature of the Zoning Administrator, attested to by the Township Clerk.
- (C) A record is to be kept by the Zoning Administrator of all changes made or required to be made to the Official Zoning Map. The Official Zoning Map is to be kept up to date, accessible to the general public, and shall be the final authority as to the current Zoning District status of all land and buildings in Georgetown Township which are subject to the provisions of this Ordinance.
- (D) The following standards will be considered by the Planning Commission and Township Board in the review of a rezoning request:**
- (1) Consistency – is the proposed zoning district and all of its allowed uses consistent with the Master Plan.**
 - (2) Compatibility – is the proposed zoning district and all of its allowed uses compatible with the surrounding area.**
 - (3) Capability – is the property capable, including utilities and infrastructure, of being used for all the uses that would be allowed.**

Article II. Except as specified above, the balance of the Georgetown Charter Township Zoning Ordinance, as amended, shall remain unchanged and in full force and effect.

Article III. Severability. In the event that any one or more sections, provisions, phrases, or words of this Ordinance/ordinance amendment shall be found to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the validity or the enforceability of the remaining sections, provisions, phrases, or other words of this Ordinance/ordinance amendment, and the balance of this Ordinance/ordinance amendment shall remain unchanged and in full force and effect.

Article IV. Effective Date. This Ordinance/ordinance amendment shall become effective upon the expiration of seven (7) days after the date this Ordinance/ordinance amendment or a summary thereof appears in the newspaper as provided by law.

Georgetown Charter Township Clerk

**Minutes of the regular meeting of the Georgetown Township Planning Commission, held
Wednesday, March 16, 2016**

Meeting called to order by Chairman Honderd at 7:30 p.m.

Present: Greg Honderd, Richard VanderKlok, Steve Hall, Don Hebler, Donna Ferguson, Tim Smit, Jeannine Bolhouse

Absent: None

Also present: Mannette Minier, Zoning Administrator

#160316-01 – Agenda for March 16, 2016

Moved by Richard VanderKlok, seconded by Steve Hall, to approve the agenda as submitted.

MOTION CARRIED UNANIMOUSLY.

#160316-02 – Minutes of the regular March 2, 2016 meeting

Moved by Richard VanderKlok, seconded by Tim Smit, to approve the minutes as presented.

MOTION CARRIED UNANIMOUSLY.

#160316-03 – Preliminary Plat of Alward Estates West No. 2, P.P. # 70-14-20-300-093, and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan.

Rob Berends, Exxel Engineering, represented the applicant and presented the request.

The Zoning Administrator presented a staff [report](#).

The chairperson opened the public hearing. Don McCloskey, 3540 Baldwin, made public comments. The chairman closed the public hearing.

Moved by Richard VanderKlok, seconded by Tim Smit, to adopt the staff report as finding of fact, to approve the site plan and to recommend to the Township Board to grant a variance for the length of the temporary cul de sac to be 1180 lineal feet, a variance of 380 lineal feet from the maximum of 800 feet allowed and to grant tentative preliminary plat approval of the Preliminary Plat of Alward Estates West No. 2, P.P. # 70-14-20-300-093 and -096, located at 6510 40th Ave., Georgetown Township, Ottawa County, Michigan, as shown on the [drawing dated 1-29-16](#), on the basis that Township ordinances have been met with the following conditions:

- a. Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted.
- b. Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
- c. All fees, including deferred assessments, shall be paid prior to the issuance of any building permits.

MOTION CARRIED UNANIMOUSLY.

Greg Honderd commended the developer for working with the school for the connecting sidewalk.

#160316-04 – REVISED Preliminary Plat of Bauer Ridge, P.P. # 70-14-08-400-025, located at 3358 Bauer Rd., Georgetown Township, Ottawa County, Michigan.

Dave Henko, Feenstra & Associates Inc., represented the applicant and presented the request.

The Zoning Administrator presented a [staff report](#).

Tim Smit noted that they had changed the dead end and was concerned about the small lots.

Greg Honderd noted that all the lots met the minimum ordinance standards and he asked about the stub to the west.

Dave Henko said that the sewer came from Bauer Rd.

Don Hebler asked what the applicant meant about moving 5 lots for the Road Commission.

Dave Henko explained that the Road Commission wanted the stub street to connect to the south which resulted in the elimination of the lots with the ravines and trees.

As a result of a question about Road Commission approval, Greg Honderd noted that after the developer obtained preliminary plat approval from the Township, they would seek approval from the Road and Drain Commissions, though they normally had prior knowledge from those agencies. He said that if the Road Commission did not approve the plat, the developer would have to come back to the Township for approvals for any revisions.

The chairperson opened the public hearing.

Don McCloskey, 3540 Baldwin, made public comment about the size of the lots and the inability of some to have accessory structures.

Greg Honderd said that the layout meets minimum ordinance standards and the developer designed the layout to take advantage of the features of the land.

Phil Kramer, 8200 36th Ave., asked about sewer.

Greg Honderd said that all the lots would be served by sanitary sewer and that he should check with the Department of Public Works for more information about sewer.

The chairman closed the public hearing.

Moved by Richard VanderKlok, seconded by Don Hebler, to remove the item from the table.

MOTION CARRIED UNANIMOUSLY.

Moved by Richard VanderKlok, seconded by Don Hebler, to adopt the staff report as findings of fact, to approve the site plan, and to recommend to the Township Board to grant tentative preliminary plat approval of the overall layout and phase 1 of the Preliminary Plat of Bauer Ridge, P.P. # 70-14-08-400-025, located at 3358 Bauer Rd., Georgetown Township, Ottawa County, Michigan, as shown on the [drawing dated February 09, 2016](#), and

To recommend to the Township Board to grant a variance of 333 feet for the 1,133 lineal foot length of the road because it exceed the maximum of 800 feet for a cul-de-sac in Sec. 50-51 in the Code of Ordinances (with the authority given to the Board in Sec. 50-52),

- a. Based on the findings that if the Township Board approves the variance for the cul-de-sac length, the applicable standards of the ordinance will be met.
- b. The conditions of approval are recommended as follows:
 - 1) Building envelopes appear to meet ordinance requirements, but will be reviewed for exactness at the time a building permit application is submitted. Many lots have small buildable areas with small or no available rear yards for accessory structures and uses. Many are affected by drainage and floodway easements, detention ponds, and wetlands. These situations are noted to be self-created by the developer and would not, therefore, qualify to meet the standard in the ordinance regarding self-created situations should any time in the future a variance be requested based on those circumstances (including the location of accessory uses and structures since many rear yards are not buildable).
 - 2) Lots 1 and 20 are required to have front yard setbacks on Bauer Rd. Therefore, the front yard setback for lots 1 and 20 is 100 feet (40 feet measured from a point 60 feet from the center of Bauer Rd.), as shown on the additional sketch provided by the applicant.
 - 3) Lots 30 and 33 have very small building envelopes. Examples have been provided that the minimum size house would fit on the lots. These situations are noted to be self-created by the developer and would not, therefore, qualify to meet the standard in the ordinance regarding self-created situations should any time in the future a variance be requested for a larger house to be placed on these lots based on those circumstances.
 - 4) Although a lot line is shown to the south of lot 22 and the north of the detention pond, a note on the plan states that the detention pond shall be owned by lot 22. Therefore, **the detention pond property shall be shown as part of the parcel of lot 22.**
 - 5) Sidewalks will be provided in the interior of the plat by the individual property owner at the time a house is constructed.
 - 6) Lots 1 and 20 shall not have access to Bauer Rd.
 - 7) As noted on the plan, the developer shall construct sidewalks adjacent to Bauer Rd. and the detention pond on lot 22 at the time the plat is constructed.
 - 8) An association shall maintain the parkway along Bauer Rd.
 - 9) All fees, including deferred assessments, shall be paid prior to the issuance of any building permits, including the deferred assessment of \$8,280.

Don Hebler stated that it is important that the developer inform the buyers of the unique circumstances that affect many of the opportunities for lots to have accessory buildings and uses.

Greg Honderd said that the Planning Commission is doing its part to put that in the minutes.

MOTION CARRIED UNANIMOUSLY.

#160316-05 – Zoning Ordinance Amendments

The Zoning Administrator presented a [staff report](#).

The chairperson opened the public hearing. Don McCloskey, 3540 Baldwin, commented about the storage and parking of recreational vehicles as stipulated in Sec. 3.17 and asked to change May to April and to eliminate the five days. The chairman closed the public hearing.

The zoning administrator stated that the ordinance revision had come at the request of the Code Enforcement Officer who proposed the changes to be less restrictive for the summer months between May 1 and October 31.

Richard VanderKlok said that he had spoken with the Code Enforcement Officer about this section and that this was a concession to residents by making the language more lenient. He said that he was inclined to keep the language as proposed.

Donna Ferguson said that it was best to leave the language as proposed for those who don't have RVs and want the restrictions. She said that she would not want her neighbor to leave their recreational vehicle in their driveway for a month.

Moved by Richard VanderKlok, seconded by Tim Smit, to recommend to the Township Board to approve the following resolution:

Ordinance 2016-02 (REZ1601):

GEORGETOWN CHARTER TOWNSHIP
OTTAWA County, Michigan
(Ordinance No. 2016-02)

At a regular meeting of the Township Board for the Charter Township of Georgetown, held at the Township Offices on _____, 2016, the following Ordinance/ordinance amendment was offered for adoption by Township Board Member _____, and was seconded by Township Board Member _____:

AN ORDINANCE TO AMEND THE GEORGETOWN CHARTER TOWNSHIP ZONING
ORDINANCE FOR COMMERCIAL AND INDUSTRIAL USES

THE CHARTER TOWNSHIP OF GEORGETOWN (the "Township") ORDAINS:

Article I. The Georgetown Charter Township Zoning Ordinance, as amended, is to read as follows:

1. **Sec. 3.4 ACCESSORY BUILDING AND USES.**

- (Q) The keeping of chickens is permitted as an accessory use if all of the following are met. (revised 6/22/2015)
 - (2) No more than (6) six chickens may be kept on any parcel of land ~~and~~. **Chickens that crow and** roosters shall not be permitted.

2. **Sec. 3.11 GREENBELTS AND PROTECTIVE SCREENING.**

- (B) Streetscapes.
 - (3) The streetscape shall contain one (1) tree for each twenty-five feet of frontage or fraction thereof, measured along **each individual the street right-of-way line (not totaling the frontage of multiple street lines for the calculation)**, including driveway openings. Up to one-third (1/3) of the required trees may be evergreens (unless the approving authority as designed in Chapter 19 finds that a larger percentage of evergreens will provide better screening or better enhance the aesthetics of the community). The remainder shall be deciduous canopy or ornamental trees.

3. **Sec. 3.17 OUTDOOR STORAGE IN RESIDENTIAL DISTRICTS.**

The outdoor storage or parking of recreational vehicles shall be prohibited in all residential districts, unless the following minimum conditions are met:

(A) All such vehicles shall be placed within a completely enclosed building or located behind the front face of the principal building. No vehicle shall be stored in the side yard of a corner lot which abuts a street. (revised 6-25-2001) In the rear yard of a corner lot such vehicles shall not project beyond the side of the building on the street side. **Except from May 1 through October 31, subject to compliance with all other ordinance standards, a recreational vehicle may be stored, kept or parked for a period no longer than five (5) consecutive days on a hard surface driveway. Any RV stored for a period of 5 days must be removed for a minimum of 48 hours prior to additional storage or parking.**

4. **Sec. 7.3 USES REQUIRING SPECIAL LAND USE APPROVAL.**

The following uses may be permitted by obtaining Special Land Use Approval when all applicable standards as cited in Chapter XX are met.

(C) Customary Agricultural Operations including general farming, truck farming, fruit orchards, nurseries, greenhouses and usual buildings subject to the following restrictions:

(3) Farm animals are permitted as follows:

b. on parcels of land in excess of five (5) acres, the **Township Board Planning Commission** may waive the limitation on the number of animals, provided it is determined that due to the size of the parcel, natural features, or other similar conditions there will be no negative impact upon the neighboring property owners.

5. **Sec. 19.2 REGULATION.**

Chapter 4 - MAPPED DISTRICTS

Sec. 4.2 THE ZONING MAP.

The locations and boundaries of these descriptions are hereby established on a map entitled "Georgetown Charter Township Zoning Map" which is hereby adopted and declared to be a part of this Ordinance.

(A) Regardless of the existence of copies of the zoning map which may be made or published, the official Zoning Map shall be located in the office of the Zoning Administrator and shall be the final authority

as to the current zoning status in the Township. No amendment to this Ordinance which involves matter portrayed on the official Zoning Map shall become effective until such change and entry has been made on said map.

(B) The Official Zoning Map shall be identified by the signature of the Zoning Administrator, attested to by the Township Clerk.

(C) A record is to be kept by the Zoning Administrator of all changes made or required to be made to the Official Zoning Map. The Official Zoning Map is to be kept up to date, accessible to the general public, and shall be the final authority as to the current Zoning District status of all land and buildings in Georgetown Township which are subject to the provisions of this Ordinance.

(D) The following standards will be considered by the Planning Commission and Township Board in the review of a rezoning request:

(1) Consistency – is the proposed zoning district and all of its allowed uses consistent with the Master Plan.

(2) Compatibility – is the proposed zoning district and all of its allowed uses compatible with the surrounding area.

(3) Capability – is the property capable, including utilities and infrastructure, of being used for all the uses that would be allowed.

Article II. Except as specified above, the balance of the Georgetown Charter Township Zoning Ordinance, as amended, shall remain unchanged and in full force and effect.

Article III. Severability. In the event that any one or more sections, provisions, phrases, or words of this Ordinance/ordinance amendment shall be found to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the validity or the enforceability of the remaining sections, provisions, phrases, or other words of this Ordinance/ordinance amendment, and the balance of this Ordinance/ordinance amendment shall remain unchanged and in full force and effect.

Article IV. Effective Date. This Ordinance/ordinance amendment shall become effective upon the expiration of seven (7) days after the date this Ordinance/ordinance amendment or a summary thereof appears in the newspaper as provided by law.

The vote in favor of this ordinance/ordinance amendment was as follows:

YEAS:

NAYS:

ABSENT/ABSTAIN:

ORDINANCE/ORDINANCE AMENDMENT DECLARED ADOPTED.

CERTIFICATION

I hereby certify that the above is a true copy of an Ordinance/ordinance amendment adopted by the Township Board for Georgetown Charter Township at the time, date, and place specified above pursuant to the required statutory procedures.

Respectfully submitted,

**RE: Preliminary Plat for Bauer Ridge
Section 8, Georgetown Township**

Dear Mr. Feenstra:

I have reviewed your preliminary plat revised February 9, 2016 for the above-mentioned project and have the following comments:

- 1) To the west of Bauerridge Avenue on Bauer Road, construct the turn lane in accordance with Detail 15 of OCRC standards and specifications.
- 2) Construct temporary turnaround between phases 1 & 2 in accordance with Detail 9.
- 3) Construct turnaround at west end of Kendon Drive in accordance with Detail 7.
- 4) Locate the sanitary on the west side of Hager Court.
- 5) Eliminate the permanent turnaround by extending Hager Court to Kendon Drive.
- 6) The location of the west development connection (Kendon Drive) poses a challenge for future extension of the road due to multiple property owners west of Lot 13. Please locate west side connection as an extension of Hager Drive as originally planned, or as a stub off Hager Court somewhere between Hager Drive and Kendon Drive.

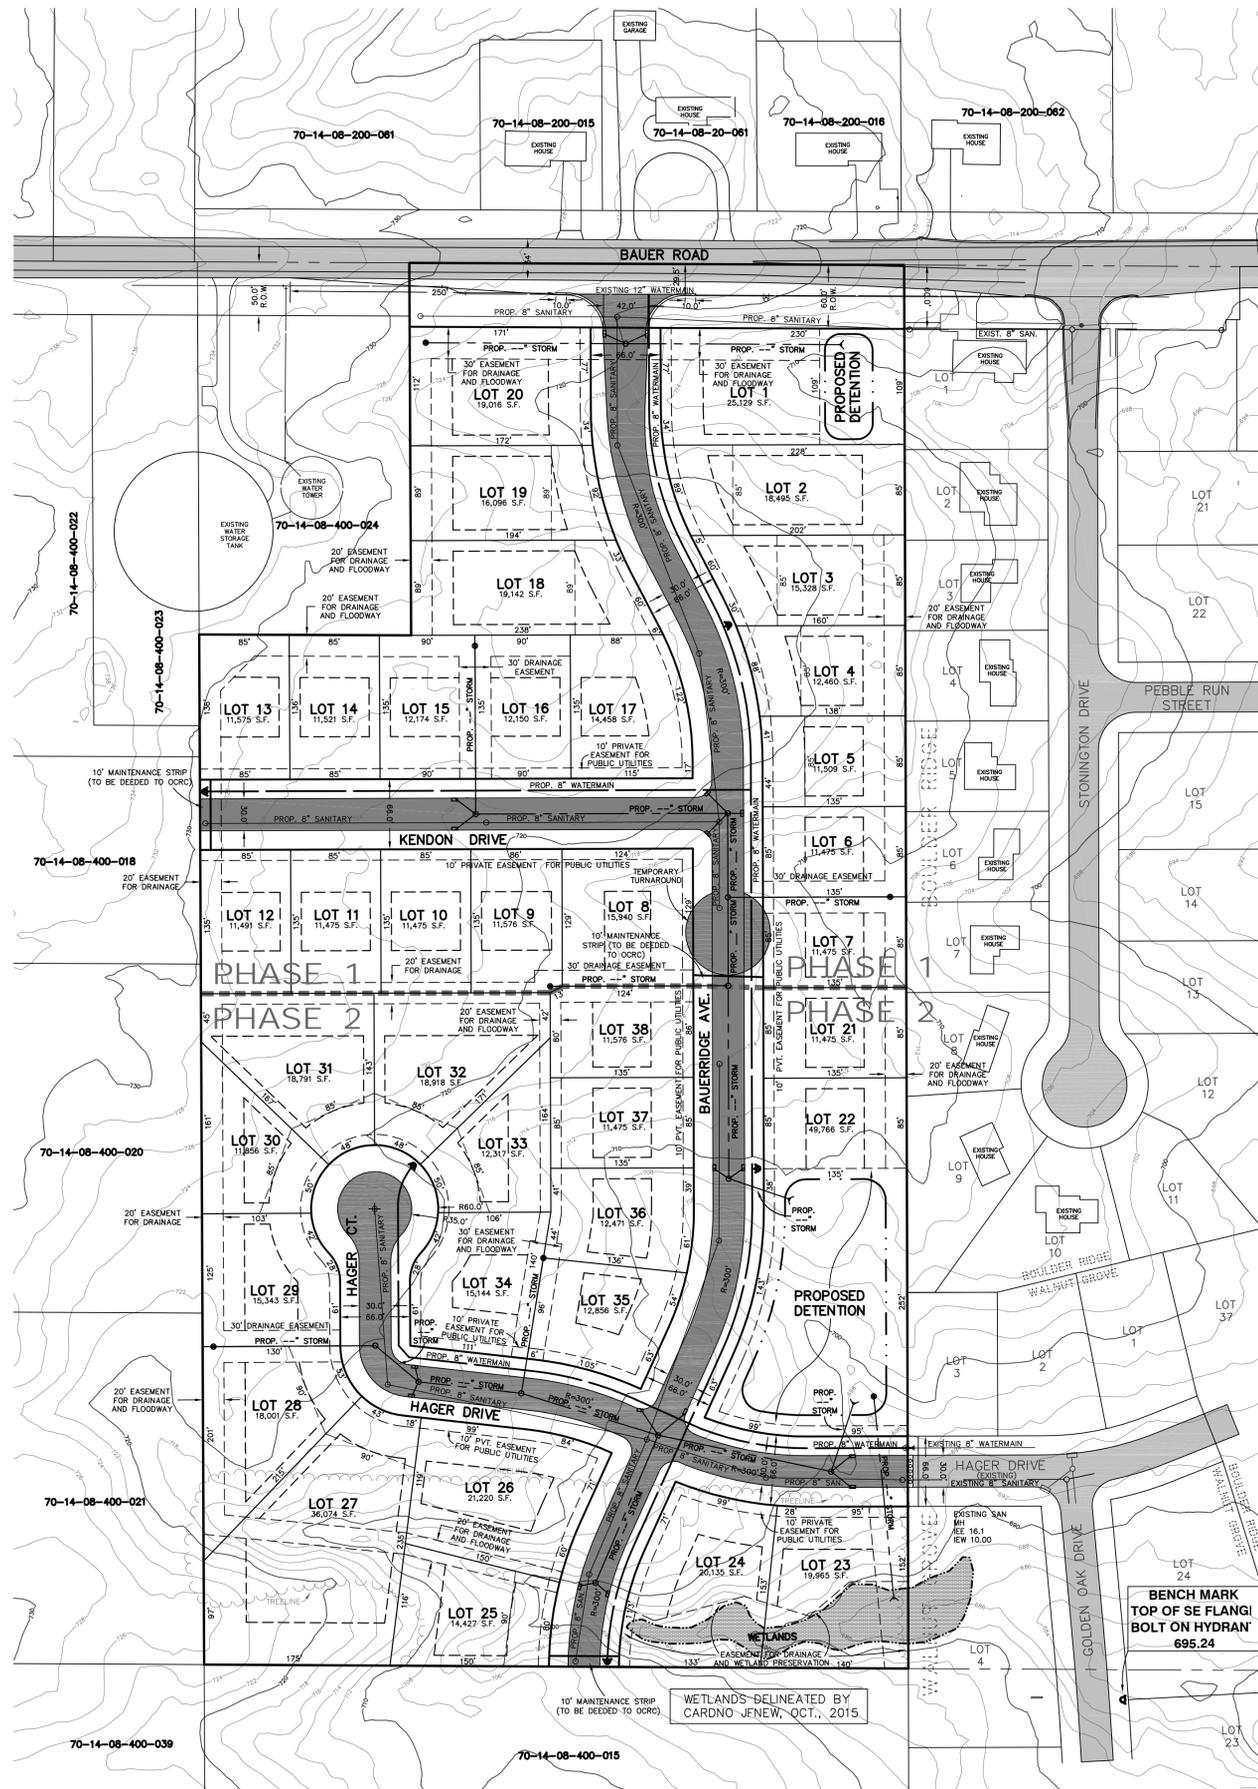

Please submit three (3) revised plans for our review and approval. If you have any questions, please feel free to contact me at (616) 842-5400.

Sincerely,

John Gutierrez, P.E.
Special Services Engineer

Georgetown Township Meeting 3/28/16 Comment by Joseph Parnell McCarter, 6408 Wrenwood Drive, Jenison, MI 49428

Like others in this room, I too would ask that this Township Board would step away from this project at 200 Main, and I would request that the Board pass a motion tonight to table it. 200 Main should be sold back to the private sector, and the Township should use that money to offer tax relief to the Jenison taxpayers. The Veterans Plaza would be better located in a currently existing park.

I also would ask the Board to be more sparing and careful in use of eminent domain too, so as to protect private property rights. I fear that an inappropriate line is being crossed in the Maplewood Lake area.

We need to maintain the thrift, private property rights, and other Biblical Christian principles, to the honor of Jesus Christ.

PUBLIC COMMENT – 3/28/16
I'm Denise Cade, 7869 Parkside Ct, Jenison

On Friday, Rod was talking with a member of For The Love of Georgetown Township about the Veterans Memorial. He said that contracts have been signed and to stop work at 200 Baldwin, "would cost a lot of money".

This Board hasn't seemed to have a problem losing money on other things, like...

Drawing up plans for the \$8 million Township Hall at 200 Baldwin.

The \$19 million plan for the 200 Chicago Dr complex.

The \$450,000 plan for the veterans memorial by the fountain.

As a matter of fact, since June 2009, you have paid MC Smith almost \$302,000 (exactly \$301,987.74) for plans! How much of that was for plans you never used? If you listened to public input, you probably wouldn't have to keep canceling plans!

And lets not forget the \$2 million purchase price for 200 Baldwin and the missing tax base for the Township and the schools.

What it comes down to is, you can still use the same plans, you can still use the same contractors, just move them up the street to Woodcrest Park. Place the Veterans Memorial in the best place for ALL veterans.

Good Evening. I am Jon Cade, 7869 Parkside Ct, Jenison.

Georgetown Township has a Veterans Memorial at the cemetery, it is a disgusting mess. The wood is rotten and it is in total disrepair. I pointed this out to you last summer, yet you did nothing to improve it.

This shows, to me, that you really do not care about the veterans.

It is absurd that you claim that you care, when your actions show that you do not. It appears to me, and many others, that all you really want to do is spend a lot of money on a monument to yourselves.

The 4 of you that want to put a new veterans memorial at 200 Baldwin should be ashamed of yourselves. You disrespect the veterans by letting the current memorial look so terrible.

The Veterans Memorial needs to be built at a location that many Georgetown residents and veterans want. Woodcrest Park is that location.

Did you receive a petition signed by 360 citizens, for any location other than Woodcrest Park?

If you really care about the veterans, you will make a motion, tonight, to stop plans for 200 Baldwin and start plans for Woodcrest Park.

Any of you that do not support this motion tonight, will be on record that you care nothing about our honorable veterans, that are suffering. That fact will be made very clear to all Georgetown Township voters.

Agenda

Why Woodcrest?

Why not 200 Baldwin?

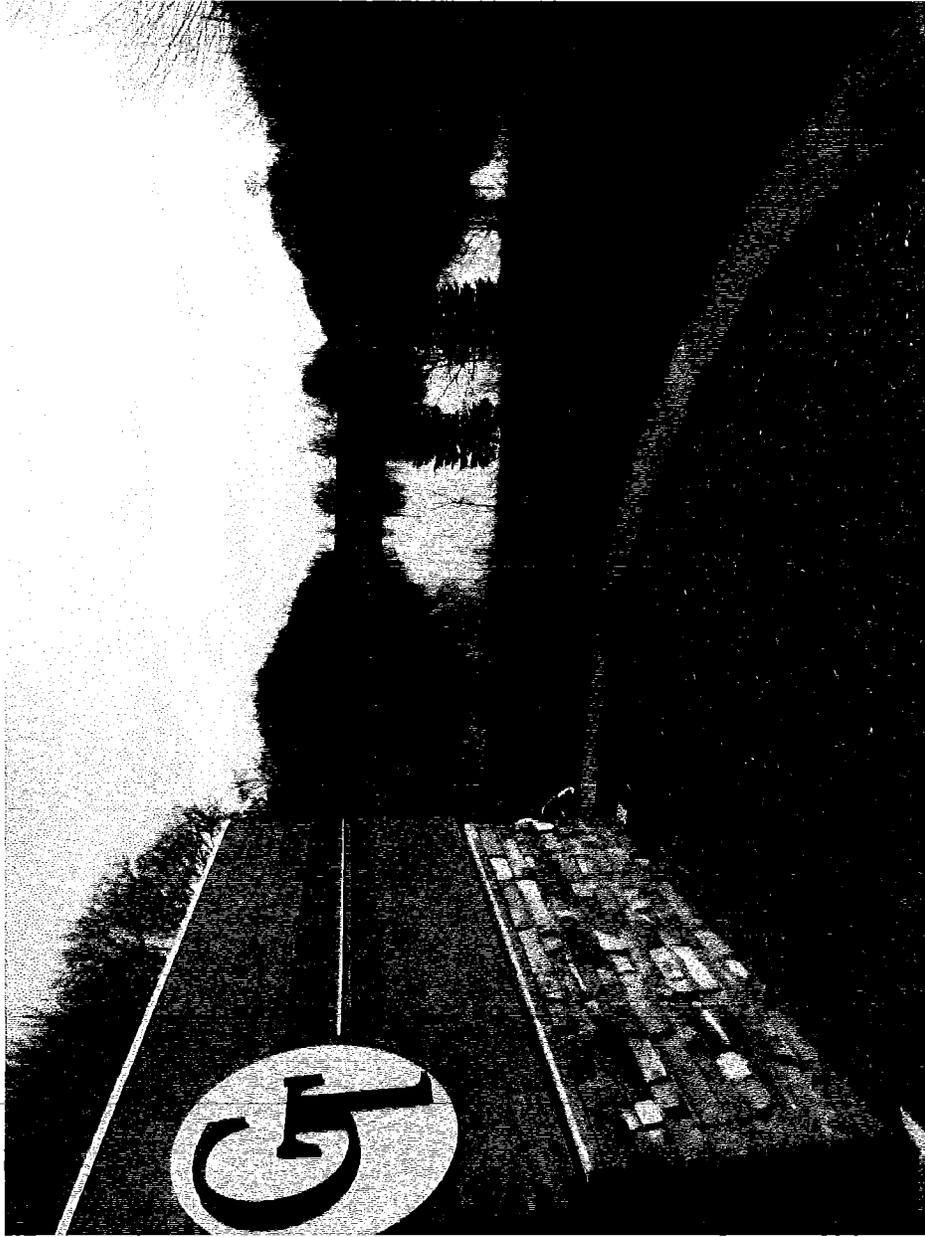

What can be done with Woodcrest?

Challenges at Woodcrest

Our Recommendation

Why Woodcrest?

Why Woodcrest?

Large

Peaceful

Highly Visible

Highly Suitable for a
Veterans Memorial
at the south or west
end of the pond.

Why Woodcrest?

Engaging to Children

Placing the Veterans Memorial in the safety of this park will encourage the engagement of Children in learning about our Veterans.

Why Woodcrest?

Quiet spot
for Veteran's
with PTSD

Why Woodcrest?

Reflective spot
for those
remembering
loved ones lost
while serving
their country.

Why Woodcrest?

Plenty of room
for Memorial
Day Services
and other
Community
activities like an
Easter Egg roll.

Why Woodcrest?

Lots of parking
already

Plenty of room
to put in more

Why Woodcrest?

Already Established Township Park

As a Township we should dedicate the same interest and investment in this park, as we have done with Maplewood, Rosewood and 8th Avenue.

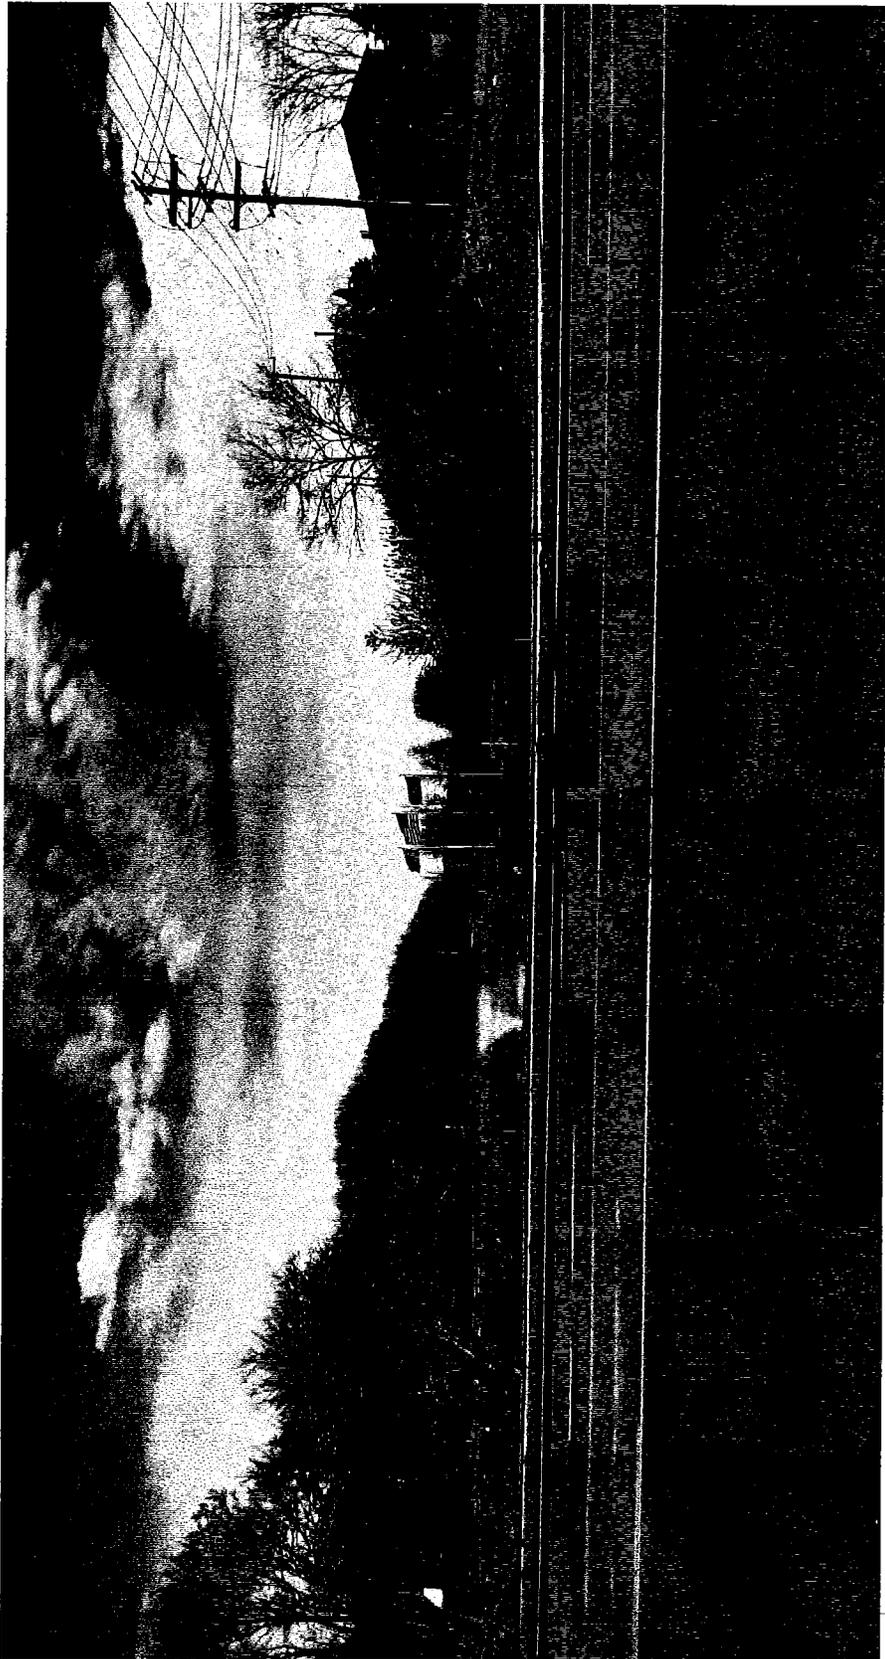

Why Woodcrest?

Already Established Township Park

This park with its large water feature is well on the way already to being beautiful and eye catching.

Situated on one of our busiest streets in the Township, it is still incredibly peaceful to walk around in this park.

Accessibility

Cost

Video at 200 Baldwin – shot on a Sunday at 3:30pm

Why not 200 Baldwin?

Noisy

This location is surrounded by 3 high traffic roads

Train tracks run very close by

Car noise by traffic travelling within feet of the location is very intrusive

Inappropriate for Veterans with PTSD

A recent Veterans Administration study found that 22 Veterans a day take their own life. 22 A DAY!

8,000 a year are dying by their own hand. The VA study also recorded 11,000 non-fatal suicide attempts a year

Thousands of Veterans are virtually home bound due to PTSD

Why not 200 Baldwin?

Accessibility

Surrounded by large streets, no parent would allow their children to visit this park via biking or walking.

Very little Parking – currently proposed with only 4 parallel parking spaces on Main Street

Cost

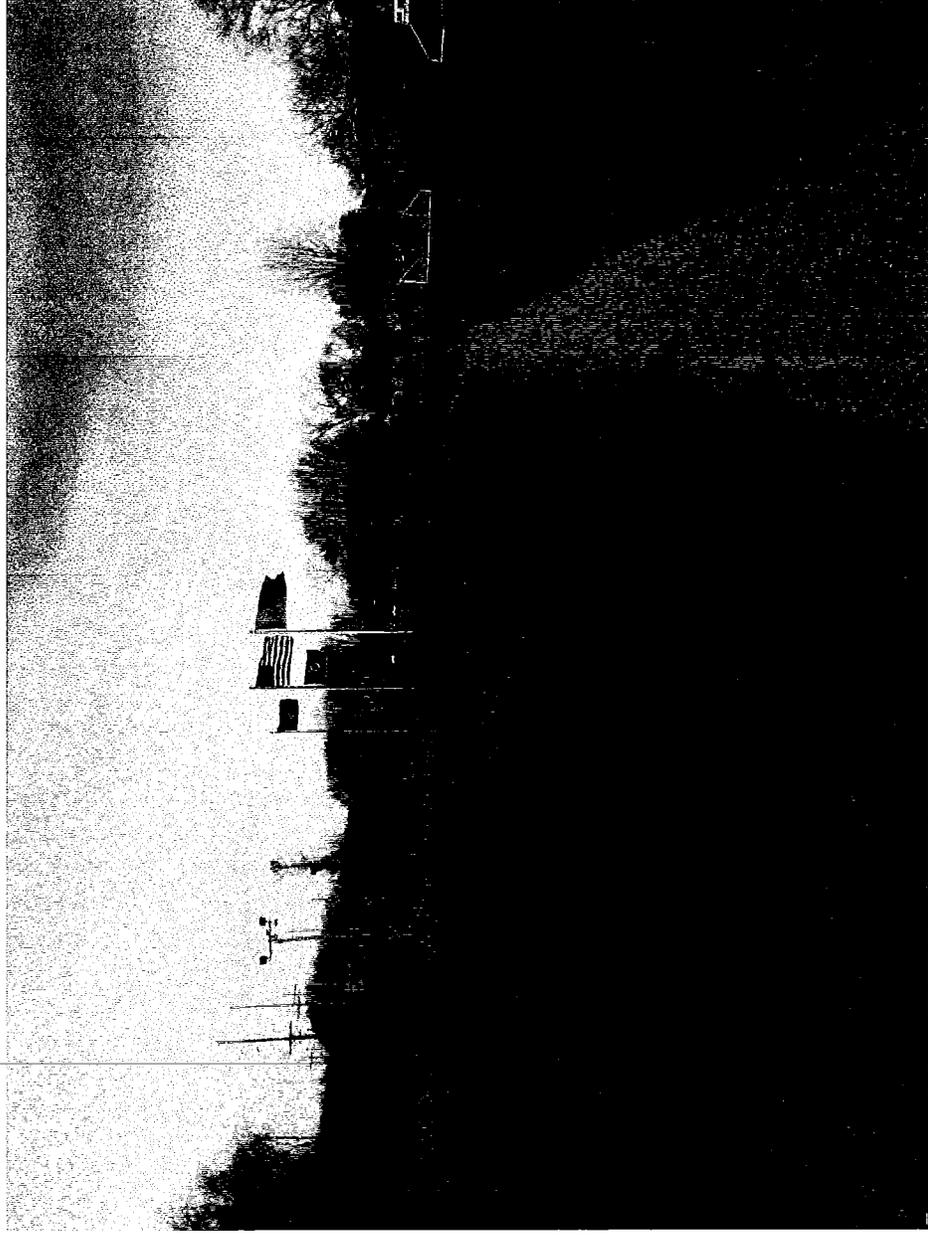

At least \$1 Million when including land purchased for the location

Loss of thousand of dollars in future tax base

If we re-sold 200 Baldwin for development, the Township could recoup \$1.6 Million spent and generate future tax revenue for our Schools and Infrastructure

What can be done with Woodcrest?

What can be done with Woodcrest?

The park can be themed to honor of all the Men and Women that put their lives on the line every day to serve Our Community.

- Military
- Fire & Rescue
- Sheriff's Department

What can be done with Woodcrest?

Create themed Honorary Areas

Add more themed play equipment – there is already a play set there dedicated to the Georgetown Township Fire & Rescue

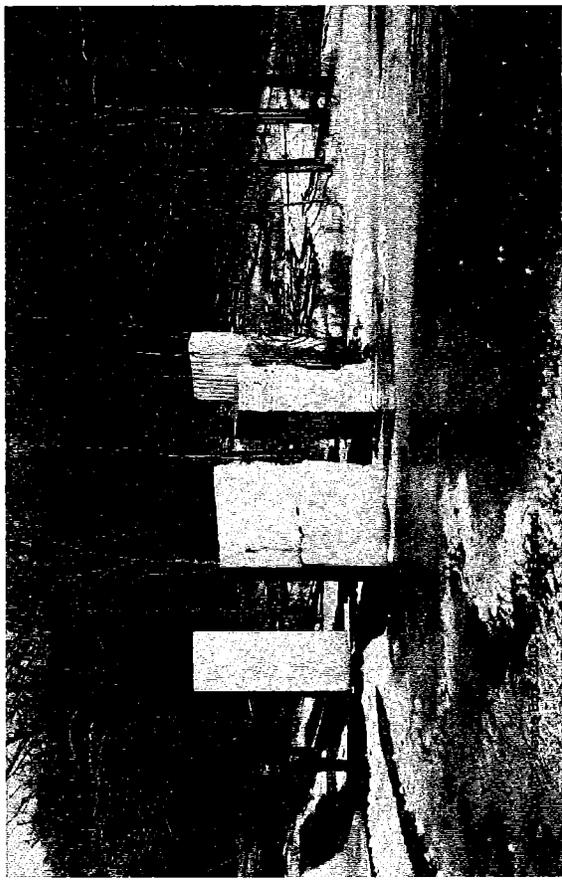

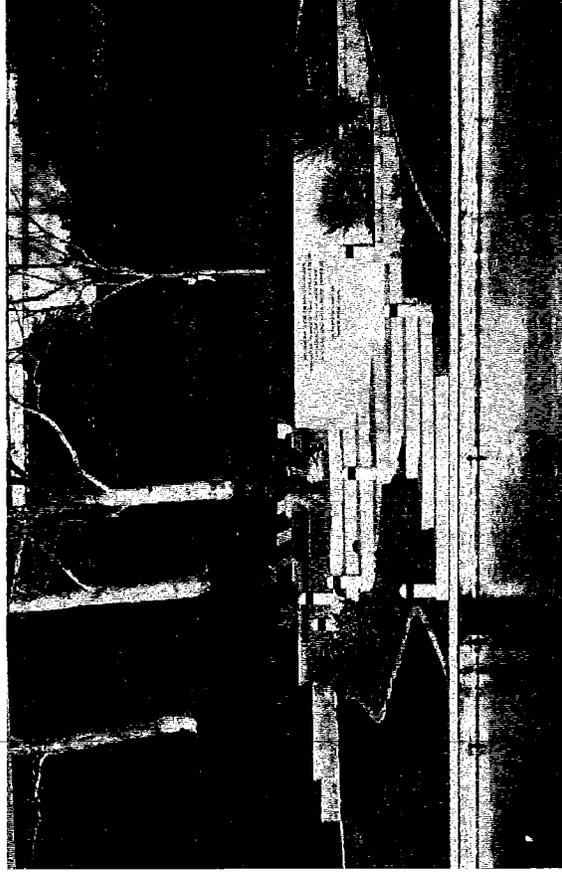

Include equipment such as wheelchair swings and other innovative park offerings

Add fountain heads to the pond

There is even room for a band shell in the corner if so desired

What can be done with Woodcrest?

The Memorial can be designed to complement it's surroundings

What can be done with Woodcrest?

COMMUNITY INVOLVEMENT OPPORTUNITIES

Community or Elementary School Contest to rename park

Future honorary areas can be partially paid for with Donations and/or Community Fundraising. The Township could offer a donation match.

Fire & Public Safety, Veterans Groups, Boy Scouts and other groups could all take part in creation of themed areas of the park.

Challenges at Woodcrest

Challenges at Woodcrest

Flooding?

After a day of rain the pond overflows to the East onto the neighbor's property.

This is unacceptable and should be remedied regardless.

Challenges at Woodcrest

Flooding?

The water recedes quickly – this is what it looked like an hour later

The flooding could be remediated with either:

- Additional drainage
- Backfill, raising the landline round the pond
- Install a Rain Garden on the East side - which would absorb the water instead of allowing it to roll over into the neighbors

Challenges at Woodcrest

Flooding?

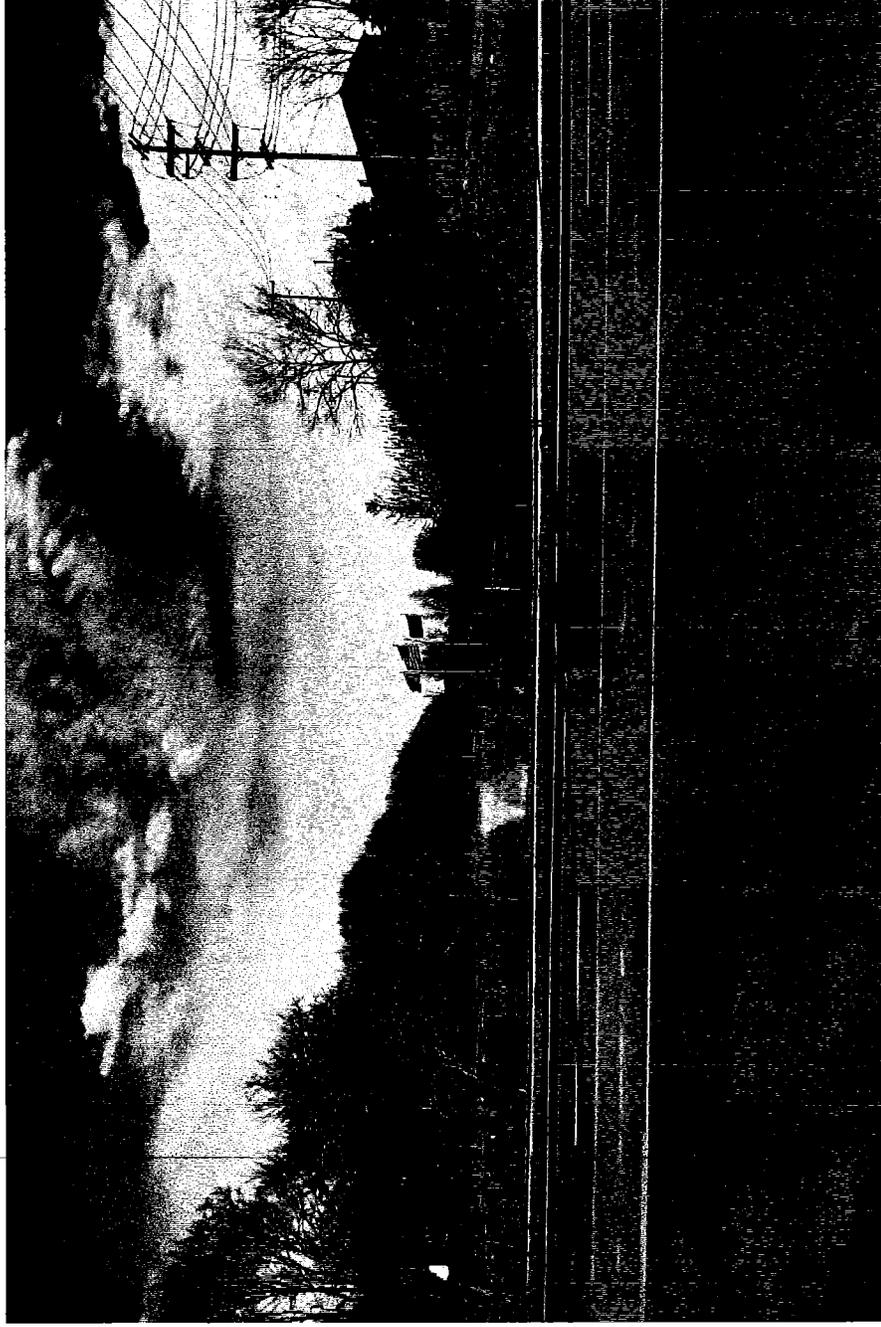

IMPORTANT TO NOTE

The South and West sides of the lake are much higher than the east

The flooding that day did not even come close to the high water line on the Southwest

Any projects can be built above the high water line or built with concrete that can withstand occasional flooding (much like the Grand River walk in Grand Rapids)

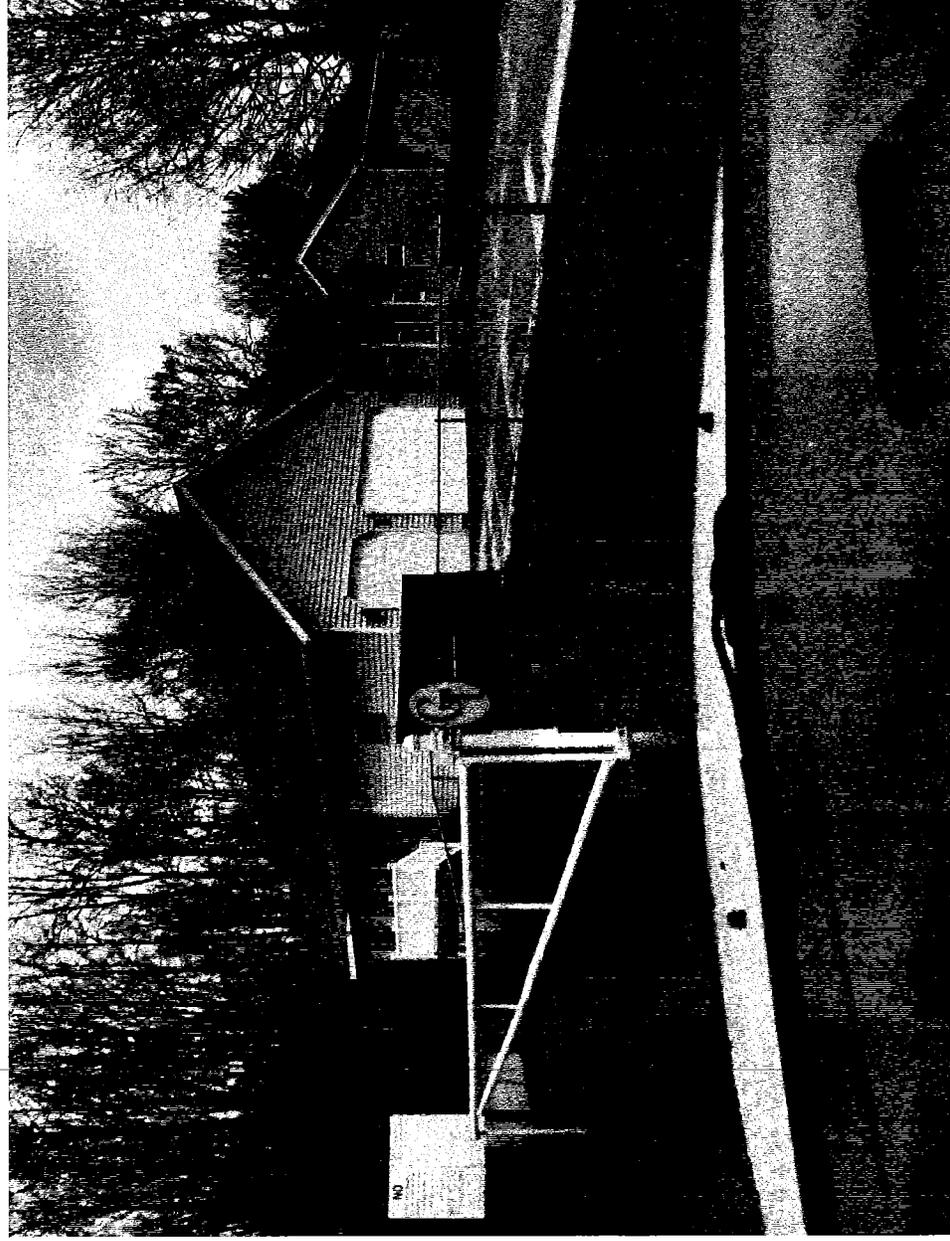

Challenges at Woodcrest

Visibility?

50 ft Flags and a Memorial at the lakeside would be very visible and eye catching

Challenges at Woodcrest

How to get there?

Its only one turn off Baldwin, then a turn into the park driveway

Solutions

Add additional verbiage to the sign on Baldwin, perhaps something across the retaining wall

Pole Banner signage at the corner of Boulder Bluff Drive

Turn the drive-way entrance sign so that it faces traffic

Our Recommendations

Our Recommendations

Budget for the Veterans Memorial project be moved to Woodcrest Park, design and build to begin as soon as possible.

Township to dedicate Park Improvement budget to do further improvements in the same manner as Maplewood, Rosewood and 8th Avenue.

Give brick buyers the choice of where their brick goes – either the soon to be refurbished Vietnam Vet Memorial at the cemetery or the Woodcrest Park project.

The Veterans Memorial area should be built with room to expand for future Veterans bricks or other honorary areas for our Public Safety officers.

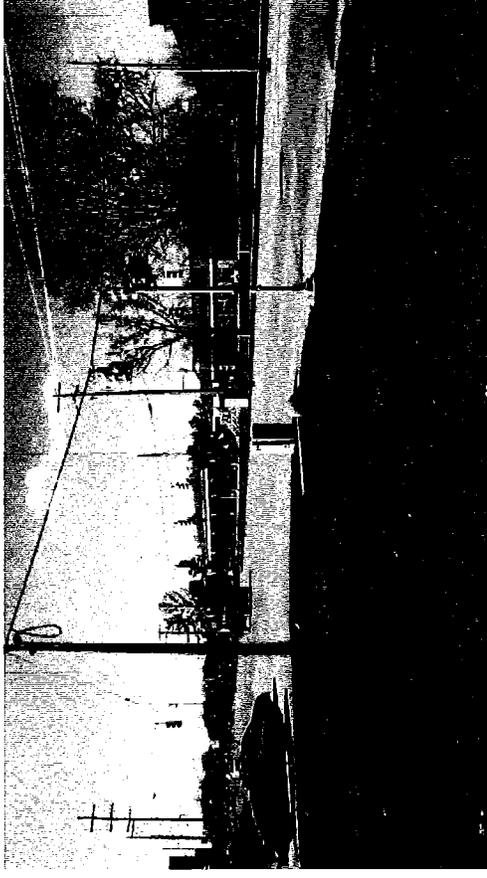

Sell 200 Baldwin for development – we recommend a professional or medical building.

Lastly, which do you feel is the best environment to Honor All Veterans?
