## REQUEST

The request is that the Planning Commission review and (if they so desire) to initiate a Zoning Ordinance to reduce the setbacks on 28<sup>th</sup> Ave. north of Fillmore. Currently, Chapter 24 footnote bii requires setbacks to be measured from a point 60 feet the centerline of 28<sup>th</sup> Ave. The proposal for consideration is to reduce the setbacks to be measured from a point 50 feet from the centerline of 28<sup>th</sup> Ave. north of Bauer Rd. because 28<sup>th</sup> Ave. in this area will likely be developed for residential uses. However, the extra setbacks should still be maintained in case sometime in the future (distant future) a bridge could be constructed over the Grand River in this location.
