

Georgetown Charter Township
1515 Baldwin St., Jenison, MI 49428

Township Board Meeting Agenda
May 23, 2016, 7:30 p.m.

1. PUBLIC NOTICE NOTICE TO ALL RESIDENTS OF GEORGETOWN CHARTER TOWNSHIP AND OTHER INTERESTED PERSONS NOTICE IS HEREBY GIVEN That Georgetown Township Has MOVED The Township Board Meeting Scheduled For Monday, May 23, 2016 At 7:30 P.m. From 1515 Baldwin Street, Jenison, Michigan, To The Grand Ravines North Park, 9920 42nd Ave., Jenison. Richard VanderKlok, Clerk Posted Tuesday, May 3, 2016, At 6:45 A.m.

2. Casual Attire Is Suggested For Park Exploration After The Meeting Is Adjourned.

3. Call To Order

4. Prayer For Guidance
 - 4.I. Richard VanderKlok

5. Pledge Of Allegiance To The Flag

6. Roll Call

7. Approval Of Agenda

8. Communications, Letters And Reports Received For Information
 - 8.I. Finance Committee Meeting Minutes Of May 19, 2016
Documents: [FC160519MINUTES.PDF](#)

 - 8.II. Ottawa County Road Commission Newsletter
Documents: [OCRC NEWSLETTER JUNE 2016.PDF](#)

 - 8.III. Balance Sheet And GL Report
Documents: [BALANCESHEET 160430.PDF](#), [GL REPORT 160430.PDF](#)

9. Public Comments For Items On The Agenda ONLY (Maximum Of Three Minutes Per Person)

10. Consent Agenda

10.I. Approval Of The Minutes Of The Previous Meeting

10.II. Approval Of The Bills

10.II.i. Bills

Documents: [160520 BILLS.PDF](#)

10.III. Approval Of The Application, Petition, Resolution For Application, And Resolution For Petition To The Water Resources Commission For City View Drain District To Manage Residential Water Run-Off Into The Storm Sewer System, As Recommended By The Utilities Committee.

Documents: [CITY VIEW DRAIN.PDF](#), [APPLICATION 3APP-MUN.PDF](#), [PETITION 4PET-MUN.PDF](#), [RESOLUTION 3RES-MUN.PDF](#), [RESOLUTION 4RES-MUN.PDF](#)

10.IV. Approval Of The Asset Management Program Agreement As Proposed By Prien And Newhof, As Recommended By The Utilities Committee.

Documents: [AGM 2016-04 \[GEOGETOWN TWP WAMP\].PDF](#), [PRP 2016-04-22 \[GEORGETOWN TOWNSHIP\] WAMP.PDF](#)

11. Introduction And First Reading Of Ordinance No. 2016-03, Revision To Chapter 4, Alcohol Beverages Ordinance

Motion: To introduce and read for the first time Ordinance No. 2016-03, Revision to Chapter 4, Alcohol Beverages Ordinance, as recommended by the Finance Committee.

Documents: [ALCOHOL ORDINANCE REVISION.PDF](#)

12. Port Sheldon Water Main Bid

Motion: To approve the low bid from Montgomery Excavating in the amount of \$323,017.05, subject to receipt of permits, as recommend by the Township engineer, as recommended by the Finance Committee.

Documents: [LTR 2016 05 16 RECOMMEND AWARD.PDF](#), [06 BID TABULATION 2016-05-11 PORT SHELDON.PDF](#)

13. Second Public Comment (Maximum Of Three Minutes Per Person)

14. Discussion And General Information

15. Meeting Adjourned

MINUTES OF THE GEORGETOWN TOWNSHIP FINANCE COMMITTEE MEETING HELD THURSDAY, MAY 19, 2016

The meeting was called to order at 7:30 a.m.

Present: D. Dale Mohr, Richard VanderKlok and Chad Tuttle, members; Daniel Carlton, Township Superintendent

Absent: None

#160519-01 - Finance Committee Minutes of May 5, 2016

Moved by Richard VanderKlok, seconded by Chad Tuttle, to approve the Finance Committee minutes as presented.

MOTION CARRIED UNANIMOUSLY.

#160519-02 – Introduction and First Reading of Ordinance No. 2016-03, Revision to Chapter 4, Alcohol Beverages Ordinance

Moved by Richard VanderKlok, seconded by Chad Tuttle, to recommend to the Township Board to approve the introduction and first Reading of Ordinance No. 2016-03, Revision to Chapter 4, Alcohol Beverages Ordinance, with changes as directed, as follows:

ORDINANCE NO. 2016-03 Revision to Chapter 4, Alcoholic Beverages

THE CHARTER TOWNSHIP OF GEORGETOWN ORDAINS:

Chapter 4 ALCOHOLIC BEVERAGES

Sec. 4-6. Restrictions on licenses.

- (a) *Restrictions:* Except to the extent that the township board issues a variance as permitted below, no new license, a renewal or transfer of an existing license shall be issued or approved to or for: highways; the capability of abutting roads to accommodate the increased commercial activity; the
- (15) Any premises that does not contain a bona fide restaurant (meaning a restaurant serving complete meals selected by the patron from a menu which includes a choice of appetizer, salad, entree, vegetable, bread, dessert and beverage and which is served by waitpersons) that utilizes the license only in conjunction with the operation of the bona fide restaurant and, in addition, unless the bona fide restaurant has a dining capacity of at least **fifty (50) twenty-five (25)** at a ratio of not less than fifteen (15) square feet of dining area for each patron.
- (16) Any premises unless at least fifty (50) percent of the bona fide restaurant's gross receipts from the sale of food and beverages, including alcoholic liquors, shall be derived from the sale of food and beverages other than alcoholic liquors, **or from indoor or outdoor recreational activities such as golf, bowling or other similar activities**. All establishments shall maintain accurate records of receipts and disbursements in such a manner that receipts from food and beverages other than alcoholic liquors can be readily distinguishable from receipts for alcoholic liquors. Such records shall be available for inspection by the township or its agent from time to time during normal business hours. In the event that any establishment with a

liquor license ceases to meet the requirements of this section and fails to come into compliance with this section within six (6) weeks, the township board may suspend or revoke its approval and the continued sale of liquor for consumption on the premises shall constitute a violation of the Charter Township of Georgetown Liquor License and Control Ordinance.

Absent:

MOTION CARRIED UNANIMOUSLY AND ORDINANCE DECLARED ADOPTED.

CERTIFICATION

I hereby certify that the above is a true copy of an Ordinance adopted by Georgetown Charter Township Board at the time, date, and place specified above pursuant to the required statutory procedures.

Respectfully submitted,

Dated: _____, 2014

By _____
Richard VanderKlok
Georgetown Charter Township Clerk

MOTION CARRIED UNANIMOUSLY.

#160519-03 – Port Sheldon St. Water Main Bid

Moved by Richard VanderKlok, seconded by D. Dale Mohr, to recommend to the Township Board to approve the low bid from Montgomery Excavating in the amount of \$323,017.05, subject to receipt of permits, [as recommend by the Township engineer](#).

MOTION CARRIED UNANIMOUSLY.

#160519-04 – Communications, Letters and Reports

#160519-05 – Public Comments

Members of the public were present and there were comments.

#160519-06 – Other Business

Richard VanderKlok suggested that Board members submit ideas to the Superintendent for the use of the remainder of the property at 200 Baldwin. After the Board reviews the ideas, a proposal could be presented and the public surveyed for input.

#160519-07 – Adjournment

Moved by Richard VanderKlok, seconded by Chad Tuttle, to adjourn at 7:57 a.m.

MOTION CARRIED UNANIMOUSLY.

TIPs for the Road

A Transportation Improvement Program (TIP) is a multi-year financial program that describes the schedule for obligating federal funds for state and local projects. The TIP contains funding allocations for all modes of transportation including highways, transit, and non-motorized facilities. The TIP planning process includes an analysis of alternatives to meet projected future transportation demands, and provides a safe and efficient transportation system that allows for mobility while not creating adverse impacts to the environment. The responsibility for transportation planning lies with designated Metropolitan Planning Organizations (MPO).

Ottawa County is unique as there is a MPO for each of the three county's urbanized areas. Each MPO develops a TIP describing how revenues will be invested to support the area's transportation system.

-  West Michigan Regional Shoreline Development Commission
www.wmsrdc.org
-  Grand Valley Metropolitan Council
www.gvmc.org
-  Macatawa Area Coordinating Council
www.the-macc.org

The above MPOs are in the final stages of completing a TIP for fiscal years 2017 to 2020. Throughout the process, the public has been invited to participate in the development of the TIP. More information about the TIP, including prioritized project lists for MDOT, local road agencies, and transit authorities can be found at each of the respective MPO websites.

2016 Federal Aid Projects

In accordance with the approved 2014-2017 Transportation Improvement Program, bids for all of the Road Commission projects receiving federal aid in 2016 have been obtained.

48th Avenue: Pierce Street to M-45 – Reconstruct 1 mile to a 4-lane narrow median boulevard.
Contractor: Schippers Excavating Inc. Low Bid: \$3,352,173 Federal Aid: \$2,115,000
Start: May Anticipated Completion: September 30, 2016

136th Avenue: Riley Street to Quincy Street – Reconstruct 1 mile to a 3 lanes wide with curb and gutter.
Contractor: Milbocker & Sons Inc. Low Bid: \$2,908,260 Federal Aid: \$912,000
Start: May Anticipated Completion: October 30, 2016

Adams Street: 24th Avenue to Kenowa Avenue – Resurface 3 miles with 3 foot paved shoulders.
Contractor: Reith-Riley Construction Co., Inc. Low Bid: \$889,608 Federal Aid: \$548,000
Start: June Anticipated Completion: July 29, 2016

Port Sheldon Street: US-31 to 120th Avenue – Resurface 2.18 miles.
Contractor: Reith-Riley Construction Co., Inc. Low Bid: \$559,243 Federal Aid: \$449,555
Start: June Anticipated Completion: July 29, 2016

Counting Cars

Each year, the Road Commission takes hundreds of traffic counts on various county roads. Traffic counts assist the Road Commission in monitoring the county road network and are useful in many engineering applications. Typical traffic counts are taken over a 24-hour period and take into account both directions of travel.

By monitoring the amount of traffic utilizing the county road system, the Road Commission is better able to determine areas of growth and plan transportation projects that best serve the motoring public. In addition, traffic counts are an essential element of many design projects and traffic engineering studies, such as those for determining traffic signals and multi-way stops.

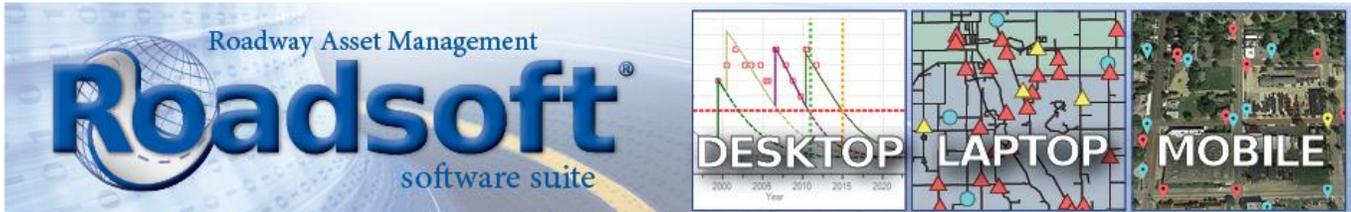

Traffic counts are taken by placing a rubber hose across the road. When a vehicle crosses the hose, an air pulse is sent to an automatic traffic recorder. Sometimes dual rubber hoses are used to determine vehicle classification (such as commercial vehicles) and to measure the speed of vehicles.

The Road Commission stores all available traffic counts in a database and generates a report for public information. The data is summarized to show the Average Daily Traffic (ADT- the average number of vehicles using a roadway in one day.) This report is available on our website at www.ottawacorc.com.

Road Commission to Pilot Software

Almost all county road agencies use an asset management system to prioritize road improvements based on available financial resources. A computer program called *Roadsoft* is a software package that is utilized to compile asset management data for public road networks in Michigan. This software is a graphically designed, integrated roadway management system developed for engineers and managers to use in the analysis and reporting of roadway inventory, safety, and conditional data.

Michigan Technological University developed *Roadsoft* and is looking to expand the program to provide asset management capabilities for storm water systems. Storm water management is an integral part of maintaining a road. In many cases, the upkeep and condition of the storm sewer system dictates the types of road improvements that can and should be carried out.

The Road Commission has been asked to be part of a focus group to help develop the storm sewer management module for *Roadsoft*. The goal of the software, besides providing condition data, is to ensure long term management of stormwater runoff after construction is completed, prevent pollution and maintain good housekeeping records. Over the next two years, the Road Commission will identify and record the type and location of structural storm water controls throughout the county. After this data is gathered, the planning and design of a new *Roadsoft* module will be completed.

The goal of the software is to:

- track inspections and condition of stormwater management facilities
- track maintenance and create maintenance schedules
- provide annual reporting information for compliance with the Clean Water Act

HB 5247 Gives Green Light

Under the Michigan Vehicle Code, a person is prohibited from operating a commercial snow removal vehicle to remove snow or ice on a public street, highway, or in a parking lot accessible for use by the public, unless the vehicle is operated with at least one flashing, rotating or oscillating **yellow or amber** light clearly visible from within 500 feet. Due to its superior visibility, House Bill 5247 would amend the Code to allow **green** lights to this provision for road agencies for winter and non-winter operations.

The bill was unanimously approved by the Senate Transportation Committee and has moved to the Senate floor for further consideration.

Important Dates

Thursday – June 9, 2016 | 9AM | Board Meeting

Thursday – June 23, 2016 | 9AM | Board Meeting

14110 Lakeshore Drive
PO Box 739
Grand Haven, Michigan 49417
616-842-5400
Office Hours: Monday-Friday; 7:30AM-4PM

STAY CONNECTED. SUBSCRIBE:

The Ottawa County Road Commissioners: Tom Bird | Tom Elhart | Betty Gajewski | Tim Grifhorst | Jim Miedema
Managing Director: Brett Laughlin

Who manages the roads and how are they funded? The Ottawa County Road Commission manages the roads--not the Ottawa County Board of Commissioners or County staff. The Ottawa County Road Commission is primarily funded by fuel taxes and vehicle registrations. Concerns about roads should be directed to the Ottawa County Road Commission. Questions? GEORGETOWN CHARTER TOWNSHIP

**APPLICATION FOR LAYING OUT AND DESIGNATING
A DRAINAGE DISTRICT**

CITY VIEW DRAIN

To the Ottawa County Water Resources Commissioner:

The undersigned is Georgetown Charter Township, Ottawa County, Michigan. This application has been duly authorized by the governing body of Georgetown Charter Township and requests that the City View Drain Drainage District be laid out and designated under the provisions of Chapter 3 of Public Act 40 of 1956, as amended.

The proposed drain is necessary for the public health, convenience or welfare and is further necessary for the protection of the public health of Georgetown Charter Township.

Georgetown Charter Township will be liable for an assessment at large against it for a percentage of the cost of the proposed City View Drain.

The tentative location of the proposed City View Drain is as follows:

**All existing drainage infrastructure, open and enclosed including detention,
in City View Estates Phases 1-4; see attached map.**

Dated: _____, 2016

By: Supervisor/Manager

By: Richard VanderKlok
Its: Clerk

GEORGETOWN CHARTER TOWNSHIP

**PETITION FOR LOCATING, ESTABLISHING
AND CONSTRUCTING A DRAIN**

CITY VIEW DRAIN

To the Ottawa County Water Resources Commissioner:

The undersigned is Georgetown Charter Township, Ottawa County, Michigan. This petition has been duly authorized by the governing body of Georgetown Charter Township and requests that the City View Drain be located, established and constructed under the provisions of Chapter 4 of Public Act 40 of 1956, as amended, to alleviate drainage issues in the Drainage District.

The proposed drain is located in Georgetown Charter Township, Ottawa County, Michigan.

The proposed drain is necessary for the public health, convenience or welfare and is further necessary for the protection of the public health in Georgetown Charter Township.

Georgetown Charter Township understands that it will be liable for an assessment at large against it for a percentage of the cost of the proposed drain.

The tentative location of the proposed City View Drain is as described in the Application for Laying out and Designating a Drainage District.

Dated: _____, 2016

By: Supervisor/Manager

By: Richard VanderKlok
Its: Clerk

**RESOLUTION FOR
APPLICATION FOR LAYING OUT AND DESIGNATING A DRAINAGE DISTRICT
GEORGETOWN CHARTER TOWNSHIP
CITY VIEW DRAIN**

At a _____ meeting of the Georgetown Charter Township Board, held in Ottawa County, State of Michigan on the ____ day of _____, 2016, at _____ a.m./p.m.

PRESENT: _____

ABSENT: _____

The following resolution was offered by _____ and seconded by _____
_____.

WHEREAS, the Township requests the laying out and designating of a county drain drainage district, located in Ottawa County, pursuant to the Chapter 3 of Public Act 40 of 1956, as amended; and

WHEREAS, the Township has determined that the laying out and designating of the proposed drainage district is necessary for the public health in the Township; and

WHEREAS, the Township will be liable for an assessment at large against it for a percentage of the cost of the proposed drain.

NOW, THEREFORE BE IT RESOLVED THAT, the Township Board does authorize the filing of an application with the Ottawa County Water Resources Commissioner for the laying out and designating of a drainage district.

BE IT FURTHER RESOLVED THAT the Supervisor/Manager is authorized to execute the application for the laying out and designating of a drainage district.

BE IT FURTHER RESOLVED that the Clerk shall forward to the Ottawa County Water Resources Commissioner a copy of this Resolution for the application for laying out and designating a drainage district.

Professional Services Agreement

This Professional Services Agreement is made this day of , 20 (“Agreement”) by and between Prein & Newhof, Inc. (“P&N”), of 3355 Evergreen Drive, NE, Grand Rapids, MI 49525, and Georgetown Charter Township (“Client”), of P.O. Box 769, Jenison, MI 49429

WHEREAS Client intends to:

Use Professional Engineering Services for Water Supply System Asset Management Program

NOW THEREFORE, for and in consideration of the terms and conditions contained herein, the parties agree as follows:

ARTICLE 1 – DESIGNATED REPRESENTATIVES

Client and P&N each designate the following individuals as their representatives with respect to the Project.

For Client

For P&N

Name: Joel Hanenburg

Title: Director of Public Works

Phone Number: 616-457-2340

Facsimile Number: 616-457-3670

E-Mail Address: joel.georgetownwp@gmail.com

Name: Ken Bosma

Title: Project Manager

Phone Number: 616-394-0200

Facsimile Number:

E-Mail Address: kbosma@preinnewhof.com

ARTICLE 2 – GENERAL CONDITIONS

This Agreement consists of this Professional Services Agreement and the following documents which by this reference are incorporated into and made a part of this Agreement.

- P&N Standard Terms and Conditions for Professional Services
- P&N Proposal dated April 22, 2016
- P&N Standard Rate Schedule
- P&N Supplemental Terms and Conditions
- Other:

ARTICLE 3 – ENGINEERING SERVICES PROVIDED UNDER THIS AGREEMENT:

Client hereby requests, and P&N hereby agrees to provide, the following services:

- P&N Scope of Services per Proposal dated April 22, 2016

Scope of Services defined as follows:

[INSERT SCOPE OF SERVICES]

ARTICLE 4 – COMPENSATION:

Lump Sum for Services Described in Article 3 above - \$22,000.

Additional services to be billed per P&N's Standard Rate Schedule in effect on the date the additional service are performed.

Hourly Billing Rates plus Reimbursable Expenses per P&N's Standard Rate Schedule in effect on the date services are performed.

Other:

ARTICLE 5 – ADDITIONAL TERMS (If any)

NONE

This Agreement constitutes the entire Agreement between P&N and Client and supersedes all prior written or oral understandings. This Agreement may not be altered, modified or amended, except in writing properly executed by authorized representatives of P&N and Client.

Standard Terms & Conditions

A. General - As used in this Prein&Newhof Standard Terms and Conditions for Professional Services (hereinafter “Terms and Conditions”), unless the context otherwise indicates: the term “Agreement” means the Professional Services Agreement inclusive of all documents incorporated by reference including but not limited to this P&N Standard Terms and Conditions for Professional Services; the term “Engineer” refers to Prein & Newhof, Inc.; and the term “Client” refers to the other party to the Professional Services Agreement.

These Terms and Conditions shall be governed in all respects by the laws of the United States of America and by the laws of the State of Michigan.

B. Standard of Care - The standard of care for all professional and related services performed or furnished by Engineer under the Agreement will be the care and skill ordinarily used by members of Engineer’s profession of ordinary learning, judgment or skill practicing under the same or similar circumstances in the same or similar community, at the time the services are provided.

C. Disclaimer of Warranties - Engineer makes no warranties, expressed or implied, under the Agreement or otherwise.

D. Construction/Field Observation - If Client elects to have Engineer provide construction/field observation, client understands that construction/field observation is conducted to reduce, not eliminate the risk of problems arising during construction, and that provision of the service does not create a warranty or guarantee of any type. In all cases, the contractors, subcontractors, and/or any other persons performing any of the construction work, shall retain responsibility for the quality and completeness of the construction work and for adhering to the plans, specifications and other contract documents.

E. Construction Means and Methods - Engineer shall not have control or charge of and shall not be responsible for construction means, methods, techniques, sequences, or procedures, or for any safety precautions and programs in connection with the construction work, for the acts or omissions of the Contractor, Subcontractors, or any other persons performing any of the construction work, or for the failure of any of them to carry out the construction work in accordance with the plans, specifications or other contract documents.

F. Opinions of Probable Costs – Client acknowledges that Engineer has no control over market or contracting conditions and that Engineer’s opinions of costs are based on experience, judgment, and information available at a specific period of time. Client agrees that Engineer makes no guarantees or warranties, express or implied, that costs will not vary from such opinions.

G. Client Responsibilities

1. Client shall provide all criteria, Client Standards, and full information as to the requirements necessary for Engineer to provide the professional services. Client shall designate in writing a person with authority to act on Client’s behalf on all matters related to the Engineer’s services. Client shall assume all responsibility for interpretation of contract documents and construction observation/field observation during times when Engineer has not been contracted to provide such services and shall waive any and all claims against Engineer that may be connected thereto.
2. In the event the project site is not owned by the Client, the Client must obtain all necessary permission for Engineer to enter and conduct investigations on the project site. It is assumed that the Client possesses all necessary permits and licenses required for conducting the scope of services. Access negotiations may be performed at additional costs. Engineer will take reasonable precaution to minimize damage to land and structures with field equipment. Client assumes responsibility for all costs associated with protection and restoration of project site to conditions existing prior to Engineer’s performance of services.

H. Hazardous or Contaminated Materials/Conditions

1. Client will advise Engineer, in writing and prior to the commencement of its services, of all known or suspected Hazardous or Contaminated Materials/Conditions present at the site.
2. Engineer and Client agree that the discovery of unknown or unconfirmed Hazardous or Contaminated Materials/Conditions constitutes a changed condition that may require Engineer to renegotiate the scope of or terminate its services. Engineer and Client also agree that the discovery of said Materials/Conditions may make it necessary for Engineer to take immediate measures to protect health, safety, and welfare of those performing Engineer’s services. Client agrees to compensate Engineer for any costs incident to the discovery of said Materials/Conditions.
3. Client acknowledges that Engineer cannot guarantee that contaminants do not exist at a project site. Similarly, a site which is in fact unaffected by contaminants at the time of Engineer’s surface or subsurface exploration may later, due to natural phenomena or human intervention, become contaminated. The Client waives any claim against Engineer, and agrees to defend, indemnify and hold Engineer harmless from any claims or liability for injury or loss in the event that Engineer does not detect the presence of contaminants through techniques commonly employed.
4. The Client recognizes that although Engineer is required by the nature of the services to have an understanding of the laws pertaining to environmental issues, Engineer cannot offer legal advice to the Client. Engineer urges that the Client seek legal assistance from a qualified attorney when such assistance is required. Furthermore, the Client is cautioned to not construe or assume that any representations made by Engineer in written or conversational settings constitute a legal representation of environmental law or practice.
5. Unless otherwise agreed to in writing, the scope of services does not include the analysis, characterization or disposal of wastes generated during investigation procedures. Should such wastes be generated during this investigation, the Client will contract directly with a qualified waste hauler and disposal facility.

I. Underground Utilities – To the extent that the Engineer, in performing its services, may impact underground utilities, Engineer shall make a reasonable effort to contact the owners of identified underground utilities that may be affected by the services for which Engineer has been contracted, including contacting the appropriate underground utility locating entities and reviewing utility drawings

provided by others. Engineer will take reasonable precautions to avoid damage or injury to underground utilities and other underground structures. Client agrees to hold Engineer harmless for any damages to below ground utilities and structures not brought to Engineers attention and/or accurately shown or described on documents provided to Engineer.

J. Insurance

1. Engineer will maintain insurance for professional liability, general liability, worker's compensation, auto liability, and property damage in the amounts deemed appropriate by Engineer. Client will maintain insurance for general liability, worker's compensation, auto liability, and property damage in the amounts deemed appropriate by Client. Upon request, Client and Engineer shall each deliver certificates of insurance to the other evidencing their coverages.
2. Client shall require Contractors to purchase and maintain commercial general liability insurance and other insurance as specified in project contract documents. Client shall cause Engineer, Engineer's consultants, employees, and agents to be listed as additional insureds with respect to any Client or Contractor insurances related to projects for which Engineer provides services. Client agrees and must have Contractors agree to have their insurers endorse these policies to reflect that, in the event of payment of any loss or damages, subrogation rights under these Terms and Conditions are hereby waived by the insurer with respect to claims against Engineer.

K. Limitation of Liability - The total liability, in the aggregate, of Engineer and Engineer's officers, directors, partners, employees, agents, and consultants, whether jointly, severally or individually, to Client and anyone claiming by, through, or under Client, for any and all injuries, losses, damages and expenses, whatsoever, arising out of, resulting from, or in any way related to the Project or the Agreement, including but not limited to the performance of services under the Agreement, from any cause or causes whatsoever, including but not limited to the negligence, professional errors or omissions, strict liability or breach of contract or warranty, expressed or implied, of Engineer or Engineer's officers, directors, partners, employees, agents, consultants, or any of them, shall not exceed the amount of the compensation paid to Engineer under this Agreement, or the sum of fifty thousand dollars and no cents (\$50,000.00), whichever is less. Recoverable damages shall be limited to those that are direct damages. Engineer shall not be responsible for or held liable for special, indirect or consequential losses or damages, including but not limited to loss of use of equipment or facility, and loss of profits or revenue.

Client acknowledges that Engineer is a corporation and agrees that any claim made by Client arising out of any act or omission of any director, officer, or employee of Engineer, in the execution or performance of the Agreement, shall be made against Engineer and not against such director, officer, or employee

L. Documents and Data

1. All documents prepared or furnished by Engineer under the Agreement are Engineer's instruments of service, and are and shall remain the property of Engineer.
2. Hard copies of any documents provided by Engineer shall control over documents furnished in electronic format. Client recognizes that data provided in electronic format can be corrupted or modified by the Client or others, unintentionally or otherwise. Consequently, the use of any data, conclusions or information obtained or derived from electronic media provided by Engineer will be at the Client's sole risk and without any liability, risk or legal exposure to Engineer, its employees, officers or consultants.
3. Any extrapolations, conclusions or assumptions derived by the Client or others from the data provided to the Client, either in hard copy or electronic format, will be at the Client's sole risk and full legal responsibility.

M. Differing Site Conditions - Client recognizes that actual site conditions may vary from the assumed site conditions or test locations used by Engineer as the basis of its design. Consequently, Engineer does not guarantee or warrant that actual site conditions will not vary from those used as the basis of Engineer's design, interpretations and recommendations. Engineer is not responsible for any costs or delays attributable to differing site conditions. .

N. Terms of Payment - Unless alternate terms are included in the Agreement, Client will be invoiced on a monthly basis until the completion of the Project. All monthly invoices are payable within 30 days of the date of the invoice. Should full payment of any invoice not be received within 30 days, the amount due shall bear a service charge of 1.5 percent per month or 18 percent per year plus the cost of collection, including reasonable attorney's fees. If Client has any objections to any invoice submitted by Engineer, Client must so advise Engineer in writing within fourteen (14) days of receipt of the invoice. Unless otherwise agreed, Engineer shall invoice Client based on hourly billing rates and direct costs current at the time of service performance. Outside costs such as, but not limited to, equipment, meals, lodging, fees, and subconsultants shall be actual costs plus 10 percent. In addition to any other remedies Engineer may have, Engineer shall have the absolute right to cease performing any services in the event payment has not been made on a current basis.

O. Termination - Either party may terminate services, either in part or in whole, by providing 10 calendar days written notice thereof to the other party. In such an event, Client shall pay Engineer for all services performed prior to receipt of such notice of termination, including reimbursable expenses, and for any shut-down costs incurred. Shut-down costs may, at Engineer's discretion, include expenses incurred for completion of analysis and records necessary to document Engineer's files and to protect its professional reputation.

P. Severability and Waiver of Provisions - Any provision or part of the Agreement held to be void or unenforceable under any laws or regulations shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon Client and P&N, who agree that the Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision. Non-enforcement of any provision by either party shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of the Agreement.

Q. Dispute Resolution - If a dispute arises between the parties relating to the Agreement, the parties agree to use the following procedure prior to either party pursuing other available remedies:

1. Prior to commencing a lawsuit, the parties must attempt mediation to resolve any dispute. The parties will jointly appoint a mutually acceptable person not affiliated with either of the parties to act as mediator. If the parties are unable to agree on the mediator within twenty (20) calendar days, they shall seek assistance in such regard from the Circuit Court of the State and County wherein the Project is located, who shall appoint a mediator. Each party shall be responsible for paying all costs and expenses incurred by it, but shall split equally the fees and expenses of the mediator. The mediation shall proceed in accordance with the procedures established by the mediator.
2. The parties shall pursue mediation in good faith and in a timely manner. In the event the mediation does not result in resolution of the dispute within thirty (30) calendar days, then, upon seven (7) calendar days' written notice to the other party, either party may pursue any other available remedy.
3. In the event of any litigation arising from the Agreement, including without limitation any action to enforce or interpret any terms or conditions or performance of services under the Agreement, Engineer and Client agree that such action will be brought in the District or Circuit Court for the County of Kent, State of Michigan (or, if the federal courts have exclusive jurisdiction over the subject matter of the dispute, in the U.S. District Court for the Western District of Michigan), and the parties hereby submit to the exclusive jurisdiction of said court.

R. Force Majeure - Engineer shall not be liable for any loss or damage due to failure or delay in rendering any services called for under the Agreement resulting from any cause beyond Engineer's reasonable control.

S. Assignment - Neither party shall assign its rights, interests or obligations under this Agreement without the express written consent of the other party.

T. Modification - The Agreement may not be modified except in writing signed by the party against whom a modification is sought to be enforced.

U. Survival - All express representations, indemnifications, or limitations of liability included in the Agreement shall survive its completion or termination for any reason.

V. Third-Party Beneficiary - Client and Engineer agree that it is not intended that any provision of this Agreement establishes a third party beneficiary giving or allowing any claim or right of action whatsoever by a third party.

RE: Proposal for Georgetown Charter Township - Water Supply System Asset Management Services

Dear Joel:

Prein&Newhof is pleased to submit this proposal for Asset Management Services for your community's water supply system. The scope of this project is to create a foundational Asset Management Plan that will efficiently meet the current requirements and allow you to add data/functionality as time and resources allow in the future.

Project Understanding

Michigan's Safe Drinking Water Act was recently amended with additional General Plan requirements for Community Water Supplies such that communities serving more than 1,000 people shall implement an asset management program by January 1, 2018 for all functionally and financially significant assets. In accordance with the requirements, the Asset Management Plan shall include:

- A pipe and non-pipe assets inventory.
- A methodology for assessing the criticality of each asset considering the likelihood and consequence of failure.
- A statement of level of service goals.
- An updated 5 and 20 year Capital Improvement Plan.
- A financial plan showing how rates and other funding will provide sufficient resources to implement the asset management program.

Your community seeks to comply with the new requirements of Michigan's Safe Drinking Water Act by creating an Asset Management Plan for their Community Water Supply that will allow the community to more cost-effectively manage its aging water infrastructure and ensure the long-term sustainability of the water system for its residents.

Scope of Services

Task 1: Inventory and Condition Assessment

System assets generally include the following:

- Water Supply – wells, pump stations, booster stations, interconnecting pipes/meters, interconnect control valves, and transmission mains.
- Treatment – plants, pumps, specific process components, and chlorination equipment.
- Storage – above ground storage tanks. Buildings – structural buildings housing treatment facilities and site infrastructure.
- Distribution – distribution mains, valves, and hydrants. (does not include services)
- Electrical and Communications – SCADA and control panels.

We propose to:

- a. Use your most recent Water Reliability Study (WRS) and the electronic version of the model used in the study to help populate your pipe asset inventory.
- b. Obtain a copy of your recent Sanitary Survey completed by the Michigan Department of Environmental Quality (MDEQ) to initiate the population of your non-pipe asset inventory.
- c. Meet with your utility staff to review the asset inventory and advise you on how to populate any required additional information or anything else you may want to include in your Asset Management Plan. Examples of required information include, purchase or installation year, purchase price, risk of failure rating, consequence of failure rating, and material.
- d. If necessary, a second meeting will occur to obtain any additional information based on your institutional knowledge of the system.

Task 2: Criticality, Risk of Failure, Consequence of Failure, and Level of Service

We plan to work with your staff to develop level of service goals and to assess criticality, considering their failure risk and consequence of failure.

This involves the following:

- a. When we meet with your utility staff to discuss your inventory, we can cover your level of service goals. This can include a focus on domestic and fire flows, existing and future service districts, available pressures, system reliability, redundancy, leaks in the system, water quality concerns, staffing, and other service goals for the system.
- b. We will guide your staff in assigning risk and consequence of failure ratings for each asset. We use these ratings to create a criticality map in GIS. (We have not included on-site condition assessments or inspections in the current scope of services.)

Mr. Joel Hanenburg

April 22, 2016

Page 3

Task 3: Prepare Asset Management Plan

This is where we review your current revenue structure, develop your 5 and 20 year Capital Improvement Plans and develop a summary report of our findings to support your Asset Management Plan.

We plan to team with Tom Traciak and his firm H.J. Umbaugh & Associates for the Financial Plan work. Umbaugh is a CPA firm specializing in bond financing and rate studies. Tom, as well as Umbaugh as a firm, is registered with the SEC as Municipal Advisors, which means they are able to model future debt scenarios as necessary. Umbaugh will review the current budget and will forecast revenue requirements in support of the future capital cost identified through the asset management evaluation.

We recommend the following steps in collaboration with a financial consultant:

- a. Meet with your appropriate Township staff to discuss the results of tasks 1 and 2 and develop a 5 and 20 year Capital Improvement Plan.
- b. Meet with Umbaugh to evaluate your current rate structure, O&M costs, and your goals to prepare a financial plan/policy for implementing the Asset Management Plan.
- c. Create an Asset Management Plan including:
 - o Water Distribution System Map
 - o Pipe Assets Summary
 - o Non-pipe Assets Summary
 - o Criticality Map methodology summary
 - o Statement of Level of Service Goals
 - o 5 and 20 year Capital Improvement Plan
 - o Financial Plan/Policy

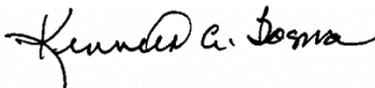

Fees and Schedule

Prein&Newhof proposes to perform the services described above for a lump sum amount of \$22,000. We can begin work immediately upon authorization. To get started, please sign and date the attached Professional Services Agreement and send a signed copy to me.

Prein&Newhof appreciates the opportunity to provide you with this proposal. Please contact me if you have any questions by phone (616)394-0200, or by email kbosma@preinnewhof.com.

Sincerely,

Prein&Newhof

Kenneth A. Bosma, P.E.

ORDINANCE NO. 2016-03
Revision to Chapter 4, Alcoholic Beverages

THE CHARTER TOWNSHIP OF GEORGETOWN ORDAINS:

Chapter 4 ALCOHOLIC BEVERAGES

Sec. 4-6. Restrictions on licenses.

- (a) *Restrictions:* Except to the extent that the township board issues a variance as permitted below, no new license, a renewal or transfer of an existing license shall be issued or approved to or for: highways; the capability of abutting roads to accommodate the increased commercial activity; the
- (15) Any premises that does not contain a bona fide restaurant (meaning a restaurant serving complete meals selected by the patron from a menu which includes a choice of appetizer, salad, entree, vegetable, bread, dessert and beverage and which is served by waitpersons) that utilizes the license only in conjunction with the operation of the bona fide restaurant and, in addition, unless the bona fide restaurant has a dining capacity of at least ~~fifty (50)~~ **twenty-five (25)** at a ratio of not less than fifteen (15) square feet of dining area for each patron.
- (16) Any premises unless at least fifty (50) percent of the bona fide restaurant's gross receipts from the sale of food and beverages, including alcoholic liquors, shall be derived from the sale of food and beverages other than alcoholic liquors, **or from indoor or outdoor recreational activities such as golf, bowling or other similar activities.** All establishments shall maintain accurate records of receipts and disbursements in such a manner that receipts from food and beverages other than alcoholic liquors can be readily distinguishable from receipts for alcoholic liquors. Such records shall be available for inspection by the township or its agent from time to time during normal business hours. In the event that any establishment with a liquor license ceases to meet the requirements of this section and fails to come into compliance with this section within six (6) weeks, the township board may suspend or revoke its approval and the continued sale of liquor for consumption on the premises shall constitute a violation of the Charter Township of Georgetown Liquor License and Control Ordinance.

RE: Port Sheldon Street Water Main
Georgetown Charter Township

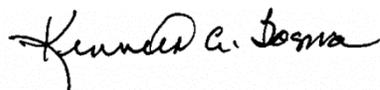

Dear Joel:

Please find enclosed for your use one copy of the bid tabulation attached in the email for the subject project. Montgomery Excavating is low bidder in the amount of \$323,017.05. Based on review of some of their references and that they successfully completed a directional drill project for Park Township through our office last year, we recommend awarding the project to Montgomery Excavating.

If you have any questions, please contact our office.

Sincerely,

Prein&Newhof

Kenneth A. Bosma, P.E.
