1.1 **INTRODUCTION**

1.2 **Purpose.**

The purpose of this Manual is to provide some, but not all, general information and guidelines concerning your employment. Township employees are expected to read, understand, and comply with the provisions of this Manual. Nothing contained in this Manual is intended to create and should not be relied on as creating any contractual commitment or other legal obligation on the part of the Township.

1.3 **Authority.**

The policies and procedures contained in this Manual shall take effect immediately upon their formal adoption by the Township Board. Except as otherwise provided herein, this Manual supersedes and controls all prior and existing policy statements, agreements, contracts, understandings and representations, whether oral or written, dealing with the same subject matter. The Personnel Officer or his/her designee shall be responsible for the interpretation of all personnel policies and procedures. Any exceptions to the policies and procedures will be made at the discretion of the Georgetown Township Board through the Personnel Officer.

1.4 **Equal Employment Opportunity.**

Georgetown Township is an equal opportunity employer whose policy is to select personnel and conduct all personnel activities without regard to religion, race, sex, color, national origin, age, height, weight, marital status, familial status, genetic information, veteran status, pregnancy, or military membership, or non-disqualifying disability or any other classification protected by law or Township policy. The Township will maintain a system of uniform and equitable personnel policies and procedures to assure equal treatment of all employees and applicants.

If you have questions or concerns about any type of discrimination or harassment, or if you believe that you are a subject of discrimination or harassment in the workplace, you should bring these issues to the attention of your immediate supervisor and the Personnel Officer. If you believe that your immediate supervisor is subjecting you to discrimination or harassment, you may go directly to Personnel Officer or to another member of management. Employees can raise concerns and make reports without fear of reprisal or retaliation. Anyone found to be engaging in any type of unlawful discrimination or harassment will be subject to disciplinary action up to and including discharge.

Reasonable Accommodation Requests

The Township will provide reasonable accommodation for qualified individuals unless doing so would impose an undue hardship or direct threat. Reasonable accommodations, absent an undue hardship, are available to all disabled applicants and employees, where their disability affects the application process or the performance of job functions. All employment decisions are based on the job duties at issue and the person's abilities and not the disability of the individual. This policy applied to all aspects of employment, including recruitment and selection, job assignment, compensation, discipline, termination, and access to benefits and training. Any employee or applicant for employment who believes they need a reasonable accommodation due to a disability should contact the Personnel Officer. Under Michigan law, employees are required to provide a written request for an accommodation due to a disability 182 days from the date the employee knows, or

should have known, that an accommodation is needed. Any employee or applicant for employment who believes that he or she needs a reasonable accommodation should contact the Personnel Officer as the need is known. There is no time limit for requesting an accommodation under the Americans with Disabilities Act.

The Township will make reasonable accommodations to accommodate an employee's religious beliefs or practices unless doing so would create more than a minimal burden on the operations of the Township. Any employee or applicant who believes he or she needs a reasonable accommodation due to a religious reason should contact the Personnel Officer.

1.5 **Scope.**

These personnel policies and procedures shall apply to all Georgetown Township full-time, part-time and temporary employees, specially funded individuals, and volunteers, except where specifically noted. These policies and procedures do not apply to those independent contractors providing services to the Township.

1.6 **Specially Funded Employees.**

Specially funded employees are persons who are compensated directly by a particular federal or state grant or program for work done on behalf of Georgetown Township. Specially funded employees are considered temporary employees with no promise or guarantee of continued employment and are not considered regular Township employees. Where provisions of this Manual conflict with provisions of any existing agreement between the Township and the funding source, the agreement shall supersede the provisions of this Manual.

1.7 **Revisions.**

The policies and procedures contained in this Manual can be modified, amended or deleted at any time by a formal resolution of the Georgetown Township Board. Employees may submit suggestions for changes in writing. These suggestions will be maintained in a file and reviewed on an annual, or as needed basis for possible revision of the Manual.

1.8 **Distribution of the Manual.**

All employees will receive a copy of the Georgetown Township Personnel Policies and Procedures Manual. All new employees will receive a copy of the Manual at the time of orientation. If requested, an applicant being considered for employment with the Township will be allowed to review the Manual. All employees are expected to read, understand, and comply with the provisions of this Manual.

1.9 **At-Will Employment.**

All Township employees are employed on an indefinite basis and are subject to discharge at any time, with or without notice, and with or without cause. This allows either the Township or an employee to terminate employment “at-will.” No person or group other than the Township Board has the authority to offer employment for any specified period of time or to make any contract contrary to the policies and benefits set out in this Manual. Moreover, no such agreement by the Township Board will be enforceable unless it is in writing and signed by the Township Supervisor after action by the Board.

2.0 SELECTION

2.1 Selection Policy.

In order to function effectively, the employment objective of the Township is to select personnel who meet high standards of job skills, educational qualifications, availability, character and who will become a vital part of the organization. No applicant will be discriminated against or given preference because of any factor that is not job related. The Township is an equal opportunity employer.

2.2 Size of the Work Force.

The Township Board, in its sole discretion, is responsible for the creation of all positions within the needs and budgetary limitation of the Township. The Board through the Personnel Officer, is responsible for initiating layoffs and ordering recalls.

2.3 Recruitment.

(a) The Personnel Officer, or his/her designee, shall be responsible for the recruitment of all Township Personnel, consistent with the Township's selection policy. In order to attract qualified applicants for full-time and part-time openings, the following procedures will generally be followed:

(1) There may be a posting of the vacant position on the Township's website.

(2) The position may be advertised in local newspapers and, if applicable, technical or professional publications.

(b) Posted job notices and advertisements may contain the job title, job summary, minimum qualifications and the phrase, "an equal opportunity employer, M/F/D/V." The Personnel Officer or his/her designee shall be responsible for composing the notices and advertisements.

2.4 Applications.

(a) Persons desiring employment with the Township must complete an application form. Resumes may also be submitted to the Personnel Officer or his/her designee. Applications may be obtained from the Personnel Officer. All applications and resumes received will be retained by the Township pursuant to the Michigan Township Record Retention General Schedule #10.

(b) An applicant who is hired by the Township will be required to produce all documents and information required by the Immigration Reform and Control Act of 1986.

2.5 Screening.

Following the deadline for submission of applications for a particular position, the Personnel Officer and/or his/her designees shall determine which applicants possess qualifications that meet the position's minimum qualifications. Further screening may include checking references and verifying past employment, criminal background, driving record (where applicable), education, or certification or licensure required to perform the job. Where applicable, applicants may be requested to show proof

of any education, license or certification required to perform the job. Qualified applicants may be scheduled for a personal interview. Supplying false information or omitting material information about qualifications, training and/or experience, or any other information contained in the application, may be grounds for rejection of an applicant or, if hired, discipline or termination.

2.6 **Interviews.**

Interviews will be conducted by the Personnel Officer and/or his/her designee. The interview will be conducted to further evaluate the training, experience, and skills of the applicant, as well as inform the applicant of the salary, benefits, organizational structure, and other relevant information about the position. All applicants rejected will be notified after the position is filled.

2.7 **Physical Examination.**

(a) Each prospective employee given a conditional job offer may be required to have a medical examination and a blood screen for drugs and alcohol. This test and/or blood screen will be given by a physician designated by the Township. The physical examination and blood screen test shall be given at the expense of the Township and will determine if the prospective applicants physically/mentally able to perform the work either with or without accommodation as set forth in the job description. The Township will accommodate a disability where required by law, provided such accommodation does not constitute an undue hardship or direct threat.

(b) Current Township employees may be required to have periodic physical examinations or blood screen tests when they are job related and consistent with business necessity. These examinations are at the expense of the Township and will be given by a physician chosen by the Township.

2.8 **Hiring.**

The Township Board has final authority in determining which positions need to be filled. The Personnel Officer has the authority to hire employees to fill those positions or designate that task to department heads. The Personnel Officer shall take steps to assure the selection procedure is in accordance with equal employment guidelines and law.

2.9 **Personnel Records.**

(a) A personnel file shall be maintained for each employee containing information necessary for effective personnel administration. A personnel file may contain: applications or resumes, disciplinary history, record of positions held, records of non-medical leaves, retirement information and any other information that is relevant to an employee's qualifications for employment, promotion, transfer, additional compensation or disciplinary action. In accordance with federal and state law, a segregated, confidential medical record file is kept for each employee.

(b) Personnel files are maintained by the Personnel Officer and may be viewed by Board members and personnel designated by the Personnel Officer. Employees are given the opportunity to periodically review their records in accordance with state statute. Information in the employee's personnel file will be released to others only as provided by state law. Personnel files will be kept seven years after termination.

3.0 EMPLOYMENT

3.1 Orientation.

All employees, on the first day of employment, will complete the necessary personnel forms. The Personnel Officer or his/her designee will review general work rules and policies with the employee. Each new employee will review the personnel policies and procedures Manual and sign a statement indicating he/she has received a copy. Any questions regarding the personnel policies and procedures will be answered at this time.

3.2 Confidentiality.

The protection of confidential Township information is vital to the interests of the Township and its citizens. Confidential Township information is the property of the Township and is not to be disclosed. The unauthorized disclosure of confidential Township information may result in discipline up to and including discharge. Confidential information includes, but is not limited to, internal reports, policies, procedures, tax accounts, anticipated changes in staff or management, financial information related to a Township business venture, product, or process and information related to the affairs of a Township citizen.

All memoranda, notes, lists, records, drawings and other documents made or compiled by the employee or made available to the employee, and all copies of the same, shall be the property of the Township and shall be delivered to the Personnel Officer upon their termination of employment or at any other time upon request.

This policy does not prohibit upon an employee's right to discuss their wages and terms and conditions of employment.

All requests for nonroutine information from anyone should be sent to a supervisor. Only the Township Superintendent, or his/her designee, should discuss Township matters with the media.

3.3 Performance Evaluations.

(a) An employee's job performance may be evaluated at least annually. At these performance review sessions, we are attempting to accomplish two things:

First, we want to review all tasks assigned to the employee so that we can comment on how they are being handled. We will discuss performance and efficiency. Naturally, we will make suggestions for improvement on those areas that are presenting difficulty to the employee and compliment the employee on those duties that are being done well.

Second, we want to listen. Each session is planned so that we can talk about the employee's job. Many times the finest suggestions for improvement come from the employee. Together we can redirect our efforts in order to do better.

(b) Information derived from the performance appraisal will be combined with other information to determine eligibility for wage increases, promotion, and transfer, and to identify any training needs. Factors to be considered in the evaluation include, among other things, knowledge of

the job, quantity and quality of work, promptness in completing assignments, cooperation, initiative, reliability, attendance, judgment, and acceptance of responsibility. At the time of the discussion with the supervisor, the employee will be given the opportunity to examine the written evaluation, correct inaccuracies, and make written comments concerning any aspects of the evaluation. The written evaluation will then be made part of the employee's personnel file.

3.4 **Transfers and Promotions.**

(a) When a vacant position occurs, there may be a posting of the opening as stated in section 2.3 - Recruitment. Recruitment for these positions may be conducted from outside of the Township, as well as from current Township employees.

(b) Promotions, transfers and filling of job vacancies will be based upon job related skills, abilities, education, past job performance, and past work reliability. The selection decision will be based upon the qualifications of the applicant.-. Length of service or prior employment with the Township will not be a determining factor in the selection process unless all factors are equal.

3.5 **Conflict Of Interest.**

Employees are prohibited from owning any interest in, or accepting compensation in any form from any of our citizens or suppliers or working for any of our suppliers. Likewise, employees may not solicit any gratuity, favor, or gift, either directly or indirectly, from any citizen, supplier, or vendor. All employees are required to disclose in writing to the Township Superintendent any conflict of interest, proprietary, or financial interest they may have in any relationship or organization with which the Township does business so that a determination can be made as to whether a conflict of interest exists. Failure to make such a disclosure may result in disciplinary action, up to and including discharge.

3.6 **Layoff and Recall.**

In the event the Township Board decides to reduce staffing levels at the Township, employees will be laid off according to Township needs and the qualifications of employees. Recalls will be implemented with regard to qualification and the needs of the Township.

4.0 HOURS OF WORK

4.1 Standard Work Day.

The normal work week for full-time employees shall be forty (40) hours per week as scheduled by the employee's supervisor. The normal forty hour work week schedule of certain employees may be varied from time to time by the Township in accordance with the type of services performed and the needs of the Township.

4.2 Lunch and Rest Breaks.

(a) Full-time employees are allowed two (2) fifteen (15) minute paid breaks each day, one in the morning and one in the afternoon. Part-time employees are allowed one (1) fifteen (15) minute paid break for every four (4) consecutive hours worked during a work day. Break time is not compensable time off, cannot be accumulated and is not to be forgone in lieu of leaving early.

(b) Employees are allowed an unpaid lunch break. The length of the lunch break is determined by the employee's supervisor. Employees are prohibited from working during their lunch break.

(c) Breaks and lunch periods will be scheduled by the employee's supervisor.

(d) All breaks and lunch periods are at the discretion of the employee's supervisor and may be canceled or modified at any time.

(e) Nursing mothers may take reasonable breaks to express breast milk for up to one year after their child's birth. These breaks may be taken in the designated area or in a location (not a bathroom) mutually agreeable to the employee's supervisor and the employee.

4.3 Absences.

(a) Employees are expected to be conscientious about reporting for work on time and when using sick leave. An employee is considered to be absent if he/she is not present for work during the prescribed work hours. An absence may be excused or unexcused. If the Personnel Officer determines that the employee's absence is due to FMLA use, illness, injury, or some other reasonable cause, the employee's absence will be considered excused and charged to an appropriate leave, if available.

(b) If the Personnel Officer determines that the employee's absence is unexcused, the employee will not be paid for the time not worked. Unauthorized and unexcused absences may subject an employee to disciplinary action up to and including discharge. If an employee is absent without notifying the Personnel Officer within 15 minutes of the start of their shift the following actions may result:

First Offense

Written Reprimand

Second Offense

Suspension of five days without pay.

Third Offense

Discharge

(c) An unexcused absence for three consecutive days will result in automatic resignation with loss of benefits, unless due to extenuating circumstances beyond the control of the employee acceptable to the Township.

(d) Excessive absenteeism or tardiness will not be tolerated and may subject an employee to disciplinary action up to, and including, termination.

4.4 **Recording of Hours.**

Both the Personnel Officer and the employee are responsible for assuring that an employee's work hours are properly recorded. Falsification of time records is grounds for discipline up to and including discharge.

4.5 **Severe Weather.**

(a) If severe weather necessitates the closing of the Township Hall, full-time salaried employees who were scheduled to work that day will be paid for the time not worked. Hourly employees and non-exempt employees will not be paid for time not worked unless approved by the Superintendent. The employee may, with the approval of the Personnel Director or his/her designee, charge the time to vacation or other appropriate leave.

(b) If the Township Hall remains open and severe weather prevents an employee from getting to his/her work station, the employee will not be paid for time not worked. The employee may, with the approval of the Personnel Director or his/her designee, charge the time to vacation or other appropriate leave.

4.6 **Overtime and Compensatory Time.**

(a) On occasion, overtime is necessary to complete a job or satisfy a citizen's needs. The success of the Township depends on providing high quality and timely service to citizens. Therefore, you are expected to work overtime when required. Your supervisor will attempt to give you as much advance notice as possible before overtime is scheduled and will attempt to distribute overtime work as equitably as possible.

(b) Overtime compensation or compensatory time off ("comp time") will be given to all nonexempt employees who work in excess of forty (40) hours during the normal work week. Salaried or exempt employees are not eligible for and do not receive compensatory time. Overtime benefits will not be compounded for both holiday pay and hours over forty (40) in a week. Employees who qualify as administrative, executive or professional employees within the meaning of the state and federal wage and hour laws, if exempt from overtime pay, will not be subject to this policy. This overtime compensation shall be at one-and-one-half (1-1/2) times the employee's regular hourly rate in the case of overtime pay and one-and-one-half (1-1/2) times the number of hours actually worked in excess of forty (40) hours per week in the case of comp time.

(c) If possible, comp time should be taken in the same pay period as when it is earned. Comp time can be used only with the prior approval of the employee's supervisor or as allowed in this Manual and may be taken in one-half hour increments. Hours paid that are not actually worked, for example, holidays, vacations, sick leave, etc., do not count as hours worked for overtime purposes.

It is Township policy to avoid overtime whenever possible, therefore, hours in excess of one's regularly scheduled work day may not be worked without the prior approval of the employee's supervisor.

(d) Comp time off shall be arranged in advance by the employee with the approval of their supervisor. A request for use of compensatory time may be denied, or cancelled if it would unduly disrupt the Township's operations. Compensatory time off may be accumulated to a maximum of 40 hours. Employees may request payment of accrued but unused compensatory time during the year and it will be paid as part of their regular paycheck. All accrued but unused compensatory time as of December 31 of each year will be paid to the employee at the rate of pay in effect as of that date. Employees whose employment with the Township is terminated shall receive pay for accrued but unused compensatory time as required by law.

4.7 **Call-Out.**

A non-exempt employee, other than in the DPW, who is called to work outside his/her scheduled working hours shall be paid a minimum of one (1) hour at the applicable rate. Crossing guards shall be paid a minimum of one (1) unit in accordance with the schedule. This minimum guarantee shall not apply to hours of work which immediately precede or follow the employee's scheduled work hours.

5.0 CLASSIFICATION AND COMPENSATION

5.1 Job Descriptions.

(a) Job descriptions are written and maintained by the Personnel Officer. Each job description contains a descriptive title, summary of the responsibilities, a list of typical duties, essential job functions, and required minimum qualifications.

(b) Job descriptions may be reviewed annually by the Personnel Officer. In preparing job descriptions, several factors will be considered:

- (1) Input from supervisors;
- (2) Input from employees;
- (3) Consistency with other Township job descriptions; and
- (4) Legal requirements.

(c) If an employee feels his/her duties have changed during the year he/she may request in writing that his/her job be reviewed to determine if a change is necessary. Changes will be approved in the job description only if an employee's duties have changed significantly.

(d) Upon request, employees will be given a copy of their own job description. Candidates interviewed for job openings will also be given a copy of the job description. Duties listed in the job descriptions are meant as a general guide and are not all inclusive. An employee may be asked to perform tasks not specifically listed in the job description.

5.2 Payroll Procedures.

(a) Pay periods are established by department and the Township Superintendent.

(b) Time reports must be turned in no later than Monday at 10:00 a.m. after the pay period or earlier if department needs require. If the time card is not in by Monday at 10:00 a.m., time will be entered into the next pay period and cause a two week delay in pay.

(c) Payroll deductions are made as required by federal and state law or by court order. Other deductions may be made for reasonable purposes if approved by the Township Board and with written approval and voluntary consent of the employee.

(d) As of May 1, 2011, the method of payment of wages to employees, appointees and elected officials shall be electronic in the form of a direct deposit or electronic transfer to the person's account at a financial institution or by the issuance of a payroll debit card. The implementation shall be in compliance with State law.

5.3 Payroll Related Problems.

It is the policy of the Township to comply with all state and federal wage and hour laws, including the Fair Labor Standards Act. Therefore, the Township prohibits the making of improper

deductions from an employee's salary. Should an employee have any problem with the payroll procedure or the computation of his/her paycheck, the employee should promptly inform the Personnel Officer. The Personnel Officer will inform the employee of the correct procedure to follow and the Township will investigate all complaints involving improper deductions and errors. If it is determined that an improper deduction has occurred, the error will be reimbursed promptly for any improper deduction

5.4 **Wage Advances.**

The Township will not advance money to employees against wages unearned or currently being earned by them.

5.5 **Garnishment of Wages.**

Georgetown Township will comply with any lawful court order to deduct a certain portion of wage from an employee's paycheck. We cannot ignore, disregard, change, and/or modify any type of order. It is your responsibility to ensure the accuracy of the garnishment.

5.6 **Social Security Number Privacy Policy.**

(a) It is the policy of the Township to protect the confidentiality of Social Security numbers obtained in the ordinary course of Township business from employees, vendors, contractors, customers or others. No person shall knowingly obtain, store, transfer, use, disclose, or dispose of a Social Security number that the Township obtains or possesses except in accordance with the law and this privacy policy.

(b) Obtaining Social Security Numbers. Social Security numbers should be collected only where required by federal and state law or as otherwise permitted by federal and state law for legitimate reasons consistent with this Privacy Policy. Legitimate reasons for collecting a Social Security number include, but are not limited to:

(1) Applicants may be required to provide a Social Security number for purposes of a pre-employment background check.

(2) Copies of Social Security cards may be obtained for purposes of verifying employee eligibility for employment.

(3) Social Security numbers may be obtained from employees for tax reporting purposes, for new hire reporting or for purposes of enrollment in any Township employee benefit plans.

(4) Social Security numbers may be obtained from creditors or vendors for tax reporting purposes.

(c) Public Display. All or more than four sequential digits of a Social Security number shall not be placed on identification cards, badges, time cards, employee rosters, bulletin boards, permits, licenses or any other materials or documents designed for public display. Documents,

materials or computer screens that display all or more than four sequential digits of a Social Security number shall be kept out of public view at all times.

(d) Account Numbers. All or more than four sequential digits of a Social Security number shall not be used as a primary account number for an individual.

(e) Computer Transmission. All or more than four sequential digits of a Social Security number shall not be used or transmitted on the Internet or on a computer system or network unless the connection is secure or the transmission is encrypted.

(f) Mailed Documents. Township documents containing all or more than four sequential digits of a Social Security number shall only be sent in cases where state or federal law, rule, regulation, or court order or rule authorizes, permits or requires that a Social Security number appear in the document. Documents containing all or more than four sequential digits of a Social Security number, that are sent through the mail, shall not reveal the number through the envelope window or otherwise be visible from outside the envelope or package.

(g) Freedom of Information Act. Where all or more than four sequential digits of a Social Security number are contained within a document subject to release under the Freedom of Information Act, the Social Security number shall be redacted or otherwise rendered unreadable before the document or copy of a document is disclosed.

(h) Storage. All documents containing Social Security numbers shall be stored in a physically secure manner. Social Security numbers shall not be stored on computers or other electronic devices that are not secured against unauthorized access.

(i) Access to Social Security Numbers. Only personnel who have legitimate business reasons to know will have access to records containing Social Security numbers. Supervisors having access to records containing Social Security numbers shall determine which other personnel within their departments have a legitimate reason in the Township's ordinary course of business to have access to such Social Security numbers. Personnel using records containing Social Security numbers must take appropriate steps to secure such records when not in immediate use.

(j) Disposal. Documents containing Social Security numbers will be retained in accordance with the requirements of state and federal laws. At such time as documents containing Social Security numbers may be disposed of, such disposal shall be accomplished in a manner that protects the confidentiality of the Social Security numbers, such as shredding.

(k) Unauthorized Use or Disclosure of Social Security Numbers. The Township shall take reasonable measures to enforce this Privacy Policy and to correct and prevent the reoccurrence of any known violations. Any employee, who knowingly obtains, uses or discloses Social Security numbers for unlawful purposes or contrary to the requirements of this Privacy Policy shall be subject to discipline up to and including discharge. Additionally, certain violations of the law carry criminal and/or civil sanctions. The Township will cooperate with appropriate law enforcement or administrative agencies in the apprehension and prosecution of any person who knowingly obtains, uses or discloses Social Security numbers through the Township for unlawful purposes.

An employee's dress code will be dictated by the employee's position and department. Employees should direct questions regarding dress code to their supervisor or the Personnel Officer. 6.6 Michigan Right to Know Law and Occupational Safety and Administration Standard.

(a) Pursuant to the Michigan Right to Know Law and the Federal Occupational Safety and Administration Standard, Georgetown Township has adopted a hazard communication program which is available in the Township office for review by any interested employee. It is the intent of

Georgetown Township to rely on the material safety data sheets (MSDS) provided by the various manufacturers for each of their chemicals since we lack the in-house resources and experience to conduct an adequate hazard evaluation. All MSDS's for manufactured chemicals will be updated annually.

(b) With regard to employee owned chemicals, Georgetown Township has adopted a strict policy covering employee owned chemicals. Any employee who wishes to bring nonexempt chemicals into the workplace must first complete a written request form which lists the name of the chemical, the manufacturer, the manufacturer's address, and the reason for the request. All completed request forms will be transmitted by the employee's supervisor to the person designated for maintaining the material safety data sheets for Georgetown Township as set forth in their hazard communication program. The reviewing authority will attempt to secure the material safety data sheets (MSDS) from the appropriate manufacturer. If it is subsequently determined that the chemical the employee wishes to bring into the workplace poses no new or excessive risk, permission will be granted allowing the chemical to be brought into the workplace.

6.7 **Workplace Violence.**

(a) The Township is committed to maintaining a safe work environment for its employees. In furtherance of this policy, all employees are required to be sensitive to situations which could result in workplace violence and to take all necessary steps to avoid, and refrain from, situations which could lead to workplace violence. Threats, intimidation, harassment, physical attacks, stalking, aggressive behavior, and other acts of violence, whether verbal or non-verbal, toward any employee, citizen, visitor, vendor, or supplier are considered inappropriate and unacceptable behavior in the workplace. The Township will take appropriate action when these situations occur. Any employee who is found to perpetrate or participate in such actions will be subject to disciplinary action up to and including termination.

(b) The Township encourages employees to bring disputes and concerns with other employees to the attention of their supervisors or the Personnel Officer before the situation escalates into workplace violence. The Township will assist in the resolution of the employee dispute and will not discipline employees for raising such concerns unless a policy violation is established.

(c) Any employee who has knowledge of any actions which they believe could lead to an episode of workplace violence should immediately report the situation to their supervisor or any member of management. In addition, any employee who has knowledge of any person, including nonemployees, who threatens to commit violence on Township premises should notify their supervisor or any member of management.

7.6 **Outside Employment.**

(1) Such employment does not constitute a conflict of interest with the employee's duties at the Township.

(2) Such employment does not interfere with the employee's job with the Township.

(3) Such employment does not by reason of association, have any negative effect on the Township.

(4) Such employment is not during the employee's regular working hours, or does not interfere with any standby requirements.

(b) Employees are encouraged to discuss any possible outside employment with the Personnel Officer.

(c) If the Township determines that an employee's outside employment interferes with or conflicts with the employee's Township position, the employee may be asked to terminate his employment with the Township or his or her outside employment.

7.7 **Computer System Usage.**

(a) The Township's computer systems (including all hardware and software) are the exclusive property of the Township and are provided for creating and transmitting Township-related information. The Township treats all computer files, including electronic mail (e-mail) sent or received, as information belonging to the Township. In that regard, the Township has the capability and reserves the right, with or without notice, to access, monitor, review, copy and/or delete any computer files, including e-mail sent or received, and all web site communications and/or transactions.

(b) Employees should not expect personal files or e-mails to be protected from review by other employees. In addition, security passwords do not imply confidentiality and all passwords for Township accounts and Township e-mail must be disclosed to the Township. As a result, employees should not use the Township computer systems to create or transmit any information they wish to keep private.

(c) Employees must exercise extreme caution when creating or transmitting Township information and this information should not be transmitted to individuals who are not authorized to receive it. Only authorized Township representatives are permitted to speak on behalf of the Township via the computer system. If discussing your personnel opinions regarding the Township, be open and clear that you are an employee with the Township and that your views are your own and not representative of the Township's. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of the Township."

(d) Unless specifically authorized, employees should refrain from engaging in dialogue about confidential, proprietary, or non-public information involving the Township or any employee, citizen, or contact. Confidential information includes, but is not limited to, internal reports, policies, procedures, tax accounts, anticipated changes in staff or management, financial information related to a Township business venture, product, or process and information related to the affairs of a Township citizen. Employees are prohibited from sharing internal reports, policies, procedures, strategies, or other internal Township-related confidential communications. Any employee that receives such requests for information should direct the inquiry to a supervisor. The Township computer systems should not be used to solicit or promote commercial ventures, religious or political causes, or outside organizations.

(e) **E-mail:** When transmitting messages via e-mail, employees should consider that email messages can be read by persons other than the addressee and that the message may be later disclosed to outside parties or a court in connection with litigation. Because of these concerns, employees are required to maintain the highest standards of courtesy and professionalism when transmitting e-mail. The e-mail system is not to be used to create any harassing or offensive messages. Offensive messages include any messages that contain threats of violence, pornographic material, sexual implications, racial slurs, gender-specific comments, or other comments that offensively address or create a hostile or intimidating work environment on the basis of race, age, sexual orientation, religious or political beliefs, national origin, height, weight, marital status, disability or any other protected characteristic.

(f) **Internet:** Some employees may have access to the Internet for Township-related purposes. The Township has the capability to review web site access. Employees should not have any expectation of privacy regarding web sites accessed through the computer system. Computer systems may “leave tracks” at web sites visited. Because of the nature of our business, any incidental use of the Internet for personal use must be conducted with the highest levels of professionalism.

(g) **Software:** The Township prohibits the unauthorized use of Township software. The Township expects its employees to conduct themselves responsibly in this regard. Employees should refrain from making or using unauthorized copies of software programs.

(h) **Procedure for Reporting Abuse of Computer Privileges or Violation of this Policy:** Use of the computer system to engage in any communications that are in violation of any Township policy, including but not limited to the acquisition, possession or transmission of defamatory, obscene, or harassing material, is strictly prohibited. If you are harassed or discriminated against through the use of the Township computer system, you must immediately report this to your supervisor, the Personnel Officer or the Township Supervisor. Any employee who violates this policy may be subject to disciplinary action, up to and including termination.

7.8 **Substance Abuse Policy.**

(a) For purposes of this policy, the term “illegal drug” means: (1) controlled substances which cannot be legally obtained; (2) prescribed drugs whose prescription is not valid; (3) prescribed drugs used contrary to the prescription; and (4) marijuana, medically authorized or otherwise.

(b) The Township believes that the abuse of alcohol and use of illegal drugs are harmful to the employee, workplace and society. The unlawful manufacture, distribution, dispensation, possession, use or sale of illegal drugs or alcohol on Township premises or while conducting Township business is prohibited. Also, being under the influence of illegal drugs or alcohol on

Township premises or while conducting Township business is also prohibited since this unnecessarily endangers the health and safety of not only yourself, but your fellow employees. Violation of this policy will subject the offending employee to disciplinary action up to and including discharge.

(c) Because of the seriousness of this problem, all applicants for employment may be required to undergo drug and alcohol testing at the discretion of the Township.

(d) Active employees may be required to undergo this testing upon reasonable suspicion of a violation of this policy or after an on the job accident or injury. "Reasonable suspicion" is defined as a belief based on objective facts sufficient to lead a prudent person to suspect that an employee is under the influence of a controlled substance and/or of an alcoholic beverage such that the employee's ability to perform the functions of the job or to perform the job safely is impaired. Observations that an employee may not be fit to work based on a reasonable suspicion of drug/alcohol use may include, but are not limited to: fighting, assaultive or threatening behavior; slurred speech; bleary, glazed, or unfocused eyes; excessively dilated pupils; inability to follow simple directions or perform routine, previously accomplished tasks; the odor of an alcoholic beverage; erratic behavior; injury; accidents; violent mood swings; a medical emergency which can be attributed to substance or alcohol abuse; a leave of absence; and physical on-the-job evidence of substance or alcohol abuse. It is in the Township's discretion to determine what constitutes a reasonable suspicion. This testing will be performed by a reputable hospital or independent laboratory using qualified and trained medical technicians or professionals. This facility will be chosen by the Township, and the employee will be transported to and from the testing center. Should the test prove negative, the employee will be returned to work without discipline or loss of pay. Positive testing of drug or alcohol use or abuse, refusal to submit to this testing, or a diluted or adulterated test will be grounds for discipline up to and including discharge.

(e) An employee's use of legal or prescription drugs can pose a significant risk to the safety of the employee and others. In order to determine job-related consequences, all employees are required to notify the Personnel Officer, bring in any necessary doctor's authorization, and receive authorization to work while using any legal or prescription drugs that could impact the employee's safety or job performance. The Township reserves the right to require additional documentation at any time. This policy encompasses and includes by this reference all of the provisions of the United States Department of Transportation Controlled Substance Testing Regulations as they apply to drivers and supervisory personnel. These regulations mandate the random testing of truck drivers and the training of these drivers and their supervisors in the issues of substance abuse.

(f) Also, pursuant to the *Drug Free Workplace Act of 1988*, you must notify the Township of any criminal drug statute conviction for a violation occurring in the workplace. This notification must be given within five (5) days after such conviction.

(g) The Township has established an Employee Assistance Program (EAP) to inform you about the dangers of drug abuse in the workplace and to help you understand the Township's policy of maintaining a drug-free workplace. Contact the Personnel office for more information.

(h) All employees must abide by the terms of this Substance Abuse Policy if they are to remain employees of the Township. **FOR EVERYONE'S HEALTH AND SAFETY, PLEASE HELP US MAINTAIN A DRUG AND ALCOHOL-FREE WORK ENVIRONMENT.**

Employees making personal photocopies will reimburse the Township according to the fee schedule in effect.

7.10 **Personal Use of Township Equipment. (rescinded with motion #210308-07)**

~~(a) — With the exception of DPW employees, the use of Township vehicles is provided for business purposes only and personal use is strictly prohibited. Non-employee passengers shall not be transported in the Township vehicle without the prior written authorization of the Township Superintendent. Violation of this policy may result in immediate discharge.~~

~~(b) — Subject to the Township's approval, DPW employees may elect to use a Township vehicle for the purpose of reporting to work from their residence. The employee shall reimburse the Township through payroll deduction at the established mileage rate for such personal use of the vehicle. The employee will not be compensated for his or her time traveling to and from home to work.~~

7.11 **Work Related Seminars/Conferences.**

(a) Georgetown Township may pay the cost of conferences which are necessary in order to maintain certification provided that they are approved by the immediate supervisor and the Personnel Officer. Additionally, employees may attend up to one conference per year, related to work, subject to the approval of the immediate supervisor and the Personnel Officer. Failure to receive the approval shall result in the employee being responsible for the expense.

7.12 **Family Medical Leave Act.**

(a) Basic Leave Entitlement: FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- for incapacity due to pregnancy, prenatal medical care or child birth;
- to care for the employee's child after birth, or placement for adoption or foster care;
- to care for the employee's spouse, son, daughter or parent, who has a serious health condition; or
- for a serious health condition that makes the employee unable to perform the employee's job.

(b) Military Family Leave Entitlements: Eligible employees whose spouse, son, daughter or parent is on covered active duty or call to covered active duty status may use their 12-week leave entitlement to address certain qualifying exigencies.

- a. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.
- b. FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period.

- i. A covered servicemember is: (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness*; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.*¹

(c) Eligibility Requirements: Employees are eligible if they have worked for a covered employer for at least 12 months, have 1,250 hours of service in the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

(d) Benefits and Protections: During FMLA leave, the Township will maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work.

(e) Substitution of Paid Leave for Unpaid Leave: Employees must use accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the Township's normal paid leave policies.

(f) Employee Responsibilities: Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days' notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures. Employees must provide sufficient information for the Township to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the Township if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

¹ * The FMLA definitions of "serious injury or illness" for current servicemembers and veterans are distinct from the FMLA definition of "serious health condition". A "serious health condition" is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

(g) Enforcement: FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

Employees should direct questions regarding FMLA to the Personnel Officer.

7.13 MILITARY LEAVE

The Township will comply with all state and federal laws and regulation for employees needing a leave of absence for military service. Contact the Personnel Officer for further information.

8.0 DISCIPLINARY ACTIONS

8.1 Purpose.

(a) As in any organization, rules governing the conduct of all employees are as necessary as regulations governing the conduct of people who live in our community. We try to keep our rules to a minimum, but there are some which are necessary for the Township to run smoothly and for the protection of all employees. Persons who tend to “play by their own rules” usually end up trespassing on the rights of other people and are not productive members of our team. We will make an effort to help such employees correct their conduct, but the primary responsibility for abiding by the rules rests with you.

(b) Any employee who violates any of the Township’s rules or general standards of good employee conduct shall be subject to disciplinary action up to and including discharge. While employment at the Township is at will, in some cases the disciplinary action may result in either verbal or written warnings, suspension or discharge. 11.0 TERMINATION

11.1 Resignation.

An employee who resigns from Township employment should give at least two weeks written notice to the Personnel Officer. Failure to do so may forfeit an employee's entitlement to payment of unused vacation days. At the Township's sole discretion, the Township may choose not to require the employee to work the remainder of the resignation period. The Personnel Officer will notify the Township Board of any full time vacancies. The notice of resignation will be included in the employee's personnel file. Prior to an employee's resignation, a resigning employee must turn in all Township property, including ID cards, keys, tools, cell phones, or other Township equipment or devices.

11.2 Discharge.

Employment with the Township is at-will. An employee to be terminated will be given a written notice by the Personnel Officer with termination effective immediately. The Personnel Officer will notify the Township Board. At the time of termination, a terminating employee must turn in all Township property, including ID cards, keys, tools, cell phones, or other equipment or devices.

11.3 Pension.

The Township provides a pension program for all full time employees, Supervisor, Clerk, Treasurer and Trustees. Eligibility requirements and details of benefits are contained in the plan documents. Eligible employees will be provided a Summary Plan Description. Employees should contact the Personnel Officer with any questions regarding the pension program.

11.4 Final Compensation.

(a) Final paychecks for employees who have resigned or retired will contain wages and compensation for unused vacation days accrued to the effective date of termination.

(b) If discharged, the employee will be paid for wages accrued to the date of termination, however, unused vacation days will be forfeited. Employees who have resigned will receive their final paycheck as soon as the amount can be determined. The final paycheck for retired employees will either be mailed to the address given at the exit interview or picked up at the Township Hall, at the employee's option.

11.5 Exit Interview.

(a) In order to document the reasons for turnover with the Township, the Personnel Officer may elect to meet with the terminating employee for an exit interview. During this interview, the employee will be given the opportunity to explain the reason(s) for leaving. Any items belonging to the Township will be turned in at this time. A "Notice of Termination of Employment" form will be completed and filed in the employee's personnel file. If an employee does not wish to give a reason for leaving, the fact will be noted on the form.

(b) If the employee is not available for an exit interview, the "Notice of Termination of Employment" must still be completed noting the employee was unavailable for the interview.

12.0 ACKNOWLEDGEMENT

ACKNOWLEDGMENT (Employee Copy)

This is to acknowledge that I have received a copy of the Personnel Policies and Procedures Manual and understand that it sets forth the terms and conditions of my employment as well as the rights, duties, and obligations of my employment with the Township. Nothing in this Manual is intended to create or constitute an employment agreement with you.

The employee agrees to conform to the rules, policies and procedures of the Township. Notwithstanding any other provision in this Manual, the employee has the right to terminate this employment relationship at any time for any reason with or without notice. Of course, the Township reserves this same right. It is understood that no supervisor or other representative of the Township, other than the Township Board, has any authority to enter into any agreement for employment with you or to make any agreement with you contrary to the provisions set out in this Manual. Any such agreement must be in writing and be signed by the Township Board before it will be deemed effective.

All decisions by the Township as to intent, interpretation or application of these policies shall be binding upon the employee. The Township will apply all policies in accordance with appropriate federal and state laws.

The Township reserves the right to change the policies in this Manual at any time. This Manual supersedes all prior handbooks, manuals, agreements and policies whether orally established or set out in writing and the most recent change shall be binding on you.

The employee consents to the publication of his/her photograph in any Township publication and hereby releases the Township and its agents from any and all liability for the use of this picture or news story.

I agree not to commence any action or lawsuit relating to my employment, including but not limited to claims arising under state or federal civil rights statutes, against the Township or its employees, agents, or representatives more than one hundred eighty (180) days after the occurrence of the facts giving rise to the claim or more than one hundred eighty days (180) days after the date of the employee's termination of employment, whichever is earlier. I agree to waive any longer statute of limitations to the contrary. In the event that the statute of limitations applicable to any claim is less than one hundred eighty (180) days, I agree that the shorter statute of limitations will apply. I agree that any action or lawsuit filed outside this limitations period is barred and waives any limitation period to the contrary. I understand that this limitations period (or applicable shorter period) will not be extended for any reason. This provision does not prohibit the timely filing of a charge with a federal administrative agency, but unless filed within 180 days (or in less time if any applicable law requires), I waive my right to recover money damages or other relief as permitted by law.

Only the Township Supervisor has the authority to alter the time period for claims. To be effective, such agreement must be in writing, signed by the employee and the Township Supervisor, and must specifically state that the time period for claims is altered.

I agree to inform, in writing, the Township within 182 days, from the date I knew or should have known that an accommodation was needed. I agree that if I fail to do so, my legal rights under Michigan law may be affected.

The undersigned employee acknowledges that he/she has received the Township Manual and has agreed to abide by its terms and conditions. It is the employee's responsibility to read this Manual and to ask questions about anything that he/she does not understand.
