# MEMBER NEWS

## Focus on Your Museum

By Ken Williams

It was suggested at our January meeting that we have a Curator's section in our Newsletter highlighting things in and/or ideas about our museum. Some envisioned an article focusing on an artifact and its "back story". Others envisioned helpful information to enliven our docent stories for our visitors. And still others envisioned a "soap box" opportunity to keep us focused and together in our mission. In the months to come I hope to offer a little on all three visions. I would also urge all of you to suggest topics and/or artifacts to write about so this article can stay relevant and be helpful to us all.

I cringe a little when a visitor asks if there are any "ghosts" in our museum. I politely explain that through the years I have been in the museum at every hour of the day and night and have never seen or heard any "paranormal activity," but I do see and hear (in my mind) the "spirit" of past Association members in every corner of the museum. When the Association started all we had was the possibility of a museum and a campaign to "Save the Tiffany House." In the end the Highway Department finally gave the Tiffany house to Georgetown Township and the Jenison Museum started as an empty house. There were no furnishings, no artifacts; even the ceiling light fixtures had been removed. With the financial help of the Georgetown Township Board, generous donations of both money and artifacts and loans of specific items, all of what we have in the museum today and its solid condition is the result the hard work of hundreds

different volunteers.

These are the "spirits" I see and hear at the museum. In my mind I hear Betty Galer, standing in the northeast corner of the front parlor, say "someday this will be a world class museum" as she explained to our group how she and Chris Tucker had managed to acquire the "correct" antique pieces (Continued page 3)

## Minutes of the Jenison Historical Association - January 21, 2016

Present: Ken Williams, Yvonne Williams, Ruth Lowing, Nellie DeLaat, Liz Timmer, Gene Kort, Ronnie Aungst, Linda Droog, Mary Raper, Mike Timmer and Sandy Wensink.

### ASSOCIATION BUSINESS

Welcome New Members: Liz shared that we have several new members who are not present tonight, Carol Dilly and Makenna Bosch, a young girl who might shadow with Emi. There are also 2 new members from Hudsonville.

Approve January Agenda: Supported and approved as presented except to add name badges to other business. Carried

Approve November Minutes: Supported and seconded as written. Carried.

Treasurer's Report: Gene and Sandy motioned to approve as written. Carried. Ruth presented the final 2016 Budget as approved. Liz asked for an Ornament Update. Sandy volunteered to get a running total.

### Curator/Historian's Report:

- Gerald Scholma was remembered at his recent passing. He was on the township board at the time the historical association was organized and was very instrumental in preserving and placing the stump fence here at the museum as well as being involved in saving the Tiffany House.
- Rebecca Bush, a family member researching the Gerrit VerStrate home on Tyler/36<sup>th</sup> Ave. (just east of Port Sheldon) was present to share a book she had put together with her research findings. She had also researched the diary of Abe VerState that we have a copy of in our files.
- Christmas Open House: Had 240 visitors over the two open houses plus 2 private tours.
- Local TV Station had requested a walk thru interview featuring our Christmas trees.
- Additions to the cleaning closet have been purchased. We have purchased a new Shark vacuum as well as cleaning and reorganizing the closet, Yvonne found a wood shelving unit.
- Ken noted ice buildup on the roof of the front porch as well as exposed wood that needs to be repaired and painted.
- We now have a new used printer donated by Ruth. Thank you, Ruth.
- The Garfield home in Jamestown, which had been damaged by fire in the past, was found to be demolished recently. Another piece of history is gone.
- Haire's Landing on the Grand River is of interest again. Jeff Seaven and Carl Bajema are involved in compiling information and artifacts found at the site. This property is owned by the GR Gravel Co. GVSU Archeology Department is now interested also.
- The old Bob Andre Insurance building has been demolished, most recently housing the "Love Tattoo" business.

Township Representative's Report: Ron not present

Acquisitions Report: Barb not present

Maintenance Report: Mike has the estimate to fix the roof and has been approved. Work will be completed once weather permits. We will also look into doing touch up painting on the dark green siding.

### Master Plan Report:

- Time Line -- work is progressing, Ken is working on finding pictures.

(Continued page 3)

## Minutes of the Jenison Historical Association (Continued)

- Inventory -- is on going
- Clear Coat Basement -- need to wait for warmer weather to complete the job.

2016 Meeting Locations: We have been approved to use the Library for all months except for May and June. Rosewood Ref. Church has been reserved for those months.

January Holiday Open House Report: 25 visitors toured the house and \$83 was donated.

Holiday De-decorating and Cleaning: It was decided to start on Tuesday, Jan. 26 at 10 a.m. and complete it on Saturday Jan. 30 at: 9:30 a.m. We will need the boxes brought down by Tuesday morning.

March and April 2016 Open House: History Mystery questions are ready and Liz now has colored paper to print them on. She will also attempt to get some gift card donations from local businesses for prizes.

Advertising: Liz contacted Dan Carlton about advertising our open houses on the new township digital sign, as well as posting on the township FB page and web sites. He has agreed to this.

Newsletter: Ruth has introduced a new format for our quarterly newsletter. Other members are encouraged to get involved with input and research that can be used in the newsletter. Ruth would be very excited if another member would be willing to take it over.

### OTHER BUSINESS

Name Badges: Liz presented pricing for new magnetic name badges that are uniform for all the docents. Yvonne will check out some additional pricing and sources.

## Focus on Your Museum (Cont.)

for the four front rooms on the main floor. I can hear Gerald Scholma and Doris McKenzie as they assembled the stump fence outside the museum and their excited story of how neighborhood kids had helped them pick out "just the right stumps" for the project. I can hear Betty Groendyke playing Christmas Carols on the front parlor piano during a Christmas open house.

I can see Wayne Lowing and Ken Smedly applying plaster to the ceilings of the kitchen and bedrooms upstairs. There was laughter in the air and more than a little plaster. I can see Bob Duell building the showcases and mural frame in one of the bedrooms upstairs and Burt Timmer helping Mike Timmer and others bringing the restored Jenison Store cash register up the front stairs.

In the kitchen I can hear Bob Andre telling me about the many trails where he rode his horse in the hills south of his place which is now Sonny-brook Country Club. On the front porch I can hear Gerald Scholma telling me that as a kid he and his neighborhood friends would throw a wire over the overhead interurban wire and drop it in Rush Creek to shock the fish. I can hear Christ Tucker describe a ceramic vase displayed in the dining room as rare and valuable addition to our collection. I can also hear Virginia Timmer, a former historian and chronicler of all things Jenison history, report on what she had found "in her files" about the question or issue at hand. Every time I use those files today I hear her voice and the amazing historic details she collected.

These are just a few of the many volunteers that have helped us on our way to becoming a "world class museum." These are the shoulders we are standing on as we continue the work. We are sharing in their vision and continuing the mission. When you wonder, what good am I doing?

(Continued page 4)

Think of that 3<sup>rd</sup> grader who is just learning his or her place in this big world. We can be the place to help them learn about the past. Think of the young families and new Jenison residents who are putting down roots. We can be that place where fertile soil helps them take root in their community. Also, think of that “lifelong” resident or the one who has “lived here for 30 years” and has never gone through the museum. We can be that place where they meet their personal history and are reminded of how important and rich those memories are.

Yes there are “spirits” in our museum and we are their guardians, dispensers, and most of all beneficiaries. They are the spirits of the past. They guide us, remind us, humble us, entertain us, inspire us, and amaze us. And now that we have joined in the effort, let us hope our “spirit” will continue and sustain the mission that has begun here in this place.

MINUTES OF THE REGULAR MEETING OF THE GEORGETOWN CHARTER TOWNSHIP  
ZONING BOARD OF APPEALS HELD FEBRUARY 24, 2016

The meeting was called to order at 7:30 p.m. by Chairperson Tom Healy.

Members Present: Tom Healy, D. Dale Mohr, Joyce Weise, Greg Honderd, Kelly Walkotten  
Members Absent: None  
Others Present: Mannette Minier, Secretary and Zoning Administrator

**#160224-01 – Approval of the minutes**

The minutes of the regular meeting held on September 23, 2015 were presented.

**Moved by Joyce Weise, seconded by D. Dale Mohr, to approve the minutes as presented.**

**MOTION CARRIED UNANIMOUSLY.**

**#160224-02 – (VAR1603) Heyboer Holdings, LLC**, 5001 40<sup>th</sup> Ave., is requesting to have multiple family dwellings (apartments) with three stories, a variance of a half of a story from the maximum of two and a half stories allowed in Chapter 24, and for the parcel to have a 90 foot width, a variance of 60 feet is needed from the minimum of 150 feet required in Chapter 24 footnote (g), in a (HDR) High Density Residential district, on a parcel of land described as P.P. # 70-14-13-200-030, located at 303 Baldwin St., Georgetown Township, Ottawa County, Michigan ([application](#), [letter](#), [loft elevations](#), [loft layout](#), [townhouse elevations](#), [townhouse layout](#), [site plan](#))

The zoning administrator presented a [staff report](#). She noted that the Planning Commission had initiated a Zoning Ordinance revision to eliminate the regulations of stories in a building since the number of stories did not impact a building and rather the mean height has the impact. She noted that the ordinance revision would be on the March 16, 2016 Planning Commission meeting agenda for a public hearing and on the Board agenda on March 28, 2016, making it effective about the middle of April after publication. At that time with the ordinance revision, no variance would be needed in this instance since the proposed height was less than the maximum height allowed.

Nate Heyboer represented the applicant and presented the request.

Joyce Weise noted that the site was in a floodplain.

Greg Honderd stated the following. He was not certain where the numbers for a maximum of 2.5 stories and 35 feet in mean height came from. He speculated that it was based on a fire truck's ability to fight a fire. That is no longer relevant since the Fire Department has trucks that can fight fires much higher than that. Likely the height of a building is regulated due to aesthetics so that it does not overwhelm the adjacent sites. For example, the Waterford buildings were allowed to be taller; however, they were located in the middle of the property with a good distance to neighboring houses. The Planning Commission did not initiate a Zoning Ordinance revision to allow a mean height greater than the current number of 35 feet because a developer could seek a variance if a greater height was needed and other elements, such as distance to other buildings, could be evaluated.

D. Dale Mohr said that he was just curious and wondered if it was due to density.

The zoning administrator stated that density was still regulated in another section of the ordinance and in the Master Plan.

Greg Honderd said that most zoning districts have a maximum height of 35 feet.

Tom Healy said that this development is consistent with the area because another multi-family development exists to the east of this site.

D. Dale Mohr asked if this was by the river.

Nate Heyboer said that the Ottawa County Parks owns the northern portion of this strip of land that abuts the river.

The chairman opened the public hearing. No one was present to speak at the public hearing. The chairman closed the public hearing.

**Moved by Kelly Walkotten, seconded by D. Dale Mohr, to adopt the staff report as findings of fact and to approve variance (VAR1603) Heyboer Holdings, LLC, 5001 40<sup>th</sup> Ave., to have multiple family dwellings (apartments) with three stories, a variance of a half of a story from the maximum of two and a half stories allowed in Chapter 24, and for the parcel to have a 90 foot width, a variance of 60 feet from the minimum of 150 feet required in Chapter 24 footnote (g), in a (HDR) High Density Residential district, on a parcel of land described as P.P. # 70-14-13-200-030, located at 303 Baldwin St., Georgetown Township, Ottawa County, Michigan; based on the finding that the request has unique circumstances and meets the seven standards of the ordinance as noted in the staff report.**

Greg Honderd said that the request meets the seven standards.

Tom Healy said that he concurs that the request meets the seven standards and that standards 5 and 3 were met due to the unique features of this nonconforming lot, including that it is in a floodplain. He said that it is a validation of the property with the unique conditions and there is a property right to make it economically viable.

Joyce Weise said that the property is close to another multi-family property.

Tom Healy said that it will be more economically valuable to the Township

**MOTION CARRIED UNANIMOUSLY.**

#### **#160224-03 – Public Comments**

Ed Hooze, 4457 Forest Edge Ct., stated the following. He has been in business for 11 selling sweatshirts and tee shirts. On weekends he sold them from a tent in the church parking lot at the corner of 48<sup>th</sup> Ave. and Fillmore successfully in 2010, 2011 and 2012. But his application was denied in 2013 because the determination was made that his business was not seasonal. Now he sells across the street and he went to Blendon and Olive Townships. But he wanted to continue to sell in Georgetown at the corner because it was very successful. He asked the ZBA to interpret the use of selling sweatshirts and tee shirts as a seasonal or periodic event.

**#160224-04 – Other Business**

The zoning administrator explained the following and presented documentation regarding temporary uses. She had made a determination based on the language of the ordinance, since she is the one with the responsibility to administer and enforce the ordinance, as follows.

**1. Relevant Zoning Ordinance Sections****Sec. 2.94 TEMPORARY BUILDING AND USE.**

A structure or use permitted by the Zoning Administrator to exist during periods of construction of the main building or for special events, which period may not exceed six (6) months.

**Sec. 2.45 GARAGE, PRIVATE.**

A building used primarily for the storage of self-propelled vehicles for the use of the occupants of a lot on which such building is located. The foregoing definition shall be construed to permit the storage on any one lot, for the occupants thereof, of commercial vehicles not exceeding a rated capacity of one (1) ton.

**Sec. 2.21 COMMERCIAL.**

This term relates to the use of property in connection with the purchase, sale, barter, display, or exchange of goods, wares, merchandise or personal services or the maintenance of service offices or recreation or amusement enterprise or garage/basement sales operating more than twelve days during any one twelve month period.

**Sec. 3.25 TEMPORARY USES OR STRUCTURES REQUIRING ZONING ADMINISTRATOR AUTHORIZATION.****(B) Seasonal Uses.**

- (1) The Zoning Administrator, upon receiving an application, may issue a permit for the temporary sale of merchandise in any district, related to a seasonal or periodic event. Such seasonal uses shall include the sale of Christmas trees, fireworks, farm produce at roadside stands, and similar activities.
- (2) In considering a request for a temporary permit, the Zoning Administrator must determine that the operation of such a use is seasonal in nature and will not be established as a permanent use.
- (3) Each permit shall be valid for a period of not more than two (2) calendar months and may be renewed by the Zoning Administrator for up to two (2) additional successive periods of two (2) months each, provided the season or event to which the use relates is continued.

**Sec. 28.10 APPEALS.**

Appeals to the Board of Appeals may be taken by any person aggrieved, or by any officer, department or board of the Township. Any appeal from the ruling of the Zoning Administrator concerning the enforcement of the provisions of this Ordinance may be made to the Board of Appeals within five (5) days after the date of the Zoning Administrator's decision which is the basis of the appeal. The appellant must file with the Zoning Administrator a notice of appeal specifying the grounds for appeal. The Zoning Administrator shall immediately transmit to the Board of Appeals all the papers constituting the record upon which the action appealed from was taken.

- (A) **Stays.** An appeal shall stay all proceedings in furtherance of the action appealed from unless the Zoning Administrator certifies to the Board of Appeals after the notice of the appeal shall have been filed with him that, for reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order, which may be granted by the Board of Appeals or, on application, by the Circuit Court when due cause can be shown.
- (B) **Representation.** Any party may appear in person or by agent or by attorney at a hearing considering his request or appeal.
- (C) **Fees.** A fee as established by the Township Board shall be paid to the Township Clerk at the time of filing application with the Board. The purpose of the fee is to cover any necessary advertisement and investigation expenses incurred by the Board of Appeals in connection with the appeal.

**Sec. 28.11 DUTIES AND POWERS.**

The Township Board of Appeals shall have the following specified duties and powers:

- (A) **Review.** Shall hear and decide appeals from and review any order, requirement, decision, or determination made by the Zoning Administrator in the administration of this Ordinance.

**2. Official Zoning Decision as Consistently Administered for at Least Ten Years**

- a. Sec. 3.25(B) allows temporary use approval to be granted for the temporary sale of merchandise in any district related to a seasonal or periodic event. The language further clarifies that "Such seasonal uses shall include the sale of Christmas trees, fireworks, farm produce at roadside stands, and similar activities."
- b. Directly related to this language, as Zoning Administrator I have consistently determined this language to mean the following. Further, this has been consistently administered in this way for at least ten years. Plus, any person aggrieved by this determination and this administration of the ordinance has the opportunity to appeal to the Zoning Board of Appeals.
- 1) A roadside stand for the sale of merchandise would not be determined to be a garage sale because it would not be conducted in a garage or close proximity to a garage.
  - 2) A periodic event includes the sale of fireworks for Independence Day (particularly called out in the language of the ordinance) as long as the use met the standards listed in Sec. 3.25(B) for things such as parking and access.
  - 3) An event such as a clothing store having a special "back to school" sale or a "sidewalk sale" at its own location would be a periodic event.
  - 4) Seasonal events include the sale of Christmas trees for the Christmas season, the sale of pumpkins for the fall harvest season (including Halloween), the sale of flowers for the beginning of the summer growing season, farm produce at roadside stands (particularly called out in the language of the ordinance) and the similar types of things related to a particular season. These types of uses would be approved to locate at any district within the Township as long as the standards are met (such as for parking and access).
  - 5) The ordinance specifically allows the sale of farm produce at roadside stands and farm produce would be determined to be anything grown or produced on a farm. So fruits, vegetables, flowers and the like would be determined to be farm produce.
  - 6) However, the sale of bark and stones (for example, like Best Bark and Stone on Port Sheldon) would be determined to be an open air business and would have to adhere to the standards in the ordinance for such a use.
  - 7) The sale of other general merchandise (such as tee shirts, sweatshirts, purses, necklaces, candles, craft items, etc.) would NOT be determined to be periodic or seasonal sales, not even if these sales were conducted within a particular season. These items would also not be determined to be farm produce since they are not grow or produced on farms.
  - 8) This topic was brought to the attention of the Planning Commission at the time the sale of the sweatshirts and tee shirts was taking place at the corner of 48<sup>th</sup> Ave. and Fillmore. The Planning Commission determined at that time that they did not want to change the ordinance to allow the sale of any type of merchandise (other than what was specially called out in the language of the ordinance), such as items which are typically sold at businesses within the commercial district. The reason was because the Planning Commission determined that it would be detrimental to the community to allow tents to be pitched at various corners within the Township with all other types of merchandise for sale (other than what is particularly allowed). Consequently, the business with the sale of tee shirts and sweatshirts at the corner of 48<sup>th</sup> Ave. and Fillmore was determined to be in violation of the ordinance and enforcement measures were used to stop the use. Also, the sale of merchandise other than the farm produce (fruits, vegetables, flowers, etc.), such as purses and craft items, at the church at the corner of Baldwin and 20<sup>th</sup> Ave. was also found to be in violation of the ordinance and enforcement measures were used to stop the use.
  - 9) Again, the Zoning Ordinance provides the opportunity for any person aggrieved by the decision of the Zoning Administrator in the enforcement of the ordinance to appeal to the Zoning Board of Appeals. No person or company has ever (in the past 20 years) appealed this or any related decision.

3. **Due to the above noted reasons, the temporary sale of merchandise such as tee shirts, sweat shirts, purses, candles and crafts would not be approved for a temporary use permit (unless located at a commercial business that in the course of normal operations sold these items and the permit was for a particular event for such business).**

She further explained the following. This had been explained to the applicant many times, along with the opportunity given to him in Sec. 28.11 of the Zoning Ordinance to appeal the determination of the zoning administrator if he was aggrieved by the action of the zoning administrator. As noted in the ordinance, the application would have to file a formal application, pay the fee and attend the public hearing at the designated ZBA meeting. A notice of the public hearing would have to be published in compliance with the State law and property notices would have to be sent to the properties adjacent to his site at 48<sup>th</sup> Ave. and Fillmore, as required in the Michigan Zoning Enabling Act since the appeal was tied to a specific property. After the requirements had been fulfilled, the application would be placed on a ZBA meeting agenda. At that time, the ZBA would have the authority to hold a public hearing and make a determination as to whether to concur or not concur with the Zoning Administrator's determination and to interpret the provisions of the ordinance.

She also said that this situation had been brought to the attention of the Planning Commission in the past and the Planning Commission determined to leave the ordinance language as written to prohibit people from placing tents at street corners to sell general merchandise because this was not fair to the businesses in the community that paid to locate in commercial districts and paid taxes to operate there.

The zoning administrator stated that no formal application had been filed to appeal the determination to the ZBA or to request the ZBA for an interpretation of the ordinance language, no fee was paid, no notices were published and no property notices were sent. She said that consequently, it was inappropriate for the ZBA to act in a formal capacity in regard to this request and to either make a determination about the enforcement of the ordinance or to interpret the language in the ordinance.

There was discussion about the process to appeal a determination and to request an interpretation of the ordinance. There was also general discussion about the ordinance language.

Greg Honderd stated the following. The notices should be sent and published to give others the opportunity to speak on this topic. Although the zoning administrator briefly touched on it, the Planning Commission was opposed to allowing the general sales of merchandise on street corners in order to protect the businesses that located in the commercial districts within the Township and had a much higher overhead.

The ZBA directed Ed Hoezee to formally apply for a determination or interpretation and the ZBA would formally consider the request.

**#160302-02 – Minutes of the regular February 3, 2016 meeting**

Moved by Richard VanderKlok, seconded by Tim Smit, to approve the minutes as presented.

MOTION CARRIED UNANIMOUSLY.

**#160302-03 – (PUD0603-02) Great Lakes Convenience, Inc., 6785 Whitneyville Rd. SE, Alto, is requesting approval for the second final development plan for the PUD for a gas station/convenience store and retail/bank building, on a parcel of land described as P.P. # 70-14-26-200-077, located at 850 44<sup>th</sup> St., in a (PUD) Planned Unit Development district, Georgetown Township, Ottawa County, Michigan.**

The Zoning Administrator presented a [staff report](#) and noted that a withdrawal request had been submitted for this application two days earlier, too late to cancel the meeting.

The applicant or representative was not present. No one was present to make public comments.

Since the application was on the agenda and the withdrawal was submitted too close to the meeting date to cancel, the Planning Commission determined to use the meeting time to discuss this PUD and PUDs in general. **The Planning Commission discussion and consensus for the development of this site and future PUDS within the Township was as follows:**

- 1) **In general, elevations for all proposed buildings, structures, signs and standalone objects contained within the PUD shall be submitted at the time a developer applies for preliminary PUD approval**, realizing that the elevations are conceptual and that the buildings may change in size, shape, location and use. **The buildings, structures, signs and standalone objects shall be architectural similar with coordinating elements, though not necessarily exactly the same or identical.** After approved with the preliminary plan, this will provide a guide that is agreed upon by both the developer and the Township. This would prevent future misunderstandings and be available for future prospective entities who look to located within the PUD. Since this development has already received preliminary PUD approval, the elevations for all proposed future buildings, structures, signs and standalone objects shall be submitted at the time any future final development plans are submitted to the Township for this PUD. The elevations for this PUD must contain similar rooflines that coordinate, but the architectural character need only coordinate and be similar, not identical.

This determination was based on ordinance language contained in Sec. 22.2 of the PUD Chapter in the Zoning Ordinance as follows and based on the newly adopted 2015 Master Plan as follows.

**Sec. 22.2 QUALIFYING CONDITIONS..**

Any development that fails to meet the following qualifying conditions, at a minimum, shall not be considered for the PUD District:

(D) **Master Plan:** The proposed uses of the PUD shall substantially conform to the Township Master Plan or, if not, represent land use policy that is determined by the Township Board to be a logical and acceptable deviation from or change to the Township Master Plan.

(F) **Architecture:** The PUD should provide for coordinated and innovative visually appealing architectural styles, building forms and building relationships.

Page 34 of the Master Plan

**General Land Use Policies**

Planned Unit Developments and open space clustering are possible development tools that would provide multiple densities of residential, along with possible commercial uses with flexible zoning requirements.

Planned unit developments shall be consistent with the intent of a PUD as listed in the Georgetown Township Zoning Ordinance, including, to encourage innovation in land use and variety in design, to encourage useful open space, and to provide for enhanced site and building architectural features. Such developments shall provide innovation and desirable design elements. Although the intention is not to direct a developer toward any specific details, PUDs with uses other than solely single family residences shall, at a minimum, contain the following elements:

- An overall design theme with common coordinating architectural elements contained in all buildings and structures as well as signs, rooflines, forms and materials;
- A coordinated color scheme and coordinated textures of materials;
- Drive-through elements and stand-alone structures shall have design *elements common to* principle structures;
- Creative, desirable and useable open space;
- Buildings and structures designed to provide the best or front face to any adjoining public streets.

A mixed use PUD (with any combination of residential, commercial and/or industrial uses) may be used as a developmental technique if it is clear the PUD substantially provides for the intent of a PUD as listed in the Georgetown Township Zoning Ordinance. The mixed use PUD shall contain some uses that conform to the Township Land Use Plan for the subject site with the determination of the percentage of uses to be consistent with the Master Plan to be determined by the Planning Commission and Township Board, taking into account if the development substantially provides for the intent of a PUD.

- 2) **Interior pedestrian walkways shall be provided to connect the northwest corner of this site to the northeast corner for this site**, even though the Township Board waived the requirement of sidewalks in the road right-of-way along 44<sup>th</sup> St. The walkway shall provide pedestrians access from the west to the east along 44<sup>th</sup> St. without having the pedestrians just use the parking areas.

This determination was based on ordinance language contained in Sec. 22.2 of the PUD Chapter in the Zoning Ordinance as follows.

**Sec. 22.2 QUALIFYING CONDITIONS..**  
Any development that fails to meet the following qualifying conditions, at a minimum, shall not be considered for the PUD District:

**(E) Pedestrian:** The PUD must provide for integrated, safe and abundant pedestrian access and movement within the PUD and to adjacent properties.

- 3) **For the layout and design of this site, gas pumps shall be aligned along the interior service drive and the buildings shall be located between the pumps and 44<sup>th</sup> St. and 8<sup>th</sup> Ave.** The gas pumps shall be easily accessible to both 44<sup>th</sup> St. and 8<sup>th</sup> Ave. via the interior service drive and shall not front on 44<sup>th</sup> St. or 8<sup>th</sup> Ave. The use of a gas station was allowed in the motion for the preliminary development plan. The gas pump canopy may have a flat roof since the pumps would be in the interior of the site, as long as all the other buildings have peaked rooflines. The current layout shows poor planning with parking spaces located along this service drive by the entrances because vehicles would be forced to back out into oncoming traffic entering the site and using the service drive. In addition, the current layout shows poor planning with vehicles entering from 8<sup>th</sup> Ave. maneuvering through two buildings to get to the gas pumps.

This determination was based on ordinance language contained in Sec. 22.2 of the PUD Chapter in the Zoning Ordinance as follows and based on the newly adopted 2015 Master Plan as follows.

**Sec. 22.2 QUALIFYING CONDITIONS..**  
Any development that fails to meet the following qualifying conditions, at a minimum, shall not be considered for the PUD District:

**(G) Traffic:** The PUD must provide for safe and efficient vehicular movements within, into and off of the PUD site. In addition, the PUD should integrate traffic calming techniques, along with suitable parking lot landscape islands and other similar techniques to improve parking lot aesthetics, storm water management, traffic flow and vehicular/pedestrian safety.

Page 34 of the Master Plan

- Buildings and structures designed to provide the best or front face to any adjoining public streets.

- 4) **The open space shall be useable** with amenities, as required in the ordinance, and not just grassed areas.

This determination was based on ordinance language contained in Sec. 22.2 of the PUD Chapter in the Zoning Ordinance as follows and based on the newly adopted 2015 Master Plan as follows.

**Sec. 22.2 QUALIFYING CONDITIONS..**

Any development that fails to meet the following qualifying conditions, at a minimum, shall not be considered for the PUD District:

**(H) Open Space Requirements:**

- (1) The PUD development shall contain usable open space in an amount equal to at least twenty (20) percent of the total PUD site. The Planning Commission may consider a PUD with a lesser amount of open space if it is clear that the proposed PUD substantially provides for the intent of a PUD as stated in this Chapter. It is noted that open space is a very important element of a PUD and reductions to the open space provision should be granted only as a result of specific, clearly documented reasons (i.e. the PUD may located on a relatively small site in an area where a 20% open space provision would detract from building continuity, historic preservation efforts, etc.)
- (2) Such open space to be considered usable shall not include required yards (required yards need to be individually determined for each PUD project) or buffers, parking areas, drives, rights-of-way, utility or road easements, storm water detention ponds, wetlands (unless determined to be useable by the Planning Commission due to the addition of interpretive boardwalks/walkways, etc. provided in and through the wetland) and structures (Unless the structures are part of the open space i.e. gazebos, etc.).
- (3) Such open space shall be permanently set aside for the sole benefit, use, and enjoyment of present and future occupants of the PUD through covenant, deed restriction, open space easement, or similar legal instrument acceptable to the Township; or, if agreed to by governmental agency, the open space may be conveyed to a governmental agency for the use of the general public.

The consensus of the Planning Commission was to adopt the above determinations and interpretations of language in the ordinance and in the Master Plan for future PUDs and for this site, and to relay this information to the property owner’s representative so that the developer would have an understanding of the Planning Commission’s interpretation of the Zoning Ordinance and Master plan language relating to this site and future PUDs.

Moved by Richard VanderKlok, seconded by Don Hebler, to accept the withdrawal of this application.

Re: Cedar Lake Drive – Lift Station Removal  
Final Pay Request – Cost sharing

Dear Dan:

Cedar Valley Associates, Inc. has completed the work on this project and is entitled to a payment in full at this time. This payment request is based on the "as-built" quantities listed on the enclosed items list.

Summary

- TOTAL TO DATE	\$302,777.41
- Less Previous Payments	\$176,847.19
<b>- GRAND TOTAL TO DATE - Final Due</b>	<b>\$125,930.22</b>

592-000-154.000

OC  
\$ 121,159.47

We recommend you pay Cedar Valley Associates, Inc. the Grand Total to Date, or **\$125,930.22**, at this time.

There are three (3) items that varied from the original approved agreement.

- Item #6, Cross Country Sewer, additional silt fence was required by the OCWRC during construction, adding \$690.00.
- Item #4(a), Cedar Lake Drive Sewer Items, 1½" Bituminous top course, OCRC required a small additional area to be resurfaced based on the existing condition of the roadway near the lift station, adding \$491.40.
- Item #5, Cedar Lake Drive Sewer Items - Replace existing concrete drives, due to depth of sanitary trench and dewatering configuration, 3 driveway approaches on the south side were required to be replaced, adding \$4,770.75.

If you have any questions, please feel free to call.

Sincerely,

Todd R. Stuiwe, P.E.

Cedar Lake Drive Lift Station Removal

Cost Sharing Proposal

Proposal

Cedar Valley Associates will include the sewer project in with the Phase #12 Plat. The project will have a competitive bid, which should yield the best possible pricing.

Cedar Valley Associates (CVA)

(CVA) will pay for the Fillmore street open cut and connection to the manhole and the first 350 feet of offsite sewer, less over-sizing. This is equal to the expense that would be incurred if CVA tied into the sewer in Fillmore directly north of the proposed cul-de-sac.

Georgetown Township

The township will pay the following:

Balance of the offsite sanitary to Fillmore west of the proposed roadway. Allowance for over-sizing from 8" to 10" sewer pipe. Reconstruction of the 8" sewer for Cedar Lake Drive from the lift station to Norman Drive, including roadway and storm sewer restoration as necessary. Decommissioning and removal of the lift station. 5% engineering fees based on the cost of off-site sewer and Cedar Lake Drive items only. Cost will be based on low bid contract amounts with final payment made upon acceptance of the sewer into service.

Township costs are computed based on low bid amounts.

Table with 5 columns: Offsite Sewer Items, Qty, Unit, Unit Price, Amount. Rows include 10" Sanitary sewer, 4' Sanitary manhole, Tree clearing, Restoration over sewer, Soil erosion control, and Subtotal.

Cedar Lake Drive Sewer

Table with 5 columns: Cedar Lake Drive Sewer items, Qty, Unit, Unit Price, Amount. Rows include Signage, Remove existing black top, 6" gravel base, Paving (sub-rows), Saw-cut, 24" rolled curb, Right of way restoration, Replace existing storm MH, Replace existing 12" storm, Remove 8" sanitary sewer, 8" sanitary, 4' sanitary manhole to 10', and 4' sanitary manhole over 10'.

Dear Dan:

Cedar Valley Associates, Inc. has completed work on this project and is requesting a partial payment at this time. This payment request is based on the quantities listed on the enclosed items list. There will be a second and final payment request at the completion of the project based on "as-built" measurements at that time.

Summary

- TOTAL TO DATE **\$176,847.19**

We recommend you pay Cedar Valley Associates, Inc. the Total to Date, or **\$176,847.19**, at this time. Also enclosed for your reference, is the approved cost sharing agreement and the contractor's pay request identifying the work that has been completed to date on the project.

If you have any questions, please feel free to call.

Sincerely,

Todd R. Stuve, P.E.

Mannette Minier

Jenison, MI 49429-0769

Dear Ms. Minier,

Thank you for taking the time to speak with me on the phone today. You asked that I explain a bit about who we are as an organization and what we do, so let me give you a brief history.

My husband, Mark, and I have two sons, Jarod and Caleb, who are now fifteen and ten. In 2011, after many years of questions regarding health, cognitive and behavioral issues with our oldest, Jarod, he was diagnosed with Mucopolysaccharidosis III, otherwise known as Sanfilippo Syndrome. It was a devastating blow. We then tested Caleb to rule it out in him, only to find out that he has it, too. Please see the enclosed flyer to learn a little more about this horrific, terminal disease.

After our sons' diagnoses we were surrounded with love and support from friends and family, even our local community. We were able to connect with other Sanfilippo families around the state, country, and even abroad, through a Facebook group. Over the last few years we have seen how devastating this disease is on families and how many of them don't have the same support system that we do.

So in 2014 we created The Sanfilippo Hope Initiative, dba Team Jarod/Team Caleb, to reach out to those families. Our mission is threefold: 1) raise awareness, 2) assist other Sanfilippo families financially, and 3) fund research towards a cure when we have more assets. We were so happy to recently be able to help a family purchase a new stroller/bike trailer for their son and it was a life changing event for them. We hope to do so much more!

Enclosed you will find the form we need filled in for the state, along with copies of other documents I thought would be helpful. We are hoping to have raffle prizes at our next function - our 2nd annual "Cornhole for a Cure" tournament on May 20. I apologize for the length of this letter, but wanted to make sure I gave you a complete description of who we are and why we do what we do. Thank you for your time and consideration.

Because this letter could help resolve any questions regarding your exempt status, you should keep it in your permanent records.

Organizations exempt under section 501(c)(3) of the Code are further classified as either public charities or private foundations. We determined that you are a public charity under the Code section(s) listed in the heading of this letter.

For important information about your responsibilities as a tax-exempt organization, go to [www.irs.gov/charities](http://www.irs.gov/charities). Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.

Sincerely,

  
Director, Exempt Organizations

THE SANFILIPPO HOPE INITIATIVE

## **This is Jarod and Caleb.**

They love to do things like most boys their age...playing sports, riding bikes, swimming and having fun with their family, but their bodies harbor a deadly secret.

In 2011 Jarod and Caleb were diagnosed with **Sanfilippo Syndrome**. There is currently no cure, and no viable treatments have been discovered. BUT, we have a chance to fight this fate! We need to raise awareness of the disease, promote research that could lead to possible treatments, and ultimately find a cure. Children with this horrible disease should be spared the lifetime of pain and suffering that they are currently facing.

The **Sanfilippo Hope Initiative** was created to do exactly that. With your help we can offer assistance to families of individuals with Sanfilippo Syndrome, promote research, raise awareness and join together with other grassroots organizations to **FIND A CURE!**

## What is Sanfilippo Syndrome?

Sanfilippo Syndrome is an ultra-rare genetic disorder that occurs in approximately 1 in 70,000 births. It is caused when two parents unknowingly pass down a mutation of the same gene, causing a deficiency in, or lack of, an enzyme needed to break down a particular cellular product called **Heparan Sulfate**. When Heparan Sulfate is not recycled properly it slowly builds up in cells throughout the body and brain until they are no longer able to function, causing progressive damage. Children with Sanfilippo Syndrome are born seemingly healthy and usually don't exhibit symptoms until their preschool years. As they grow older, they commonly experience cognitive impairment, hearing loss, short stature, joint stiffness, hyperactivity, aggressive behavior, poor attention span, speech and language delay (and eventual loss), sleep disorders, digestive issues, vision impairment, enlargement of organs, seizures and loss of all motor capabilities. By the end stage of the disease children are extremely handicapped and are no longer able to walk, talk, feed themselves, swallow... survive.

8. Licensors' Right to Revoke License. Upon reasonable prior written notice to Licensee, Licensors may revoke the license represented by this Agreement if Licensee (a) fails to pay any fee or payment required hereunder or (b) breaches any other obligation hereunder and such breach continues after written notice from Licensors describing same. If this license is so revoked, Licensee shall forthwith vacate the Room in a neat and orderly manner. Licensors shall have all rights and remedies available to it under applicable law.
9. No Assignment. Licensee shall not, and shall not have any right to, assign or transfer, or sublicense this Agreement. Licensors shall have no obligation to consider or approve any such transfer, regardless of the circumstances.
10. Casualty or Condemnation Affecting Premises. Notwithstanding anything in this Agreement to the contrary, in the event that damage or casualty to all or a part of the Room, this License shall terminate and Licensee shall have no right to restoration of the Room or to receive any compensation whatsoever.

11. Notice. Notice shall be deemed to have been duly given three (3) business days after having been mailed by certified or registered mail, return receipt requested, to the party's address set forth at the beginning of the Agreement, or upon receipt if delivered by hand or recognized overnight delivery service. Either party may change its address for the purpose of notice hereunder by providing the other party with notice of the new address.
12. Governing Law and Binding Effect. This Agreement shall be governed by and construed under the laws of the state in which the Building is located. This Agreement shall be binding on the parties and their respective, successors, transferees and assigns.
13. Brokers/Consultants. Licensor and Licensee each represent to the other that there is no broker in this transaction. Each party shall indemnify the other against the claims of any broker.
14. Authority. Each party represents and warrants that it has the full power and authority to execute, deliver and perform under this Agreement.

**GRAND RIVER GREENWAY – GEORGETOWN TOWNSHIP RESOLUTION**

At a regular meeting of the Board of Trustees of Georgetown Charter Township, Michigan, held at the Georgetown Township Hall in Jenison, Michigan on the 14th day of March 2016, at 7:30 o'clock p.m. local time.

PRESENT:

ABSENT:

It was moved by \_\_\_\_\_ and supported by \_\_\_\_\_  
that the following resolution be adopted.

**WHEREAS**, Georgetown Charter Township is located on the Grand River, Michigan's longest river and the Township's most significant natural feature;

**WHEREAS**, the Township includes seven miles of Grand River waterfront, with varied landscapes and ecosystems, including extensive floodplain forest, riverine wetlands, native grasslands, and magnificent ravines;

**WHEREAS**, this waterfront and its associated landscapes and ecosystems constitute an invaluable resource, that, if properly protected, maintained, and developed, could provide substantial and unique recreational, natural, economic, and public health benefits to Township residents, businesses, and visitors for generations to come;

**WHEREAS**, the Township recognizes the value in protecting a resource as critical and distinctive as the Grand River through an interconnected network of preserved properties within the river corridor known as a greenway;

**WHEREAS**, it is the goal of the Ottawa County Parks and Recreation Commission to preserve and link key natural lands along the Grand River and thereby create the "Grand River Greenway" in Ottawa County, including the segment of the Grand River Greenway through Georgetown Township;

**WHEREAS**, County has commenced with plans to construct a 28-mile long non-motorized pathway known as the Grand River Greenway Trail that would access thousands of acres of land along the river and facilitate connections between communities located along the Grand River including Georgetown Township;

**WHEREAS**, Georgetown Township has taken steps to support the Greenway Project, including the following:

- Adopting a Township Parks and Recreation Plan which supports the efforts of the Ottawa County Parks and Recreation Commission to establish the Greenway where possible;
- Collaborating, through its Mineral Mining Board in conjunction with the Ottawa County Parks and Recreation Commission, to support an innovative master plan for the “Bend Area” with a goal to maximize the future public benefit of the property and provide the opportunity to establish a county park encompassing the site’s extensive natural and man-made water features.

**WHEREAS**, the Ottawa County Parks and Recreation Commission is seeking to acquire greenway properties along the Grand River including 231 acres in the Bend Area;

**WHEREAS**, Georgetown Township owns an undeveloped riverfront property along Baldwin Street (see Attachment A) adjacent to a property owned by the Ottawa County Parks and Recreation Commission;

**WHEREAS**, the purpose of this resolution is to define the terms of collaboration between Georgetown Charter Township and the Ottawa County Parks and Recreation Commission to share in the development of the Georgetown segment of the Grand River Greenway

**NOW THEREFORE BE IT RESOLVED** that Georgetown Charter Township designates its riverfront property along Baldwin Street for greenway purposes as appropriate including trail construction and maintenance access to greenway properties;

**BE IT FURTHER RESOLVED**, that Georgetown Charter Township pledges \$900,000 in funding to assist the Ottawa County Parks and Recreation Commission in completing the Georgetown segment of the Grand River Greenway including trail development and specifically designates approximately \$180,000 of the \$900,000 be directed to construct approximately 2,400 linear feet of the Grand River Greenway trail in the Bend Area and on the County and Township owned riverfront properties to serve both local and regional trail needs.

**BE IT FURTHER RESOLVED**, to further the goals of the Greenway Plan, Georgetown Charter Township requests the Ottawa County Parks and Recreation Commission commit to future maintenance and operation of the Grand River Greenway trail and properties in Georgetown Township including the Township’s riverfront property on Baldwin Street with the eventual goal of developing the Grand River Greenway trail on this property.

Ottawa County Parks and Recreation Commission

RE: Letter of Support for the Bend Area Expansion Project

Dear David VanGinhoven:

I am writing this letter in support of the Bend Area Expansion Project Grant application in Ottawa County, Michigan. Georgetown Township is strongly supportive of the Bend Area Expansion Plan, a plan proposed to be assisted through the Bend Area Expansion Grant. Georgetown Township has partnered with Ottawa County Parks in the past to develop recreational opportunities in the Bend Area.

Georgetown Township is excited about the project and is so strongly supportive of the expansion project because we see great value for our residents and residents of neighboring communities. The additional development of the Bend Area will allow access to new parks, trails and water recreation sports, along with providing new opportunities for swimming, fishing, sailing, paddle boarding and other non-motorized recreational boating. In addition, people will enjoy the picnic area along the trails that will be used for hiking, cross-country skiing, bird watching and nature studies. There will also be opportunities for archery deer hunting.

This will also serve the students and faculty of Grand Valley State University, providing important recreation outlets for both the Allendale and Grand Rapids campuses.

The Township also commits to having funded Sheriff's deputies patrol the park.

In summary, we urge your support for the Bend Area Expansion Project which will result in many new recreational opportunities.

Sincerely,

Daniel Carlton  
Georgetown Township Superintendent

**APPLICATION FOR LAYING OUT AND DESIGNATING  
A DRAINAGE DISTRICT**

**GREEN ACRES DRAIN**

To the Ottawa County Water Resources Commissioner:

The undersigned is Georgetown Charter Township, Ottawa County, Michigan. This application has been duly authorized by the governing body of Georgetown Charter Township and requests that the Green Acres Drain Drainage District be laid out and designated under the provisions of Act No. 40 of the Public Acts of 1956, as amended.

The proposed drainage district that will pay for the costs of the proposed drain is located in Georgetown Charter Township, Ottawa County, Michigan.

The proposed drain is necessary for the public health, convenience or welfare and is further necessary for the protection of the public health of Georgetown Charter Township.

Georgetown Charter Township understands that it will be liable for an assessment at large against it for a percentage of the cost of the proposed Green Acres Drain.

The tentative location of the proposed Green Acres Drain is per the construction plan on file with the Ottawa County Resources Commissioner.

## LEASE AGREEMENT

This Lease Agreement is made, effective the \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, between the County of Ottawa, a Michigan municipal corporation (hereinafter "Ottawa County"), and Georgetown Charter Township, a Michigan municipal corporation (hereinafter "Georgetown Township"), with reference to the following facts and circumstances:

A. Ottawa County is the owner of a certain parcel of land located behind the Ottawa County Human Services Building, at 3100 Port Sheldon Road, Hudsonville, Michigan 49426.

B. Georgetown Township desires to lease, develop and use the property owned by Ottawa County as soccer, football, softball and/or baseball fields for the residents of Georgetown Township, for recreational use in functions not affiliated with any school program.

C. Ottawa County is willing to lease the property to Georgetown Township for such development and use, on the terms set forth herein.

WHEREFORE THE PARTIES, in consideration of the mutual promises set forth herein, and for other and good and valuable consideration, the receipt of which is hereby acknowledged, agree as follows:

1. Leased Premises: Ottawa County leases to Georgetown Township upon the terms and conditions set forth herein, a portion of its property located behind the Ottawa County Human Services Building, 3100 Port Sheldon Road, Hudsonville, Michigan 49426, as more specifically identified in the not-to-scale drawing attached hereto as Exhibit "A" and the property description attached hereto as Exhibit "B", (hereinafter "the leased premises").

2. Term: The term of this Lease Agreement shall be for an original lease term of fifteen (15) years, commencing upon execution of this Lease and extending through December 31, 2031. At the sole option of Ottawa County, upon the written request of Georgetown Township,

this Lease Agreement may be continued for only one (1) five-year renewal period, following expiration of the original lease term. At the end of the Lease, or at the end of the five-year renewal period, the leased parcel must be returned to the County free of any encumbrances unless accepted by the County or Georgetown Township may enter into a purchase arrangement with the County, on terms acceptable to Ottawa County.

3. Rent: During the original lease term, Georgetown Township agrees to pay a rent of \$1 per year for the leased premises. Receipt of payment for the first year of the Lease Agreement is acknowledged upon execution of the Lease Agreement. Rental for any one-year renewal period following expiration of the original lease term shall be set at an amount to be agreed to by the parties prior to the commencement of any and each one-year renewal period.

4. Development and Use of the Leased Premises: Georgetown Township shall develop and use the leased premises exclusively as soccer, football, softball and/or baseball playing fields for recreational use in functions not affiliated with any formal school program. To that end, Georgetown Township may, at their cost and expense, make physical changes and improvements to the leased premises, including grading, leveling, seeding, mowing, weed control, the installation of sprinkling systems, general and routine upkeep and maintenance, the installation and servicing of portable sanitation facilities, and shall fence the ponds and ditches on or near the leased premises to assure the safety of the general public. Georgetown Township agrees to maintain and service a drive along the easterly boundary line of the leased premises and to make appropriate curb cut and access improvements, to provide access to the leased premises. The leased premises shall be maintained in a clean, orderly and dust-free condition by Georgetown Township. All improvements to and uses of the leased premises shall be subject to the general approval of Ottawa County, and all operations, maintenance, and activities at the leased premises

shall be conducted in such a manner so as to minimize any negative impacts upon surrounding properties and/or upon the regular business operations of Ottawa County.

5. Other Activities and Development of Leased Premises Prohibited Without Prior Written Consent of Ottawa County. Uses and activities on the leased premises which are inconsistent with its development and use as soccer, football, softball and baseball playing fields are strictly prohibited without the prior written consent of Ottawa County, and such development and use may, at the sole option of Ottawa County, be grounds for immediate termination of the Lease Agreement. Georgetown Township shall not: (i) erect buildings or other structures on the leased premises except that concession stands and/or public restrooms may be placed on the premises following design and location approval by Ottawa County, (ii) install lights, (iii) install hard-surface parking lots or drives, or (iv) affix anything permanently to the leased premises, without the prior written consent of Ottawa County. Prior to making any such changes and erecting any structures, Georgetown Township shall submit a development plan for the leased premises to Ottawa County, which must be approved by Ottawa County. Georgetown Township shall faithfully observe and comply with all laws, local ordinances, and lawful police and health regulations applicable to the use of the leased premises, shall not do or permit to be done any act or thing upon the leased premises that will increase the cost of insurance thereon, nor do anything thereon that may be dangerous to life or limb. Georgetown Township shall not in any manner deface or injure the lease premises; or permit any objectionable noise or odor to be emitted therefrom, or permit anything to be done on the leased premises tending to create a nuisance or to disturb and annoy residents in the area of the leased premises.

6. Acceptance of Premises: Except as Ottawa County and Georgetown Township may otherwise agree in writing, the leased premises are accepted and leased in the condition in which they are found on the effective date of this Lease Agreement.

7. Assignability, Licensing, and Subletting: Georgetown Township shall not in any way encumber this Lease Agreement, nor assign, license the use of, or sublet the leased premises or any portion thereof, without the prior written consent of Ottawa County.

8. Utilities: Georgetown Township shall pay for and be solely responsible for any utilities used by them on the leased premises. Ottawa County shall not be liable for any failure or interruption of utilities which service the leased premises.

9. Indemnity, Hold Harmless, and Liability Insurance: During the lease term and any renewal period, Georgetown Township shall protect, indemnify and hold harmless Ottawa County, its employees, officers, agents, and assigns, from any loss, damage, expense, or payment of any kind arising out of any accident or other occurrence on the leased premises, as well as for damage or injury to any person or property occurring on the leased premises. Georgetown Township shall provide and keep in force comprehensive general liability and property damage insurance with coverage of not less than \$1,000,000 per accident or occurrence and \$500,000 for property damage, and shall cause Ottawa County and its employees, officers, agents and assigns to be named as additional insureds thereunder. Proof of the existence of such insurance shall be provided at the commencement of this Lease Agreement, and at such other and further times thereafter as Ottawa County may reasonably request.

10. Risk To Personal Property; Fixtures: Any personal property fixtures kept on the leased premises by Georgetown Township shall be at their sole risk. Any insurance maintained by Georgetown Township on such property or fixtures shall contain a clause or endorsement

under which the insureds waive all right of subrogation against Ottawa County, its employees, officers, agents, and assigns with respect to losses payable under such policy, and Georgetown Township and their respective employees, officers, agents and assigns, hereby waive all rights of recovery which they might otherwise have against Ottawa County, its employees, officers, agents and assigns for any damage to their property which occurs or may occur as a result of activities on the leased premises.

11. Default and Termination: Except as otherwise provided in paragraph 5 of this Lease Agreement, if Georgetown Township defaults in the performance of their obligations under this Lease Agreement, and shall not cure that default within thirty (30) days of receiving written notice of such default, then this Lease Agreement may be immediately terminated by Ottawa County, at its sole option, at any time thereafter, by giving written notice of its termination. Upon termination of this Lease Agreement, Ottawa County may, if it elects to do so, forthwith and without further notice, re-enter and go on the leased premises and dispossess Georgetown Township or any other occupant of the leased premises and remove their effects and hold the premises as if this Lease Agreement had not been made. Ottawa County will also be entitled to any other remedies that may be provided by law.

12. Termination Without Cause By Any Party On Two-Year Written Notice, After the First Ten-Years of the Lease: During the lease term, this Lease Agreement may be terminated without cause by any party by giving two-year prior written notice after the first ten years of the Lease.

13. Surrender of Premises: Upon expiration of the original lease term, or any extension thereof, or upon termination of this Lease Agreement, Georgetown Township shall quit and surrender the leased premises to Ottawa County in good order and condition, shall remove all of

their property from the leased premises, and shall repair any damage to the leased premises caused by such removal. The leased premises shall, at the exclusive direction of Ottawa County, be returned to its original condition, or be left in such modified condition as Ottawa County may reasonably direct. Any personal property of Georgetown Township, or of anyone claiming under Georgetown Township, which shall remain on the leased premises after the expiration or termination of the lease term shall be deemed to have been abandoned, and may either be removed by Ottawa County as its property or may be disposed of in such a manner as Ottawa County may see fit, and Ottawa County shall not be responsible for the same.

14. Access to Premises: Ottawa County, its employees, officers, agents, and assigns shall have the right to enter upon and cross the leased premises at all reasonable hours for the purpose of inspecting the same, preventing waste, loss or destruction, removing obstructions, for conducting its normal and necessary business operations on or near the leased premises, or to enforce any of its rights or powers under this Lease Agreement.

15. Rules and Regulations: Ottawa County reserves the right to adopt such rules and regulations for use of the leased premises which are not inconsistent with the provisions of this Lease Agreement. Written notice of any such rules and regulations shall be given to Georgetown Township prior to their effective date.

16. Signs: Georgetown Township shall not erect or install any sign or signs on the leased premises without the prior written consent of Ottawa County.

17. No Waiver: The failure of any party to enforce any covenant or condition of this Lease Agreement shall not be deemed a waiver thereof or of the right of any party to enforce each and every covenant and condition. No provision of this Lease Agreement shall be deemed to have been waived unless such waiver be in writing.

18. Notices: All notices required hereunder shall be in writing, and shall be deemed to have been given if either delivered personally or mailed by certified or registered mail to:

19. Subject to Prior Easements, Agreements As to Use and Access: This Lease Agreement is accepted by Georgetown Township subject to all prior easements of record and all prior agreements, if any, as to the use of or access across the leased premises.

20. Entire Agreement: This Lease Agreement constitutes the entire Agreement between the parties concerning the lease, development, and use of the leased premises. All prior and contemporaneous oral or written agreements are merged herein. Except as otherwise provided herein, this Lease Agreement may not be modified by any party without the written consent of all parties hereto.

IN WITNESS WHEREOF, the parties have executed this Lease Agreement effective on the date set forth above.

## AGREEMENT FOR PROSECUTORIAL SERVICES

This Agreement is made this \_\_\_\_ day of \_\_\_\_\_, 2016, by Georgetown Charter Township, a Michigan municipal corporation, 1515 Baldwin Street, Jenison, Michigan 49429 (“Township”) and the County of Ottawa, a Michigan municipal corporation, (“Ottawa County”) for and on behalf of the Ottawa County Prosecutor, 414 Washington Avenue, Grand Haven, Michigan 49417 (“Ottawa County Prosecutor”), with reference to the following facts and circumstances:

A. The Township has adopted and enforces local ordinances. Violations of the ordinances may be criminal misdemeanors, civil infractions or municipal civil infractions.

B. The State of Michigan encourages cooperation and service sharing between local government units like the Township and Ottawa County, and intends to consider such cooperation and service sharing in its decisions about distribution of the State of Michigan revenue sharing funds.

C. The Township has requested that the Ottawa County Prosecutor provide prosecutorial services for its local ordinances (as described and defined in this Agreement) and has agreed to reimburse Ottawa County for these services.

D. Ottawa County and the Ottawa County Prosecutor desire to provide the prosecutorial services subject to the terms and conditions of this Agreement.

NOW THEREFORE in consideration of the mutual promises and representations set forth in this Agreement, and for other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. **Prosecutorial Services:** The Ottawa County Prosecutor’s Office will provide prosecutorial services to the Township including the prosecution of all criminal ordinance

violations, traffic ordinance offenses, and civil infraction ordinance violations occurring within the Township (but not zoning ordinance violations) for which an arrest is made or a citation or notice issued by any authorized official or employee and, as may apply, representing the Township in appeals of an ordinance prosecution from a magistrate to the district court (“prosecutorial services”). In consideration for the provision of the prosecutorial services, the Township shall pay to Ottawa County the amount of \$90.00 per case upon the conclusion of the case (for each case for which a separate docket number was assigned).

**2. Additional Services:** The Ottawa County Prosecutor’s Office shall also perform all of the traditional services of a prosecuting attorney in its provision of the prosecutorial services including:

a. Providing at no additional charge to the Township:

- (1) Rendering legal advice, when requested by the responsible law enforcement department for the Township and/or the Ottawa County Sheriff’s Office, on a 24 hour/7 days per week basis (insofar as possible) regarding all law enforcement matters.
- (2) Rendering legal advice to the Township’s/Ottawa County Sheriff’s Office employees with regard to ordinance violations.
- (3) Offering consultation with the Township’s/Ottawa County Sheriff’s Office’s employees concerning the filing of charges.
- (4) Reviewing complaint requests, arrest and search warrants and matters related to criminal charges, and preparing relevant legal documents as necessary.
- (5) Conducting all court hearings and providing all legal advice necessary to obtain search warrants.
- (6) Preparing for and conducting all court hearings and motions scheduled in any case within the scope of this Agreement and any appeal thereof, consistent with local practices and needs as determined by the Prosecutor.

(7) Preparing and conducting all hearings, pretrials, and trials in any case within the scope of this Agreement, whether such trial shall be by bench or by jury, and any appeal thereof.

(8) Keeping informed of new developments in criminal law and criminal procedures.

(9) Handling all forfeitures pursuant to the Michigan Controlled Substances Act on behalf of the Ottawa County Sheriff's Office.

(10) Providing all necessary secretarial and clerical services to perform the services required under this Agreement.

(11) Consulting as may be necessary with the Township Manager regarding performance under this Agreement.

b. The inclusion of any services by specific reference in this Agreement is not intended as an exclusion of other services necessary and proper to fulfillment of this Agreement.

c. All decisions with respect to the manner in which to provide the prosecutorial services as provided for in this Agreement, are and shall be decisions solely subject to the professional judgment, discretion, and determination of the Ottawa County Prosecutor.

**4. Qualified Staff:** All Ottawa County employees engaged in the performance of this Agreement shall be professional in conduct and appearance, and be trained, qualified, and, if necessary, licensed by the State Bar of Michigan to perform the prosecutorial services.

**5. Payment for Services Provided:** Consistent with Paragraph 1, Ottawa County shall provide monthly invoices for prosecutorial services concluded during the past month. The monthly invoices from Ottawa County will be processed and paid within thirty (30) days of receipt by the Township.

6. **County Expenses:** Ottawa County will be reimbursed on a monthly basis for the reimbursable expenses set forth in Exhibit "A" hereto. All expenses will be billed to the Township in such detail and/or with sufficient supporting documentation as may be reasonably required by the Township.

7. **Independent Contractor:** At all times and for all purposes under this Agreement, the relationship of Ottawa County, the Ottawa County Prosecutor, and the Ottawa County Prosecutor's Office to the Township shall be that of an independent contractor(s). All employees of Ottawa County who perform services under this Agreement shall be and remain employees of Ottawa County subject to the discipline, supervision, direction, policies and control of Ottawa County and the Ottawa County Prosecutor.

8. **Insurance:** Each party will include the other as well as their employees, officers, and agents as additional named insureds to the extent permitted by law on a general liability policy of insurance and the Township shall further maintain coverage for Ottawa County and the Ottawa County Prosecutor and their offices and employees covering challenges to the constitutionality of any ordinance or procedure of the Township, under the United States Constitution or the Constitution of the State of Michigan. Ottawa County will maintain professional liability insurance coverage for the lawyers providing prosecutorial services in an amount not less than \$1 million per occurrence. Written proof of the existence of such insurances will be supplied by the parties prior to the effective date of this Agreement, and at such times during the term thereafter as the parties may reasonably require.

9. **Term of Agreement:** The effective date of this Agreement shall be \_\_\_\_\_. This Agreement shall continue in effect from the effective date through \_\_\_\_\_. It may be renewed thereafter for up to five (5) successive one (1) year terms, by mutual written agreement

of the parties, entered into not later than June 1, 2016, and not later than June 1 of each expiring one (1) year term thereafter. The Township may terminate this Agreement at any time, in its sole discretion upon thirty (30) days written notice and Ottawa County shall be paid for the prosecutorial services performed in accordance with the provisions of this Agreement up until the time of such termination. In the event of termination, the Ottawa County Prosecutor shall cooperate fully in transitioning all pending matters to such legal counsel designated by the Township.

**10. Miscellaneous:**

**a. Section Headings.** The headings of the several sections shall be solely for convenience of reference and shall not affect the meaning, construction or effect hereof.

**b. Severability.** If any one or more of the provision contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

**c. Entire Agreement and Amendment.** In conjunction with matters considered herein this Agreement contains the entire understanding and agreement of the parties and there have been no promises, representations, agreements, warranties or undertaking by any of the parties, either oral or written, of any character or nature hereafter binding except as set forth herein. This Agreement may be altered, amended, modified only by an instrument in writing, executed by the parties to this Agreement and by no other means. Each party waives their future right to claim,

contest or assert that this Agreement was modified, canceled, superseded or changed by any oral agreement, course of conduct, waiver or estoppel.

**d. Terms and Conditions.** The terms and conditions used in this Agreement shall be given their common and ordinary definition and will not be construed against either party.

**e. Execution of Counterparts.** This Agreement may be executed in any number of counterparts and each such counterpart shall for all purposes be deemed to be an original; and all such counterparts, or as many of them as the parties shall preserve undestroyed, shall together constitute one and the same instrument.

In witness whereof the parties have executed this Agreement as of the effective date set forth herein.

Re: ALTA Survey  
Rush Creek Crossing  
Jenison, Michigan

Dear Dan:

Attached is the ALTA survey we received 10 days ago (we are still waiting for our attorney to complete his review of the revised title work and the revised survey). There was a delay in completing the survey caused by changes in the title work that took seven (7) weeks longer than expected for the title company to correct. The primary problem was the legal description in the ALTA title work which included parcels we were not purchasing. Also included in the survey (to save time) is our wetlands survey. The survey differs substantially in some areas from the one we originally were provided, but it seems to be within parameters we can live with. However, we are in very low margins as to extra fill dirt and at this time, the state is not being very cooperative.

Due to the delay created by the title company, we are going to need an additional two (2) months before we can start our permitting request. We consider this a force majeure issue.

Thank you for your consideration,

Georgetown Township Meeting 3/14/16 Comment by Joseph Parnell McCarter, 6408 Wrenwood Drive, Jenison, MI 49428

I would continue to request that this Board would revise its plans for the 100-200 Main Street area as well as for the work along Chicago Drive. Specifically, I request that:

- the Township Board change the location for a Veterans Plaza to a Township park
- sell the 100-200 Main Street areas back into the private sector
- forego the expensive elements of the Chicago Drive project and limit it to planting trees and shrubs along Chicago Drive

All of the above would save the Township around \$2.5 million or more, which could go towards other infrastructure improvements and tax reduction.

One long term infrastructure improvement I would recommend, as documented at [www.GeorgetownExaminer.com](http://www.GeorgetownExaminer.com), is extending the pedestrian/bike path beside the railroad tracks in the downtown area to the full length of Chicago Drive, and seeking to get Grandville and Hudsonville to do the same in their areas, which will in turn give folks a better access to Kent Trails too, as well to the other downtown areas.

When I mentioned the \$2.5 million in savings by the Township, I should also mention that it is small compared to the \$25 million in savings that could be realized by a 'no' vote to the proposed Jenison school bond coming up for election on May 3. A better solution, explained more fully at [www.GeorgetownExaminer.com](http://www.GeorgetownExaminer.com), is not rocket science: simply reduce any Jenison Public Schools overcrowding by reducing the number of out-of-district students attending the school, which on a net basis costs the school system money anyway. There are apparently around 1200 of these out-of-district students in the Jenison Public Schools system. By foregoing the \$25 million bond and the new building, the school system would save at least around \$1.2 million in annual bond installment payments and \$500,000 in annual building-associated costs, and that money can go towards things like new buses, technology improvements, etc., as well as some to tax reduction. While I realize this Township Board is not over the area public school system, the Township is affected by good or bad decisions of the public school system here, and everyone in the community needs to be well informed on the issue.

Thankfully we can turn to God to give us wisdom regarding these and many other things, for we read of Him in Proverbs 2:6: "... the LORD giveth wisdom: out of his mouth *cometh* knowledge and understanding."

Thank you for considering these matters.

My comment tonight has to do with the Chicago Drive Landscape Project.

While I'm not opposed to this project, I'm just not sure we should be spending over .5 million dollars on such a small section. It will all start and end and then look like we ran out of money as people continue down the road and see nothing has been done with the rest of the median. And, don't our existing tax paying businesses down the road deserve some beautification as well?

My suggestion would be to reduce the existing plans to a simpler plan that would still beautify the area. Then, extend the project all the way to Balsam Drive. It doesn't have to be extravagant -- native trees, shrubs, and plants that are self-sustaining. Possibly offer up the project to our local landscape businesses. Interested businesses could have a section they would be responsible for designing and maintaining. This is just one idea. The possibilities are endless when we work together for a common goal.

As for the Veteran's Memorial, I'm still not in agreement with spending \$400,000 on a drive by Memorial that will most likely not get visited very often due to the busy location.

As for 200 Baldwin, I don't understand how you can expect to sell this piece of property when it is no longer listed with Collier's. My suggestion would be to reduce the price closer to the appraised value or at the very least a more realistic price, and list it again.

During the last Board Meeting I presented to the Board the Petitions of 360 residents asking that the Veterans Memorial project be moved to Woodcrest Park.

Since then we have not heard a word from the Board whether they will take these requests into serious consideration.

We ask you today to please take the Residents and their request into serious consideration and open a discussion to address their mandate.

Thank you.
