**Subject:** RE: Streetlight Request on 14th Ave

Rod,

I did a search for 2016 through 2018 (most recent year of crash records for our Roadsoft program) and noted two reported crashes at this location one of which (2016) was a head-on type involving snowy road conditions and one (2017) rear-end type crash.

Does not seem like a hazardous location based on the crash review. Let me know if you need anything further.

Sincerely,

Fred

**Subject:** Streetlight Request on 14th Ave

Fred,

Good afternoon. I hope that all is well with you.

We have had a resident request a streetlight be added on 14<sup>th</sup> Ave where it curves around to Port Sheldon Street. I am wondering if you are able to pull crash history at that location? I am not aware of any accidents recently and not sure that a new light is warranted for safety purposes.

Best regards,

Rod
