Chapter 24 – DISTRICT REGULATIONS.

The Zoning Administrator presented a staff report on revisions to [Chapter 24](#).

There was discussion about more flexibility with heights and the proposed changes.

Tim Smit was opposed to increasing the height because he did not think that taller buildings were compatible with the community and the ZBA had the authority to approve taller buildings. It was also noted that taller buildings would be allowed with a PUD when there is more control over setbacks. It was also noted that it was appropriate to eliminate the number of stories.

Moved by Richard VanderKlok, seconded by Don Hebler, to initiate Zoning Ordinance revisions as follows:

Chapter 4 - MAPPED DISTRICTS

The Zoning Administrator presented a staff report on revisions to [Chapter 4](#).

There was discussion about the proposed changes.

Moved by Richard VanderKlok, seconded by Steve Smit, to initiate Zoning Ordinance revisions as follows:

Sec. 4.2 THE ZONING MAP.

The locations and boundaries of these descriptions are hereby established on a map entitled "Georgetown Charter Township Zoning Map" which is hereby adopted and declared to be a part of this Ordinance.

- (A) Regardless of the existence of copies of the zoning map which may be made or published, the official Zoning Map shall be located in the office of the Zoning Administrator and shall be the final authority as to the current zoning status in the Township. No amendment to this Ordinance which involves matter portrayed on the official Zoning Map shall become effective until such change and entry has been made on said map.
- (B) The Official Zoning Map shall be identified by the signature of the Zoning Administrator, attested to by the Township Clerk.
- (C) A record is to be kept by the Zoning Administrator of all changes made or required to be made to the Official Zoning Map. The Official Zoning Map is to be kept up to date, accessible to the general public, and shall be the final authority as to the current Zoning District status of all land and buildings in Georgetown Township which are subject to the provisions of this Ordinance.
- (D) **The following standards will be considered by the Planning Commission and Township Board in the review of a rezoning request:**
 - (1) **Consistency – is the proposed zoning district and all of its allowed uses consistent with the Master Plan.**
 - (2) **Compatibility – is the proposed zoning district and all of its allowed uses compatible with the surrounding area.**
 - (3) **Capability – is the property capable, including utilities and infrastructure, of being used for all the uses that would be allowed.**

Feb 8, 2016

Good Evening, I am Jon Cade, 7869 Parkside Ct, Jenison
RE: Item 9.6 – Sprinkling at 200 Baldwin

Putting sprinkling on a piece of commercial property, that needs to be sold, is not a prudent use of taxpayer's money. As long as the grass is cut, the property looks fine. It has looked fine during the past couple of summers.

What citizen has stood at this podium and said, "The township needs to spend the taxpayers money and put sprinklers at 200 Baldwin"?

Something I found interesting at the Goal Setting Meeting, John Schwalm wanted underground sprinkling at 200 Baldwin and Dan Carlton said the cost would be around \$15,000.

When Carol made the proposal to put the Veterans Memorial at 200 Baldwin, she upped the budget from \$250,000, at the fountain, by \$200,000 – to \$450,000. When she was asked why, she said, to cover the cost to bring water and electric to the site.

One has to wonder if the cost to have underground sprinkling is \$15,000, or even \$25,000, what is the other \$175,000 for?

But it is a waste of taxpayer's money, the people's money, to put sprinklers at 200 Baldwin.

Thank you.

WE HEREBY SUBMIT a proposal line 3 sanitary sewer manholes located on Pinewood St. with Terre Hill Composites Cured in Place Multiplexx liners.

We will provide you a Terre Hill Composites certified installation crew to remove the existing failing coating that is on manholes A & B, prep each structure and install the cured in place liners. Our PVC Multiplexx cured in place liners are manufactured by Terre Hill Composites and are made up of a PVC coated fleece felt with fused seams, multi layers of woven fiberglass, saturated and bonded together with a 100% solids resin. This liner is inserted into the manhole, inflated with air pressure and injected with steam until the two-part resin is cured and hardened. The final product is impervious to hydrogen sulfide gas and will provide structural strength to the existing deteriorated manhole structure.

Bid Item	Price
Lining of Manhole A - 13' deep	\$7,340.00
Lining of Manhole B - 16' deep	\$7,940.00
Lining of Manhole C - 16' deep	\$6,360.00
	\$21,640.00

If you have any questions, please feel free to call me on my mobile phone at (616) 813-0873 or sign this proposal and send it back to me so that I may proceed scheduling this project. You may also contact me via e-mail jroot@plummersenv.com
Thank you for giving us the opportunity to quote this work.

WE HEREBY SUBMIT a proposal video inspect approximately 289,095' of sanitary sewer in the years of 2016, 2017 & 2018

All pipeline video inspections will be performed by one of our NASSCO certified PACP inspectors. All sewers will be inspected utilizing one of our IBAK mainline tractor cameras. Inspections will be recorded and PACP coded through Pipe Logix a NASSCO certified software. We will provide you with a digital copy of the video inspections along with the PACP database.

GIS integration will be accomplished with our sewer inspections to accurately map defects, codes, and observations to pipe sections and link pipe videos and pictures to the database to provide a multidimensional analysis of the current assets in the collections system. We will integrate your database with Pipelogix to give you a new database with layers that show where each defect, code, and observation is on your map. We will provide a sewer mains shapefile layer and sewer conditions shapefile layer each with information in the attributes table required by PACP, including date, weather, rating, location, etc.

Table with 4 columns: Bid Item, LF of Pipe, Price, Extended Price. Rows include PACP Video inspect 8"-36" Sanitary Sewer for 2016, 2017, and 2018, with a total extended price of \$262,574.89.

Dear Mr. Hanenburg,

In response to your request of **Michigan Pipe Inspection, Inc.**, the following proposal has been prepared for your review and consideration.

Scope of Work:

Michigan Pipe Inspection, Inc. will provide sewer video inspection of approximately 289,095 feet of sanitary sewer piping located within the projects' location of Georgetown Township, MI. All CCTV surveys will be PACP compliant.

Note: Customer to provide the following:

- **Notification of all parties involved within the project scope**
- **Proper Structure Identification Numbers (site plans, maps, drawings)**
- **Clean piping to allow proper camera transportation through pipe**
- **All necessary permits & fees**
- **Traffic control assistance (if deemed necessary)**
- **Access to manholes with equipment**

Warranties:

All material is guaranteed to be as specified. All work to be completed in a competent manner according to standard practices. Any alteration or deviation from specifications involving extra cost, will be executed only upon written orders, and will become an extra charge above the estimate. All agreements are contingent upon strikes, accidents, or delays beyond our control.

RE: Chicago Drive Enhancements

Dear Dan,

Bids for the Chicago Drive Enhancements were received and opened at the Township offices on Wednesday, July 30, 2014 at 2:00 pm. There were two (2) bids received from qualified contractors on the project. The bids and bid tabulation are attached.

We recommend that Rivertown Contractors, Inc. be awarded the project with a low bid of \$442,018.35. I spoke with Buddy Windham, President, and he indicated and they were comfortable with their bid and excited to be working on the project for Georgetown Township.

M.C. Smith has worked with Rivertown Contractors, Inc. for over 30 years and they have been the general contractor and have built the many of our projects for our clients throughout the State of Michigan. They are a qualified contractor with a vast amount of experience with construction projects.

Currently we have two projects that are in the completion phases of construction with Rivertown. One is a large (\$967,000) boardwalk access project for Berrien County and the second is a park project (\$481,000) in Heath Township.

We would also recommend the purchase of the lighting equipment including the site and accent lighting from Michigan Lighting Systems West at a cost of \$133,070.66. Their quote is attached.

The cost of construction and purchase of the lighting equipment results in a construction cost of \$575,089.01.

If you have any questions or need additional information concerning this recommendation, please feel free to contact me.

Sincerely,

M. C. Smith Associates and Architectural Group, Inc.

Good Evening – I am Jon Cade, 7869 Parkside Ct, Jenison

The Board has now received, between December and today, over 300 petitions from citizens stating that they do not want the Veterans Memorial at 200 Baldwin.

200 Baldwin is not a quiet location to honor the veterans who fought, and in some cases gave their lives, to protect our great country.

We have found out that when the brick buyers were called, by a Board member, regarding the location of 200 Baldwin, it was not disclosed to them that, once the cost of the land is included, the cost of placing the Veterans Memorial at 200 Baldwin would be over \$1 million.

The Board needs to listen to the wishes to the now informed public and stop the unwanted plans of placing the Veterans Memorial at 200 Baldwin. Move it to a park.

Thank you

I have spent a number of hours over the past few days attempting to contact some of the brick buyers to confirm their choice of 200 Baldwin for the Veterans Memorial. Unfortunately, my results are limited as I didn't have access to phone numbers, but with some diligence, I was able to get a few. I reached 5 people that were on Carol's list favoring 200 Baldwin. One person still wants it at 200 Baldwin and the other 4 have changed their minds and would rather see it at Woodcrest Park. 5 people certainly is not a lot, but statistically, that's 20% for 200 Baldwin and 80% for Woodcrest Park. The first person I contacted on the 200 Baldwin list told me they told Carol they DIDN'T want the Memorial at 200 Baldwin.

I also was able to contact 3 more brick buyers that weren't part of the survey and all three of them DO NOT want it at 200 Baldwin.

Your survey only included 35% of the brick buyers. Don't the rest have a say in the matter?
YES, The drawings are Beautiful. The Location Prominent.
Please reconsider your decision to place the Veteran's Memorial at 200 Baldwin. Our veteran's deserve more than a drive by memorial. They need a safe, quiet place where they can view their bricks. +

I didn't see A parking lot in the drawings. How much of the property that was purchased for millions of dollars will be used for parking? How many ^{parking} spaces? ~~but there~~ ~~be~~ I might have missed it on the drawing, BUT where will the access road be - on Main Street or Baldwin? ~~but you be~~ seems to be a pretty tricky spot to get in & out of, possibly dangerous? It would be a shame to put such a beautiful monument of recognition in a spot that isn't advantageous to visitation.
